widely known poets and the poems are diverse in form subject matter and geographical and linguistic origin Poems in translation from languages other than English are included with the original language text in facing page format *Twelve Foundation Stones of the Scriptures* Elmer Mulhausen, 2012-09-10 I recommend this very readable entertaining presentation of the Christian faith by Elmer Mulhausen I like the way poems are used to present biblical truth in a simple direct and balanced way I like the fact that the book isn't long and laborious The book has something for everyone along the theological spectrum from scholars to newcomers from conservative to liberals and especially that broad majority in between Dr Charles T Rice North Texas Association Minister United Church of Christ This book is a valuable resource for all lay Christians especially still maturing believers and those contemplating becoming a believer The Bible is a large and complex text of history teachings and truths It is difficult for even mature Christians to comprehend let alone new converts or those seeking information to make a decision Elmer simplifies the scriptures in an easy to read understandable and amazingly short book He provides an overview of the bible and the pillars of Christian faith that usually take years of personal and church lead Bible study to comprehend C W and Carole Vowell Southern Baptist lay Leaders *The Poetry and Poetics of Nishiwaki Junzaburo* Hosea Hirata, 2014-07-14 This book offers an in depth investigation into the writings of one of modern Japan's most gifted poet scholars Nishiwaki Junzaburo 1894-1982 who has been compared to T S Eliot R M Rilke and Paul Valéry Exploring both his poetry and theoretical writings Hosea Hirata describes how Nishiwaki who wrote his first poems in English and French shaped a highly influential poetic modernism in Japan while elevating the artistic status of translation This volume includes Nishiwaki's highly original essays on the nature of poetry his first two collections of Japanese poems and a poem meditating on the annihilation of symbolism The author maintains that in Japan the language of modernism was that of translation When Nishiwaki finally began to write poems in Japanese a new poetic language was born in his country a translatory language Hirata elaborates this birth of new poetry via translation by referring to the theories of translation and of difference articulated by Walter Benjamin and Jacques Derrida The author reconsiders the view that translated texts are secondary to the originals where the truth supposedly resides instead he presents translation as an essential textual movement critique toward the paradise of pure language and Poetry Originally published in 1993 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 **Time and the Crystal** Robert M. Durling, Ronald L. Martinez, 2024-06-28 The Rime petrose Dante's powerful lyrics about a woman as beautiful and as hard as a precious stone are generally acknowledged to be an important moment in his stylistic development In this full length investigation of the poetics of the petrose and of their relation to
