from their domain also influence motion and movement from the Being's physical component. This gives the Being fuller flexibility, dexterity, and movement capabilities. Most important of all, it's in the spirit domain that life itself for each Being is centered and originates. This story tells of how the spirit domain interacts with and influences through and with the other components of a Being. The spirit domain contributes a great deal to determining who we are, how we act, and why we behave the way we do. It will explain how a spirit influences a Being through its life's pathways. The spirit domain of a human being contains three spirits. Each spirit has a nature, either good or evil. The strength of the spirit's nature ranges from strong to weak. The domain's combinations of the three spirit's natures and the different strengths of each spirit nature makes every spirit and each domain uniquely different. It is the three spirits within the domain contributing as one yet contending and conflicting between the three that forms our differences, our actions, and the personalities of each Being. Most of all, however, it is the spirits that give the Being life itself. The inner spirit and domain influences are at work through many of the primary staples of our existence. Referring to a few are a Being's goodness or evil, love and all emotions and feelings, how and why we form relationships with others and those we don't. They enable us to achieve our destinies and purpose and reasons why not. They support foresight, insight, and intuition, a conscience, the forming of our personality, and reason for changing moods and disposition. Miracles, magic, and the mystical come from spirits and the domain, as do curses. There is so much more that will be addressed in the stories that follow. These stories will explain how the spirit domain works in partnership with and influences the other components of the Being. The spirits provide history, knowledge, and experience to the Being and future generations. The longevity of the current civilization is based on the aggregate condition and strength of spirit domains.
