in ancient Egypt The book begins dramatically with the traumatic recall of a past Egyptian life when Cori relives a horrifying death by suffocation from being buried alive This experience propels her on a journey of exploration into the question of human immortality leading her back to Egypt where she unravels the origins of the ancient Egyptians obsession with the resurrection of the soul Cori s discoveries reveal new perspectives on Egyptian mysteries new timelines as to the beginnings of the civilization and controversial ideas that link the earliest Egyptian cultures with even earlier civilizations such as that of Atlantis As she returns to sites of her former lives Cori begins to receive messages through which she relives the past life regression guiding her to discover secrets of the ancient Egyptians Finally she travels beyond the veil of illusions into the otherworld of possibilities that lies beyond physical existence This exciting book weaves strands of science history and metaphysics into a shimmering tapestry of personal discovery

**Omm Sety's Abydos** Dorothy Louise Eady,Omm Sety,Daniel Kolos,1982 A personal history and guide to the ritual site of Abydos on the West bank of the Nile which flourished from the Predynastic period until Christian times c 4000 BC to AD 641 The author moved to Egypt in 1933 and was involved in excavations with a number of Egyptian archaeologists

Jesus after the Crucifixion Graham Simmans,2007-02-21 Suggests that Jesus survived the crucifixion went to Egypt then settled in France Reveals new discoveries that show the beginnings of Christianity in Egypt Presents historical and archaeological research that proves a connection between Jerusalem Egypt and Rennes le Ch teau in the south of France Posits Rennes le Ch teau as the actual location of Jesus Christ s tomb and that writings by him will be found there Jesus did not die on the cross He survived and went to southern France with his wife Mary This possibility is proposed by Graham Simmans who spent many years on a quest to find the real beginnings of Christianity Simmans believes that the spread of Christianity beyond Jerusalem was tied to Jesus s survival of the crucifixion and his subsequent emigration to Europe Using Coptic and Jewish sources including the Talmud that allow a glimpse of the Christian philosophy espoused by Jesus he contends that true Christianity was brought into France Britain and Spain from first century Egypt and Judea not fourth and fifth century Rome His investigation shows that after a time in Egypt Jesus

settled in Rennes le Chateau a sophisticated and cosmopolitan center of spiritual diversity It was a natural move for Jesus to settle in the Narbonne area of France an area already heavily settled by Jewish and Gnostic groups Here safely outside the reach of the cultural dictatorship of the Roman Church the Gnostic secrets he taught survived the centuries Later the Knights Templar centered their activity in the Languedoc region around Rennes le Chateau where within the Jewish communities a well connected and influential opposition to Rome already existed This resistance to Rome gave rise to a religious culture that included elements of Gnostic Pythagorean and Kabbalistic teachings Until the Crusades against the Cathar heretics reasserted the dominion of Rome the culture that flourished around Rennes le Chateau embodied the true essence of Christ's message

*The Tutankhamen Code* Malcolm Grant Hutton,2014-11-01 When Claude Tarba showed off a family heirloom in a crowded Arabian restaurant in Melbourne that simple act of pride among friends didn't go unnoticed It set in motion a journey through the little known high mountain country of The Yemen then on to the Italianate City of Asmara in the Ancient land of Eritrea and a hijacking which landed him in Western Turkey Eventually after a number of risky adventures that took him to the far southern reaches of Egypt he found himself committed to a treasure quest which if proved successful would change the future perception of the human race for the next couple of millennia Clues uncovered in the Tomb of the God King Tutankhamen entrance our unwitting hero and his new friends committing them all through something more than curiosity to a trail of intrigue with villains popping up everywhere intent on stopping them from achieving their main goal the installation of Claude as an honorary new Pharaoh Despite foiling several attempts on their lives Claude and his companions then have to contend with another scoundrel and his giant of a servant who have their eyes on the treasure whatever it may turn out to be The story takes us back into the ancient world of 18th Dynasty Egypt where we meet the legendary King Solomon who with his son and heir plan and set the stepping stones that may only be discovered and followed by a future generation worthy enough to restore the glory and spiritual beliefs of the Egypt that once was Not only is the narrative one full of thrills and unusual situations it also transports the reader into the colourful life of contemporary and ancient Egypt The unexpected climax will have everyone thinking What really did happen thousands of years ago to kick start civilisation as we know it today

*Edgar Cayce on Soul Mates* Kevin J. Todeschi,1999 Is there really such a thing as soul mates According to Edgar Cayce yes But his definition of soul mates twin souls and perfect partners may differ from what you're expecting For decades Cayce provided thousands of individuals with insights into the nature of their personal relationships the dynamics of soul attraction and the universal laws at work that draw individuals together What is unique about Todeschi's book is that it explores the development of relationships over time played out within the framework of reincarnation In addition to discussing soul mate relationships their connection to the cyclic pattern of reincarnation and the nature of loneliness this book looks at the fundamentals of soul attraction and provides contemporary examples of the same principles discussed by Cayce

**Medicine for the Earth** Sandra Ingerman,2010-05-05 From cross cultural legends recounting shamanic cures to

the biblical accounts of the parting of the Red Sea and Jesus multiplying the loaves and fishes many spiritual traditions are rich in stories about seemingly inexplicable transformations of the natural world The ancient healing art of transmutation in which toxic substances are transformed into safe substances is mentioned in all the world's great spiritual traditions including Hinduism and Taoism And while many have tapped this body of work to heal the self it has yet to be used to heal our environment For twenty years Sandra Ingerman has studied alternative ways to reverse environmental pollution In this book Ingerman takes us on a remarkable journey through the history of transmutation teaching us how we can use this forgotten technique to change ourselves and our environment She provides us with creative visualizations ceremonies rituals and chants derived from ancient healing practices that produce miraculous scientifically proven results In one dramatic illustration of what can be accomplished when consciousness and awareness fuel our actions Ingerman describes her own success in transforming the nature of chemically polluted water

**Pyramid Quest** Robert M. Schoch, Robert Aquinas McNally, 2005-06-02 The Egyptologist acclaimed for re dating the Great Sphinx at Giza sets his sights on one of the true mysteries of antiquity the Great Pyramid of Giza What is the Great Pyramid of Giza Ask that basic question of a traditional Egyptologist and you get the basic traditional answer a fancy tombstone for a self important pharaoh of the Old Kingdom This Egyptologists argue is the sole finding based on the data and the only deduction supported by science By implication anyone who dissents from this point of view is unscientific and woolly minded a believer in magic and ghosts Indeed some of the unconventional ideas about the Great Pyramid do have a spectacularly fabulous ring to them Yet from beneath the obvious terms of this controversy a deeper more significant question arises how is it that the Great Pyramid exercises such a gripping hold on the human psyche adding cryptic grace to the back of the one dollar bill and framing myriad claims of New Age pyramid power In Pyramid Quest Robert M Schoch and Robert Aquinas McNally use the rigorous intellectual analysis of scientific inquiry to investigate what we know about the Great Pyramid and develop a stunning hypothesis This ancient monument is the strongest proof yet that civilization began thousands of years earlier than is generally thought extending far back into a little known time In tracing that story we come to understand not only the Great Pyramid but also our own origins as civilized beings
