Full Bloom Hunter Drohojowska-Philp, 2011-10-03 The definitive life of O Keeffe Hilton Kramer Los Angeles Times Georgia O Keeffe 1887 1986 was one of the most successful American artists of the twentieth century her arresting paintings of enormous intimately rendered flowers desert landscapes and stark white cow skulls are seminal works of modern art But behind O Keeffe's bold work and celebrity was a woman misunderstood by even her most ardent admirers This large finely balanced biography offers an astonishingly honest portrayal of a life shrouded in myth

*A Boy from Digboi - A Memoir* Debasish Ghosh, 2022-07-19 When the idea of penning down my memories of a life varied across many facets first struck the author it was then little more than ticking off an item in a wish list Gradually this changed to be a more substantial effort to a journal of life a legacy of sorts to people who have made a difference to his life for better or worse When we think of human interactions and relationships covering bonds of love friendship hatred and indifference we soon realize that they are far more complex than the simple and deterministic laws of physics and chemistry What we know can only be understood through a multi dimensional function of time persona and many other unknown factors Over the last six decades the author has seen relationships change colour and shape form and strength not once but many times Does that make us chameleons in a sense No it is just that the human mind and heart resemble kaleidoscopes that keep generating different images even if exactly the same stimulus is given but at different points of time

present volume makes available to English language readers in many cases for the first time the works of nine women philosophers with the hope of stimulating further interest in and scholarship on their works The volume includes a comprehensive introduction to women philosophers in the Nineteenth Century and introduces each philosopher and her position The translations are furnished with explanatory footnotes The volume is designed to be accessible to students as well as scholars
