Long Term Care of the Elderly Charlene Harrington, Robert J. Newcomer, Carroll L. Estes, 1985 This book is both an introduction to the existing literature on long term care issues and an empirical assessment of policies in the USA to date Its focus is primarily on state policies and the broad discretion of states in the implementation of health income and social service programmes that represent the essential basis of long term care for the elderly It will help to provide a greater understanding of current public policies and their potential impact on the aged thus providing a foundation for reassessing the federal role in long term care service systems

Handbook of Long-Term Care Administration and Policy Cynthia Massie Mara, Laura Olson, 2008-03-27 Attitudes toward long term care contain a strong residue of negativity in today's society and current problems with the system augment such perceptions Unless dealt with now this will only get worse as the 85 and older crowd is the fastest growing part of the population and the first wave of Baby Boomers is approaching 60

Exploring and delineating **Community Care for Older People** Susan Tester, 1996-03-06 This accessible textbook compares ways in which basic components of community care are funded organised and provided by governmental and non governmental agencies allowing practitioners and policy makers to learn from the experiences of their counterparts in Europe and North America

Residential Care for the Elderly Sharon Baggett, 1989-09-25 Although residential care and

assisted living for older adults has expanded rapidly in recent decades it has done so in a policy environment beset by confusion and conflicting purposes Sharon A Baggett traces many of the current problems to insufficient knowledge of the population these policies are designed to serve In her examination of the frequently neglected interface between policy and people she provides a comprehensive review of current federal and state policies a detailed case study of a state residential care program and an analysis of the needs and characteristics of persons in assisted living facilities Baggett s policy overview covers such areas as the confusion between housing and care supply and demand factors in the economics of residential care conditions contributing to the increase in numbers of assisted living facilities and current policies that define and limit the choice of residential alternatives A case study of Oregon s residential care program shows how that state has adapted federal initiatives to local goals and philosophies of long term care Funding mechanisms regulations and the role of state agencies in developing and monitoring compliance are discussed Following a comprehensive profile of facility residents the question of using functional assessment measures to determine individual needs is explored Linking the larger policy issues with an in depth analysis of residents served and actual services provided this book will be helpful to policy planners and developers administrators and case managers as well as students and academics concerned with housing and assisted living services for the elderly

The Graying of the World Laura Katz Olson, 1994 This unique book studies America s frail older population relative to the elderly in ten other nations It contains a cross national assessment of approaches to long term care for the elderly and explains the nature and extent of current and future problems related to caring for the functionally impaired elderly By studying and analyzing the ongoing struggles of other nations in their attempts to cope with growing populations of frail elderly readers in the U S can expand the parameters of their own national debate on the subject The Graying of the World shows the political economic and social context in which decisions on elder care are based and evaluates how successful various countries programs have been Chapters outline alternative approaches taken by disparate types of national systems highlighting unique and creative solutions to provide useful information on new and alternative ways to respond to personal and public issues related to elder care The elderly and their care in Finland France Germany Great Britain Israel Japan People s Republic of China Sweden and Yugoslavia are discussed as are the elderly in Canada and the United States Chapters cover the following topics for each country the increasing number of frail elderly and their costly health needs the current and future role of the state in elder care the current and future role of the family in elder care types of support services offered for the elderly including in home care community based care and institutional care the relationship of a nation s political economy to its attitude and policy on long term care innovative approaches to elder care Practitioners decision makers and the concerned general public will all find The Graying of the World an interesting and informative book that expands the discussion of health care options available for the elderly As such the book is also a helpful text for undergraduate and beginning graduate students of gerontology public policy and comparative politics as well as for

social service practitioners It provokes much needed conversation on developing a healthcare plan for the future that meets the needs of a large elderly population **Legislative Agenda for an Aging Society, 1988 and Beyond** ,1988

Problems and Issues in Long-term Care United States. Congress. House. Committee on Energy and Commerce. Subcommittee on Health and the Environment,1986 *Aging and Family Therapy* George Hughston,Victor Christopherson,Marilyn Bojean,2013-04-15 Enhance the intervention strategies you use in therapy with older adults and their families This significant new book provides practitioners with information insight reference sources and other valuable tools that will contribute to more effective intervention with the elderly and their families Outstanding scholars have contributed original material that addresses the major issues in treating the elderly from the practitioner s point of view the biological psychological social and spiritual concerns of the aged are examined in order to formulate a systemic and comprehensive treatment plan Destined to become a classic in a challenging new area of psychotherapy the unique Aging and Family Therapy promises to guide and inform practitioners who will be called upon to provide assistance to the increasing number of older adults who will be in need of mental health services
