Lyne, 1900 Past whispers Future trembles Will unmasking their demons save or shatter them Stalker a fierce young shifter grapples with mounting responsibilities safeguarding her territory managing her human job navigating a budding romance and above all unmasking the sinister cultist lurking in the shadows The winter since their victory over the Plague Doctor has been a quiet one providing a semblance of routine and stability Yet beneath the calm Stalker harbours a secret that could shatter their hard earned peace For pack Alpha Fights Eyes Open maintaining balance is a relentless task Despite the calm he is aware that their feud with The Witches still smoulders the embers of old grievances poised to ignite anew His worst fears come to pass when a brutal attack fractures his human family upending the equilibrium he had so carefully nurtured Thrust into a desperate quest for answers the pack plunges into the murkiest corners of their territory's history Consequently Stalker is faced with the gravest conflict of her shifter life As she wrestles with profound questions of identity and loyalty she must decide who can she trust How long can she conceal the truth from her shifter family And in the internal power struggle within the pack who will come out on top Demons of the Past is a gripping dark urban fantasy thriller that will challenge your perceptions and leave you on the edge of your seat Beneath the bonds of loyalty lie secrets deception and betrayal Dive into Demons of the Past today to uncover the truth **Look Out** Edward McPherson, 2025-10-21 A charming idiosyncratic meditation on the human urge to see further and more in this cultural history of the aerial view McPherson makes an elliptical and enchanting case for reinserting wherever possible the ground level human perspective Redolent with insights into the ethical quandary of history making as well as the author's own sense of awe at the full sweep of the human story this is a wonder Publishers Weekly starred review As if Borges and Didion took a tour with Sebald through the beauty and terror of our present and past Look Out is a profound and prismatic investigation of taking the long view Look Out is an exploration of long distance mapping aerial photography and top down and far ranging perspectives from pre Civil War America to our vexed modern times of drone warfare hyper surveillance at home and abroad and quarantine and protest Blending history reporting personal

experience and accounts of activists programmers spies astronauts artists inventors and dreamers Edward McPherson reveals that to see is to control and the stakes are high for everyone The aerial view a position known in Greek as the catascope or the looker down is a fundamentally privileged perspective inaccessible to those left on the ground To the earthbound in sights from such rarified heights convey power and authority McPherson casts light on our fetishization of distance as a path to truth and considers the awe and apocalypse of taking the long view
