gripping biographies of key figures including Henry Kissinger General Thieu President Nixon and Pol Pot This incredible visual record is supported by locator maps at a glance timelines archive photography and key quotations to ensure an all encompassing experience The Vietnam War is an essential historic reference to help humanity learn the lessons of suffering and sacrifice from one of the bloodiest conflicts of the 20th century Vietnam at War Phillip B. Davidson,1991 Weaving together the histories of three distinct conflicts Phillip B Davidson follows the entire course of the Vietnam War from the initial French skirmishes in 1946 to the dramatic fall of Saigon nearly thirty years later His connecting thread is North Vietnamese General Vo Nguyen Giap a remarkable figure who with no formal military training fashioned a rag tag militia into one of the world s largest and most formidable armies By focusing on Giap s role throughout the war and by making available for the first time a wealth of recently declassified North Vietnamese documents Davidson offers unprecedented insight into Hanoi s military strategies an insight surpassed only by his inside knowledge of American operations and planning Eminently qualified to write this history Davidson who served as chief intelligence officer under Generals Westmoreland and Abrams tells firsthand the story of our tragic ordeal in Indochina and brings his unique understanding to bear on topics of continuing controversy offering a chilling account for example of when and where the U S considered using nuclear weapons The most comprehensive and authoritative history of the conflict to date Vietnam at War sparkles with a rare immediacy and brings to life in compelling fashion the war that tore America apart We witness the chaos in Saigon when fireworks celebrating the Tet holiday are suddenly transformed into deadly rocket and machine gun fire We sit in on high level meetings where General Westmoreland plans operations or simply engages in some tough headknocking with subordinates And in the end we learn that even the seemingly limitless resources of the U S military could not match the revolutionary grand strategy of the North Vietnamese With its easy movement from intimate memoir to trenchant military analysis from the conference rooms of generals to the battle scarred streets of Hue this is military history at its most gripping A monumental engrossing and unforgettable chronicle Vietnam at War is indispensable for anyone hoping to understand a conflict that still rages in the American psyche **Supplemental Appropriation Bill, 1968** United States.
