The Sons of Grady Rourke Douglas Savage, 2013-11-07 THE DEAD MAN'S JOURNEY Jornada del Muerte the locals called it the blistering ocean of sand and sage between the Rio Grande River to the west and the Sacramento mountain range to the east The bones of men and horses

had bleached in the mile high desert for three hundred years Spanish conquistadors were the first white men to explore this new furnace of the Southeastern New Mexico Territory and the first to perish In the thin air the riders coming down the mountain were sharply etched against the blue sky Steam blowing out of the ice encrusted nostrils of their mounts and their two pack horses surrounded the horsemen in a white veil Descending the eastern face of the Sacramento mountains the horses walked slowly and painfully on cracked hooves The icy earth offered only a steep path paved with shards of glass blood seeped around well worn iron horseshoes When the riders looked to the sky they saw that the white sun would stay high enough for them to make Fort Stanton ten miles into the valley The riders knew the trail since boyhood Words were not wasted in country where a man s mouth would crack and bleed like his horse s hooves Beyond the fort lay the clapboard settlement of Lincoln When Grady Rourke died his sons Sean Patrick and Liam came back to claim the family land What was left of it It was January 1878 when the Rourke brothers came back to this hard and dangerous land They thought they were coming home What they didn t know was that they were about to become part of a vicious struggle for power And that they would be forced to choose sides with either John Tunstall and Alexander McSween or J J Dolan and Sheriff William Brady The battle would quickly become the infamous Lincoln County War a dirty little war with no rules no heroes and no happy endings Douglas Savage the acclaimed author of Cedar City Rendezvous and Highpockets has taken the historical facts surrounding the Lincoln County War and its fascinating characters and fashioned one of the most readable and revealing tales of the American frontier

The Wilderness Way Anne Madden, 2023-12-07. Inspired by the true events of the most notorious evictions in Irish history. **Raising Parents** Patricia M. Crittenden, 2013-04-03. This book provides a systematic account of parental behaviour and the means of identifying and addressing inadequate parenting. It is intended for professionals who work with children or adults who were harmed as children, and its central concern is with parents who endanger their children or whose children may endanger themselves or others. Understanding and helping troubled parents to become secure and balanced people is of crucial importance for the parents themselves, for their children, and for society at large. This book is a guide to understanding parents as people who have children, as opposed to seeing them as existing solely in terms of their ability to fulfill their children's needs. The book shares equally a respect for theory, empirical science, and social values and applications. It aims to provide a springboard for new lines of research, e.g., around the role of danger in eliciting inadequate parental behavior and the interdependency of parent and child behaviour, as well as a guide for clinicians and professionals who must protect both disturbed individuals and the public to understand their clients/patients better. Both parents and children. **Raising Parents** will be essential reading for professionals and practitioners in the field, including psychologists, psychotherapists, psychiatrists, and social workers, as well as those taking courses in attachment and psychopathology, developmental psychology, clinical psychology, and behavioural courses in psychiatry. **Irish Masculinity on Screen** Joseph Paul Moser, 2013-07-08. Examining images of gender and violence, this book analyzes selected works of three influential artists of the Irish cinema: Ford, Sheridan, and Greengrass, whose careers taken together span the period from 1939 to the present. These three explore fundamental questions about identity, patriarchy, and violence within Irish and Irish American contexts, and in the process

upset conventional notions of masculine authority Furthermore Ford s later films interestingly depart from the egalitarian ideals that distinguish his pre World War II films **Nicola Berry and the Shocking Trouble on the Planet of Shobble**
