**Take It Easy, Vol 1 Talks on Zen Buddhism** Osho, 2023-03-07 Religion is the vast sky of existence Reason is a tiny human phenomenon The reason has to be lost has to be dropped Only by going beyond the mind does one start understanding what is That s the radical change No philosophy can bring that radical change only religion Religion is non philosophic anti philosophic and Zen is the purest form of religion Zen is the very essence of religion Hence it is irrational it is absurd If you try to understand it logically you will be bewildered It can only be understood illogically It has to be approached in deep sympathy and love YOU CANNOT approach Zen through empirical scientific objective concepts They all have to be dropped It is a heart phenomenon You have to feel it rather than think it You have to BE it to know it Being is knowing And there is no other knowing      **Search** Richard Collier, 2011-01-21 What if the next generation is denied the benefits of a government founded on God centered political integrity Ryker Cuff finds himself thrust into the middle of an American tragedy where USA original fundamentals are perverted or gone leaving influence on society much different from its founding Technology has advanced but society reflects an unprincipled philosophy without the authority of God s word It is up to an underground organization to research resurrect roots and teach people what is lost The Network struggles with organizing and operating under the NMA Neutral Morals Agency which polices the governments new amoral rights Intrigue intelligence and ingenuity frame actions as each alliance vies for societal dominance SThe term tolerance has been overused and abused It was successfully used to elevate lenience of ideas contrary to unsophisticated Christian conviction But it was turned upon progressive philosophies in like manner The term we need is something that matches our goals of tolerance but only supports neutral reactions The term neutral should be integrated into the idea of freedom Morgan Tanner New American Bill of Rights taskforce leader 8 18 2022      Modern Relationships Vladimir Živković, 2019 Men and women evolve Their love relationships evolve too In every new era there are different behavioral norms In the modern age there is no more interesting subject for people than love and sexual relationships and achieving happiness in them The main subject of this book is bad behavioral patterns of modern people in love relationships as well as unavoidable attaining of self satisfaction and satisfaction with one s life This book consists of three parts The first part deals with generalities on men women and their dispositions Because of the inevitable question that arises related to any human being when it comes to luck love and meaning of life spirituality and God had to be a mandatory subject of this book Thus the first part is named Return to God Men and Women and it consists of texts which unite search for the meaning and spirituality of the modern man with its own wishes wants and fallacies of the modern men and women The second part of the book is even more intriguing for the mind of the modern man because it deals with sexuality games of seduction and sexual relationships of both sexes It is called Sexuality and Seduction and the title itself reveals that it s the endeavor of living positive sexuality as well as about the truth that s hidden between people playing games of seduction and manipulation The third part of the book is named Return to

God Love Relationships and it is the pinnacle of this delicacy because it reveals many secrets but also mistakes that people nurture in the love relationships and due to them they cannot reach happiness and fulfillment All in all this book carries authenticity originality but also the positive experience because it reveals answers to a very big number of troubling and important questions of the modern people to which other books don't offer answers and if they do they are incomplete or wrong in the most of the cases This can already be reckoned by the incidence of misery and loneliness as well as broken marriages of people of both sexes Even if this book revolts the reader it is also useful for reading in that case Good luck
