Schwager,Steven C. Turner,1995-05-29 The must have book for all futures traders In *Fundamental Analysis* the legendary Jack D Schwager has produced the most comprehensive in depth book ever written on the use of fundamental analysis for futures trading In what is destined to become the bible of the futures industry Schwager has poured out insights gathered during his long career as a trader researcher bestselling writer and highly regarded authority in the field This book is packed with invaluable information you ll use every trading day Futures guru Jack Schwager has created the definitive source on using fundamental analysis for price forecasting that no trader can afford to be without Tom Baldwin Chairman Baldwin Group This book won t

make you a great commodities trader instantly but it will teach you what you must know to start Jim Rogers Author Investment Biker Jack Schwager always provides clear and compelling material on the often opaque subject of futures trading Richard Dennis President Dennis Trading Group Jack Schwager's deep knowledge of the markets and his extensive network of personal contacts throughout the industry have set him apart as the definitive market chronicler of our age Ed Seykota Fundamental Analysis is the first book in the Schwager on Futures series the definitive source on the futures market for the next century that no trader will want to be without Jack Schwager is one of the most important and visible figures in the futures industry today His Market Wizards and New Market Wizards are two of the bestselling finance titles of all time Now Schwager has created the most comprehensive guide ever for using fundamental analysis for futures trading The much awaited Schwager on Futures series greatly expands and updates material first contained in his A Complete Guide to the Futures Markets which has been the bible of the industry for the past decade In this first volume of the series Fundamental Analysis Schwager shows traders how to apply analytical techniques to actual price forecasting and trading in virtually all futures contracts currently traded In chapter after chapter Schwager draws on what he has learned during his legendary career as a successful trader researcher and bestselling investment author to dispense priceless insights Explains how to apply the techniques of technical analysis to fundamental data information not found elsewhere Shows how regression analysis works and tells how to use it as a tool for price forecasting Includes step by step instruction on how to build a forecast model Contains a 13 chapter section illustrating the applications of fundamental techniques to individual markets and market groups Outlines how to analyze seasonal fluctuations including seasonal price charts of 27 active markets Numerous charts tables and examples illustrate all key concepts and the text itself is written in the clear nontechnical style that has helped make Jack Schwager one of today's most widely read and highly regarded investment writers **A Maniac Commodity Trader's Guide To Making A Fortune** Kevin Kerr, 2007-03-23 If you are looking for a strong point of view that boosts the optimists side of commodities trading this is it But Kevin Kerr's assurance that you can make money by trading commodities does not take into account the real risks involved and could mislead potential traders The truth is that the odds are stacked strongly against any investor particularly in the now nearly extinct open outcry pit trading that Kerr discusses at length However his rundown of the basic facts about the commodities markets will give you a start in learning about this arcane investment science getAbstract suggests that it may fit in as one among many texts you might want to study before jumping into the pit Seasonality Jake Bernstein, 1998-03-30 a groundbreaking look at trading the markets with one of the most important forecasting tools available If you've ever wondered about the validity of seasonals or how to trade them buy this book now Glen Larson Genesis Data Services Jake does it again This time his extensive research really leaps out as he makes seasonal trading easy to understand and a very useful tool for any commodity trader Jeffrey H Fox Fox Investments Is there a holy grail of price prediction Traders have long been in pursuit of one and while a handful of strategies techniques

and methodologies have proven noteworthy the search continues for the ultimate forecasting instrument if one does indeed exist The theory and methods of seasonality may well prove to be a step in the right direction to this goal In this unique new book a leading seasonal trading analyst examines seasonality in depth elucidating the concise principles numerous advantages and enormous potential that make it one of the most important and effective methods currently available for targeting futures price trends Over the years considerable attention has been paid to the effects of interest rates money supply earnings inflation and other key factors on stock and commodity prices Yet the immense impact of seasonal price tendencies has been either grossly underestimated or completely ignored Often overlooked but equally significant seasonality is based on the assumption that seasonal influences cause biases in the movement of market prices Among its many advantages seasonality allows the trader to formulate objective decisions founded on a logical verifiable and operational methodology creating a backdrop of probable market trends in most time frames and in most markets and providing historically valid input for use as an adjunct to other analytical methods and timing indicators The essence of seasonality is found in its lengthy history and statistically testable methodologies However seasonal correlations are not 100 percent foolproof Using seasonal data to time the market involves an unavoidable degree of subjectivity unless you have a firm grasp of seasonal timing concepts and techniques Now in the first resource devoted exclusively to the subject Jake Bernstein gives you the foundation necessary to implement this powerful tool effectively and with confidence Balancing theory and practice Bernstein provides a thorough real world understanding of seasonal timing concepts and techniques Along with results of his own extensive research he integrates the work of numerous market analysts such as W D Gann Art Merrill Burton Pugh Samuel Benner and Yale Hirsch among others to create a pragmatic and highly functional analytical framework With his accessible comprehensive coverage of significant concepts such as seasonal spread relationships key dates and cash tendencies you ll be able to discern seasonal patterns in monthly and daily cash and futures data Once the basics are firmly in place Bernstein leads you step by step through the essential process of formulating a seasonal trading program that incorporates important timing strategies and risk management tools An ideal overview for any trader investor or analyst this lucidly written and clearly organized resource emphasizes the validity and significance of seasonality Jake Bernstein has compiled a comprehensive guide to the effective use of seasonal concepts and methods in the futures markets This is a major work that belongs on the shelves of all serious traders
