The Sea Shore William S. Furneaux, 2016-07-04 What are the attractions which so often entice us to the sea shore which give such charm to a ramble along the cliffs or the beach and which will so frequently constrain the most active wanderer to rest and admire the scene before him The chief of these attractions is undoubtedly the incessant motion of the water and the constant change of scene presented to his view As we ramble along a beaten track at the edge of the cliff new and varied features of the coast are constantly opening up before us Each little headland passed reveals a sheltered picturesque cove or a gentle bay with its line of yellow sands backed by the cliffs and washed by the foaming waves while now and again our path slopes down to a peaceful valley with its cluster of pretty cottages and the rippling stream winding its way towards the sea On the one hand is the blue sea full of life and motion as far as the eye can reach and on the other the cultivated fields or the
