

Imagine if Edvard Munch
and Leonardo de Vinci
were poets how would
they convey no smile to
a scream in literature ?

News for the deaf is
signed and mimed
In silence.

Pictures can paint
a thousand words.

But the imagery of
metaphor employs
two mediums.

Using charades
and pursed lips,
ventriloquists Munch
becomes a nasal
shriek.

Changing Seasons Rebecca Mee, 1998-01-01 The Sylphs of the Season with Other Poems Washington Allston, 2013-06-10 As it may be objected to the following Poem that some of the images there introduced are not wholly peculiar to the Season described the Author begs leave to state that both in their selection and disposition he was guided by that which in his limited experience was found to be the Season of their greatest impression and though he has not always felt the necessity of pointing out the collateral causes by which the effect was increased he yet flatters himself that in general they are sufficiently implied either by what follows or precedes them Thus for instance the running brook though by no means peculiar is appropriated to Spring as affording by its motion and seeming exultation one of the most lively images of that spirit of renovation which animates the earth after its temporary suspension during the Winter By the same rule is assigned to Summer the placid lake but on account of its affecting us more in Summer than either in the Spring or in Autumn the indolence and languor generally then experienced disposing us to dwell with particular delight on such an object of repose not to mention the grateful idea of coolness derived from a knowledge of its temperature Thus also the evening cloud exhibiting a fleeting representation of successive objects is perhaps justly appropriated to Autumn as in that Season the general decay of inanimate nature leads the mind to turn upon itself and without effort to apply almost every image of sense or vision of the imagination to its own transitory state If the above be admitted it is needless to add more if it be not it would be useless **The Seasons** James Thomson, 2023-07-18 One of the most celebrated works of English poetry The Seasons is a sublime tribute to the beauty of nature and the changing cycles of life Thomson s evocative language and vivid imagery have inspired generations of readers and writers making this book a timeless masterpiece of literature This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work is

As Seasons Turn Rebecca Mee,2001 **Seasons Change** Naomi Abdulrahman,2012-08 *The Sylphs of the Seasons* Washington Allston,1813 *Seasons* Silas Toney,2023-08-25 Let the seasons take you on a journey of discovery and purpose Seasons show just how important letting go of the old and receiving with gladness the new What wisdom will winter pass on to spring What happens when they meet The transitions of life can happen suddenly each with its own unique personality beautiful and painful in its own way Silas Toney was born in Sumter South Carolina He was not an avid reader as a child But when he did he often wondered what kind of people authors were and how did they come up with so many words Many years later writing and still wondering not only about the number of words but also the weight of a word He is also a photographer and spoken word artist and was awarded a Certificate of Artistic Achievement from The Pinacoth que for his participation in the Luxembourg Art Prize 2022 The Luxembourg Art Prize is one of the most prestigious international art contests in the world
