Turner,1999 When the first Iron Horse arrived in Southwest Florida at Charlotte Harbor in 1886 nearly 150 000 miles of railroads already existed in America the transcontinental route was open and Pullman sleeping cars were in wide use But despite a late start railroads forever transformed this beautiful region of the Sunshine State and connected its people to the outside world In Railroads of Southwest Florida the golden age of railroading is documented with captivating images of stations machines and the people whose lives were affected by this significant form of transportation From interior views of well furnished passenger cars to scenes of hardworking men who made it all possible this collection provides a thorough look at a fascinating almost forgotten heritage Finance Docket No. 25326 United States.
