Rethinking Hell Christopher M. Date, Gregory Stump, Joshua Anderson, 2014-04-15 Most evangelical Christians believe that those people who are not saved before they die will be punished in hell forever But is this what the Bible truly teaches Do Christians need to rethink their understanding of hell In the late twentieth century a growing number of evangelical theologians biblical scholars and philosophers began to reject the traditional doctrine of eternal conscious torment in hell in favor of a minority theological perspective called conditional immortality This view contends that the unsaved are resurrected to face divine judgment just as Christians have always believed but due to the fact that immortality is only given to those who are in Christ the unsaved do not exist forever in hell Instead they face the punishment of the second death an end to their conscious existence This volume brings together excerpts from a variety of well respected evangelical thinkers including John Stott John Wenham and E Earl Ellis as they

articulate the biblical theological and philosophical arguments for conditionalism These readings will give thoughtful Christians strong evidence that there are indeed compelling reasons for rethinking hell *God's Sabbath with Creation* James W. study utilizes a synchronic approach together with historical analyses in order to elucidate the message of the book of Isaiah. The author concludes that the concept of the Spirit of God retains a strong eschatological significance throughout the book.

World Mission Scott N. Callahan, Will Brooks, 2019-06-12. World missions needs a fully biblical ethos. This is the contention of the editors and contributors to *World Mission*, a series of essays aimed at reforming popular approaches to missions. In the first set of essays contributors develop a biblical theology of world missions from both the Old and New Testaments, arguing that the theology of each must stand in the foreground of missions, not recede into the background. In the second they unfold the Great Commission in sequence, detailing how it determines the biblical strategy of all mission enterprises. Finally, they treat current issues in world missions from the perspective of the sufficiency of Scripture. Altogether, this book aims to reform missions to be thoroughly, not just foundationally, biblical—a needed correction even among the sincerest missionaries.
