Peterson,Natashe Lemos Dekker,Philip R. Olson,2024-01-09 Death studies typically focus on the death of humans overlooking the wider factors involved in social and natural processes around death This edited volume provides an alternative focus for death studies by looking beyond human death to reveal the complex interconnections among human and more than human creatures entities and environments Bringing together a diverse range of international scholars the book sheds light on topics which have previously remained at the margins of contemporary death studies and death care cultures Organised around three themes Knowledge and Mediation Care and Remembrance and Agency and Power this book pushes the boundaries of death studies to explore death and dying from beyond the perspective of a nature/culture binary **The Embattled Lyric** Nathaniel Tarn,2007 This book has two main subjects which are interwoven the attitudes of selected poets including Neruda Rilke Breton Celan and Artaud to the primitive and the archaic studied from an anthropologist's viewpoint and a model of the processes whereby poetry is produced and received built on the author's successful careers as both poet and anthropologist The book includes detailed biographical information about how Tarn went from being a French to an English to an American poet It also reveals the effect of a double career and of these moves on a unique body of poetry and theoretical work An extremely substantial interview serving also as an introduction to and discussion of the essays demonstrates that there is nothing like this work to be found elsewhere *The Theological and Literary Journal* ,1856 *The Holy Bible: Psalms, Proverbs, Ecclesiastes, and the Song of Solomon* ,1817 **Poetics of the Elements in the Human Condition: Part I - The Sea** Anna-Teresa
