Scripture In The Tradition:

Scripture, Tradition and Reason Richard Bauckham, Benjamin Drewery, 2004-10-28 Essays on scripture tradition and reason at the heart of every major issue confronting the life and thought of all the Christian Churches today in honour of R P C Hanson

Tradition, Scripture, and Interpretation D. H. Williams, 2006-11 This sourcebook gathers key writings from the first through sixth centuries arranged thematically and within each theme chronologically revealing how the Christian tradition on a given topic developed over time

The Meaning of Tradition Yves Congar, 2016-12-13 Some Christians claim to reject Tradition in preference to a supposedly Bible only Christianity Catholics on the other hand venerate Tradition yet often without adequately understanding it In this masterful book the great theologian Yves Congar explains why Tradition is an inescapable aspect of a fully biblical Christian faith He explores the various forms of Tradition and discusses the relationship between Scripture and Tradition as well as the role of the Magisterium of the Church The Meaning of Tradition clears up misconceptions held by many Evangelical Christians and even some Catholics on this important subject Congar's study of Tradition greatly contributed to the teaching of Vatican II and to a deeper appreciation of the Church Fathers

Scripture and Tradition Edith M. Humphrey, 2013-04-15 In some of the church's history Scripture has been pitted against tradition and vice versa Prominent New Testament scholar Edith Humphrey who understands the issue from both Protestant and Catholic Orthodox perspectives revisits this perennial point of tension She demonstrates that the Bible itself reveals the importance of tradition exploring how the Gospels Acts and the Epistles show Jesus and the apostles claiming the authority of tradition as God's Word both written and spoken Arguing that Scripture and tradition are not in opposition but are necessarily and inextricably intertwined Humphrey defends tradition as God's gift to the church She also works to dismantle rigid views of sola scriptura while holding a high view of Scripture's authority

The Tradition of Scripture William Francis Barry, 1918

Scripture, Tradition, and Infallibility Dewey M. Beegle, 1973 The basic contention of this forthright and challenging study is that inerrancy and infallibility apply only to God and to his Son Jesus Christ Inasmuch as scripture has been given transmitted and interpreted through human channels it is bound to bear the marks of that humanity Nevertheless God is not restricted by this self imposed limitation Scripture is sufficiently accurate and trustworthy to accomplish his purpose because the Holy Spirit drives home God's message with authority The claims of biblical inerrancy or infallibility Beegle believes stem from insecurity But scripture understood properly does not make such claims for itself and most certainly a dynamic church characterized by confident preaching of the gospel has no need to go beyond the Bible to lend it such feeble defenses

Cover Welcome to the Bible Vicki K. Black, Peter Wenner, 2007-04 New Episcopalians may be nervous about opening the Bible others simply don't know how to begin An often overlooked gift of the Episcopal Church is that the texts and doctrines of the Bible are embedded in its prayers liturgies and creeds Making that knowledge explicit and placing it in context can open the way for further and more in depth study

What is it that the Scripture Says? Philip McCosker,2006-01-01 A volume of essays that celebrate and pay tribute to the enormous contribution to scriptural studies that Henry Wansbrough has made over the last 50 years

Worship Is the Road to Revival Robert E. Webber,2024-11-19 Are we too comfortable with traditional forms of worship Are these forms truly historical or are they man made distortions of God s prescribed ecclesial order Do our accepted methods work against the functioning of the local church in its mission to evangelize and disciple rather than enhance it Join Dr Robert E Webber in this compilation of previously published articles and uncollected addresses as he discusses with characteristic humor and candor the diverse aspects of ancient and contemporary worship practices from the church in its infancy to the advent of the contemporary megachurch movement As in his many books including *Worship is a Verb* and *Worship Old New* Webber explores the attitudes and liturgies through which we approach a loving God Webber might infuriate or delight or both but he always stimulates
