Reincarnation, Theosophical Manual No. 2 Annie W. Besant,1996-09 The Bible Beyond the Words Fred Snider,2017-10-30 The Bible Beyond the Words reveals hidden mysteries within the biblical narrative by going beyond the writers words to the deeper meanings of which Christ himself is the author These revelations include a heretofore unknown mystery in the great flood that changed the course of human life beyond the obvious and a very important but little known mystery of Christs experience on the cross that points toward a very different heaven than most of us expect It also removes the ambiguities that surround Gods Old Testament versus New Testament encounters with his people And finally it definitively answers the question Why do bad things happen to good people Encyclopedia of Reincarnation and Karma Norman C. McClelland,2018-10-15 Featuring over 1 200 topical entries arranged alphabetically this encyclopedia provides diverse and detailed coverage of the related subjects of reincarnation and karma Its in depth examination ranges from ancient beliefs to those of the present incorporating all relevant world cultures A series of broad thematic entries cover foundational aspects while over a thousand highly focused entries deal with various societies and organizations which support the concepts of reincarnation and karma specific religious groups sects and associations key individuals both historic and modern and related beliefs concepts and practices *Reincarnation* Annie Besant,1919 A SEARCH IN VEDIC INDIA VENKATARAMANA SARMA PODURY,2021-06-01 It offers a wonderful technique to live happily in the world One would be free from the fear of death after reading this book Objects that are billions of light years away are being observed by men without any clue as to the secrets behind their creation and their creator They forget a simple secret that all could be known by enquiring into his own self to find answers to all the questions faced by any man at any time This book tells you how to do that enquiry step by step into one s own self to recognize one s true self and their relationship with the objective world and the so called God It is not in an essay type article format but in the most interesting way of dialogues between Guru and Shishya answering all the questions that arise in the reader s mind **Through The Mist Of Memory** Francita Brown Gasche,2023-02-16 All the numinous events hidden safely from ridicule criticism and disbelief bubbled up from deep in my heart when my childhood friend died in 1985 The voices visions sighting and apparitions throughout my life clamored acknowledgement Gossamer threads anchored to my life fabric at various points in my life told vignettes of mysteries about which I wondered After he started school he changed from a happy little boy to one depressed and afraid Though I asked he

would not tell me what happened only snippets plus a warning to me before I started school He was particularly afraid to go to the outhouse alone because of a phantom We had appendectomies within a week in 1947 and spent five days in the hospital together He was in the children s ward and I in the women s ward The epiphany after Johnny s death was the most wonderful and horrendous event of my life It answered questions for which I needed answers plus information I did not contemplate When his spirit came to me explained and verified his words and actions in childhood it was apparent all I had been a witness to needed to be revealed The mysteries disclosed must be open to others Just as I needed more information some other soul may need the information I can offer This is my purpose **Reincarnation** Annie Besant,2019-01-09 Let us start with a clear understanding of what is meant by Reincarnation So far as the derivation of the word is concerned any repeated entering into a physical or fleshly covering might be included thereunder It certainly implies the existence of something relatively permanent that enters into and inhabits successive somethings relatively impermanent Now Reincarnation is a truth that has swayed the minds of innumerable millions of our race and has molded the thoughts of the vast majority for uncounted centuries It dropped out of the European mind during the Dark Ages and so ceased to influence our mental and moral development very much be it said in passing to the injury of that development For the last hundred years it has from time to time flashed through the minds of some of the greater Westerns as a possible explanation of some of life s most puzzling problems and during recent years since its clear enunciation as an essential part of the Esoteric Teaching it has been constantly debated and is as constantly gaining ground among the more thoughtful students of the mysteries of life and of evolution Travels in search of the meaning of life Rami Bleckt,2025-04-01 Many modern books do not contribute to the harmonious development of a personality or are written from the standpoint of a religious or political concept They accelerate decay and kill the most valuable thing in our lives time This wonderful book with real stories of interesting personalities does neither one nor the other and is therefore different Translated by readers into 15 languages the award winning book offers the reader the opportunity not only to pass the time pleasantly but also to learn a great deal Thousands of people confirm that this book has completely changed their lives for the better and that everyone can find something useful in it that will change their lives for the better *A Scientific Report on The Search for Bridey Murphy* Milton V. Search for Gods V. Vycinas,2012-12-06 In the unequaled and majestic contemporary technological phase of our cultural development where democratic liberties and the means of well being are accessible to everyone man is unsatisfied insecure rebellious confused and lost More than ever before he seems to lack the sureness of his way in life The abundance of theories doctrines and various philosophical social or religious systems and moral teachings fails to provide the individual today with any clarity whatsoever Lacking this he turns to peripheral events to sensational occurrences he turns his attention to more and to glaring new models of technological products more new things mostly Acquiring a great multitude of these and various other things he seems to stress his own importance thus making an inquiry in its fundamental validity superfluous In this way he escapes the search of his very own mission he betrays the superior powers which demand from him his existential contribution in finding his ideals and outlining the way of his life *Biblical Eschatology*: Dr. Justin G. Prock,2021-06-20 In recent history men from a variety of backgrounds have come to the same

