Modern Irish Writers Alexander G. Gonzalez, 1997-08-26 While the Irish Literary Revival began around 1885 and ended somewhere between 1925 and 1940 the Irish Renaissance has continued to the present day and shows no sign of abating The period has produced some of the most important and influential figures in Irish literature some of whom are counted among the world s greatest authors The Revival saw a reestablishment of Ireland s literary connections with its Celtic heritage and writers such as William Butler Yeats and Lady Gregory drew heavily on the myths and legends of the past James Joyce boldly reshaped the novel and wrote short fiction of enduring value Contemporary Irish writers continue to be leading figures and include such authors as Brian Friel Seamus Heaney and Eavan Boland Included in this reference book are alphabetically arranged entries for more than 70 modern Irish writers including Samuel Beckett William Trevor Patrick Kavanagh Medbh McGuckian Sean O Casey J M Synge and Nuala Ni Dhomhnaill Entries are written by expert contributors and reflect a broad range of perspectives Each entry contains a brief biography that summarizes the author s career a discussion of major works and themes an overview of the author s critical reception and a bibliography of primary and secondary works An introductory essay reviews the large and

**Remembering the Revolution** Frances Flanagan,2015-06-18 Remembering the Irish Revolution chronicles the ways in which the Irish revolution was remembered in the first two decades of Irish independence While tales of heroism and martyrdom dominated popular accounts of the revolution a handful of nationalists reflected on the period in more ambivalent terms For them the freedoms won in revolution came with great costs the grievous loss of civilian lives the brutalisation of Irish society and the loss of hope for a united and prosperous independent nation To many nationalists their views on the revolution were traitorous For others they were the courageous expression of some uncomfortable truths This volume explores these struggles over revolutionary memory through the lives of four significant but under researched nationalist intellectuals Eimar O Duffy P S O Hegarty George Russell and Desmond Ryan It provides a lively account of their controversial critiques of the Irish revolution and an intimate portrait of the friends enemies institutions and influences that shaped them Based on wide ranging archival research Remembering the Irish Revolution puts the history of Irish revolutionary memory in a transnational context It shows the ways in which international debates about war human progress and the fragility of Western civilisation were crucial in shaping the understandings of the revolution in Ireland It provides a fresh context for analysis the major writers of the period such as Sean O Casey W B Yeats and Sean O Faolain as well as a new outlook on the genesis of the revisionist nationalist schism that continues to resonate in Irish society today      **The Oxford Critical and Cultural History of Modernist**

**Magazines** Peter Brooker,Andrew Thacker,2009-03-26 The first of three volumes charting the history of the Modernist Magazine in Britain North America and Europe this collection offers the first comprehensive study of the wide and varied range of little magazines which were so instrumental in introducing the new writing and ideas that came to constitute literary and artistic modernism in the UK and Ireland In thirty seven chapters covering over eighty magazines expert contributors investigate the inner dynamics and economic and intellectual conditions that governed the life of these fugitive

but vibrant publications We learn of the role of editors and sponsors the relation of the arts to contemporary philosophy and politics the effects of war and economic depression and of the survival in hard times of radical ideas and a belief in innovation The chapters are arranged according to historical themes with accompanying contextual introductions and include studies of the New Age Blast the Egoist and the Criterion New Writing New Verse and Scrutiny as well as of lesser known magazines such as the Evergreen Coterie the Bermondsey Book the Mask Welsh Review the Modern Scot and the Bell To return to the pages of these magazines returns us a world where the material constraints of costs and anxieties over censorship and declining readerships ran alongside the excitement of a new poem or manifesto This collection therefore confirms the value of magazine culture to the field of modernist studies it provides a rich and hitherto under examined resource which both brings to light the debate and dialogue out of which modernism evolved and helps us recover the vitality and potential of that earlier discussion

*A Critical Study of Sean O'Faolain's Life and Work* Marie Arndt, 2001 A critical exploration of the life and work of Sean O Faolain a somewhat neglected Irish writer placing his achievement in historical and political context Marie Arndt s theoretical framework uses primarily Foucault and Fanon Though O Faolain tried to convey a picture of himself as an internationalist he also remained emotionally attached to his Irish roots This study proposes that these fundamental points lie at the heart of his often contradictory arguments on contemporary Irish issues such as the Gaelic heritage Catholicism nationalism and the Anglo Irish and English colonial presence in Ireland