conclusion that the Bible is about Israel only For example In 1861 John Mason Neale translated an ancient twelfth century Latin hymn and its title was O Come O Come Emmanuel Ever since 1861 Christians have sung that hymn at Christmas time especially at Advent Do you know what the words really mean that you are singing In 1878 Edward Hine wrote an article titled Seven Eighths of the Bible Misunderstood wherein he explains that seven eighths of the Bible is about national salvation i e the national salvation of True Israel whereas only one eighth of the Bible is about personal salvation Did you know that In the 1960 s Pastor Sheldon Emry wrote an article title An Open Letter to Any Minister Who Teaches the Jews Are Israel wherein he is of the opinion that the Israel that exists today since 1948 is not the True Israel of the Bible In 1998 Arnold E Kennedy wrote a book titled The Exclusiveness of Israel wherein he legally proves using the King James Version of the Bible that the Bible in general is only about True Israel So here we are in the Twenty First Century and the Gospel that is preached today is totally convoluted from that which was preached in the First Century A D by Yahshuah and His disciples i e the Gospel of the Kingdom So where did the so called churches and pastors go wrong By the way is there really a hierarchy in the Bible In order to find out what the truth really is we have to look at the original languages in which the Bible was written and then translated For example the Old Testament was written in Hebrew and Aramaic then translated into Greek The New Testament was written in Hebrew and Greek Both Testaments were put together and translated into Latin then German and finally into English from which the entire world received their own translation of the Bible So what was the original meaning of the words used in the original languages i e the etymology of the words Once that is determined then we can go onto the next phase and discuss types in the Bible From there what is the Law of First Mention How should Bible prophecy be Interpreted Who are the keys to Bible prophecy Where are we in the Bible prophecy timeline During these discussions we will find out who Yahweh chose of all the families of the earth to make His own The churches teach universalism The question then becomes Who was Yahweh s Law given to What are the Laws of Yahweh And then the even bigger question becomes Who was Yahshuah sent to All of these questions and more will be answered as you read this book

In Search of Consistency: Ethics and Animals Lisa Kemmerer, 2006-08-01 In Search of Consistency is the most comprehensive examination to date of moral theories and animal ethics This large volume unveils and explores the work of Tom Regan rights theory Peter Singer utilitarian Paul Taylor environmental ethics and Andrew Linzey theology not only digging deep into critical analysis of extant theories but feeding the flames of a now flourishing dialogue at the intersections of animal ethics environmental ethics and religious ethics This book ultimately presents a new approach the Minimize Harm Maxim which exposes through real and hypothetical scenarios common practices as patently irrational and raises questions few authors are willing to entertain about the way we value life and our attitudes toward death At every turn In Search of Consistency reminds that ethics carry an expectation of action that ethics are intended to guide how we live **Memories Before Birth and Reincarnation** Martin K. Ettington, I think I must be one of those persons who has been reincarnated I

never considered myself to be such a person but always had memories from before my birth in my Mom s womb and my early childhood One of my earliest memories was of being disembodied looking down on the Earth and recalling my many previous incarnations on Earth My story is included in this book as well as many other stories of people who have reported remembering from before their birth This is all closely related to the topic of Reincarnation and so this book covers that topic too The history of Reincarnation research on the topic and many stories of claims people have about being reincarnated are in this book The belief in reincarnation has been around for thousands of years so this subject is not new What I m trying to do in this book is provide as many credible stories as I can to provide the reader with more information to form your own opinion on this subject Also some of the possible reasons for reincarnation are covered here too
