Approaches to Teaching the Works of Carmen Martín Gaité Joan L. Brown, 2013-01-01 The career of Spain's celebrated author Carmen Martín Gaité spanned the Spanish Civil War, Franco's dictatorship and the nation's transition to democracy. She wrote fiction, poetry, drama, screenplays for television and film, and books of literary and cultural analysis. The only person to win Spain's National Prize for Literature Premio Nacional de las Letras twice, Martín Gaité explored and blended a range of genres from social realism to the fantastic as she took up issues of gender, class, economics and aesthetics in a time of political upheaval. Part 1: Materials of this volume provides resources for instructors and a literary historical chronology. The essays in part 2: Approaches consider Martín Gaité's best-known novel *The Back Room* (*El cuarto de atrás*) and other works from various perspectives: narratological, feminist, sociocultural, stylistic. In an appendix, the volume editor, who was a friend of the author, provides a new translation of Martín Gaité's only autobiographical sketch alongside the original Spanish.

Beyond The Back Room Marian Womack, 2011 This collection of essays examines current trends in scholarly research on Spanish author Carmen Martín Gaité (1925-2000). It concentrates on the least explored areas of Martín Gaité's oeuvre, such as her collage artwork, the relationship between image and text in her work, and her close relationship with themes such as genre, writing, the fairy tale, and textual/physical notions of space, as well as her personal theories on orality and narration. As we pass the tenth anniversary of her death, Martín Gaité continues to be an increasing focus of study as scholars start to identify and comprehend the breadth and scope of her work. The essays in the volume complement previous studies of Martín Gaité's major works from the 1960s and 1970s by focusing largely on her later novels together with in-depth analysis of the manuscripts and artistic materials that have been made available since her death. **Oculto sendero** Elena Fortún, 2016-10 *Oculto sendero* novela inédita y testamento literario de Elena Fortún (1885-1952) por fin sale a la luz. Fortún escribe esta autobiografía novelada durante su exilio en Argentina y la firma con el seudónimo de Rosa María Castaños. La protagonista es María Luisa Arroyo, pintora, y antes ni a que quer a vestirse de marinero alter ego de la autora. El camino de su vida es el sendero hacia el entendimiento de su homosexualidad, camino que avanza parejo al conocimiento y realización del potencial artístico e intelectual de la protagonista. Tras una infancia narrada al más puro estilo Fortún, María Luisa Arroyo irá dejando atrás como la creadora de la inolvidable Celia los dictados de la feminidad convencional para adentrarse en una modernidad inevitable y también desgarradora. Ambientada en la España anterior a 1936, *Oculto sendero* ofrece un retrato nico y necesario de la intimidad y la lucha de una mujer excepcional. L'épuisement du biographique? Vincent Broqua, Guillaume Marche, 2010-10-12 Pourquoi penser le biographique? N'est-il pas puis le siècle passé semble l'avoir vidé de son contenu et de sa

substance et l'a réduit un état d'affaiblissement presque complet dans le domaine des sciences sociales comme dans celui de la critique littéraire. L'enjeu de cet ouvrage est d'affirmer que le biographique déborde la biographie et de considérer le biographique comme une condition du retour de la biographie au moyen de son dépasement. Cet ouvrage rassemble des travaux abondants.

The Girl in the Text Ann Smith, 2019-07-16 How are girls represented in written and graphic texts and how do these representations inform our understanding of girlhood? In this volume contributors examine the girl in the text in order to explore a range of perspectives on girlhood across borders and in relation to their positionality. In literary and transactional texts girls are presented as heroes who empower themselves and others with lasting effect as figures of liberating pedagogical practice and educational activism and as catalysts for discussions of the relationship between desire and ethics. In these varied chapters a new notion of transnationalism emerges, one rooted not only in the process through which borders between nation states become more porous but through which cultural and ethnic imperatives become permeable.

World Literature in Spanish Maureen Ihrle, Salvador Oropesa, 2011-10-20 Containing roughly 850 entries about Spanish language literature throughout the world, this expansive work provides coverage of the varied countries, ethnicities, time periods, literary movements, and genres of these writings. Providing a thorough introduction to Spanish language literature worldwide and across time is a tall order. However, *World Literature in Spanish: An Encyclopedia* contains roughly 850 entries on both major and minor authors, themes, genres, and topics of Spanish literature from the Middle Ages to the present day, affording an amazingly comprehensive reference collection in a single work. This encyclopedia describes the growing diversity within national borders, the increasing interdependence among nations, and the myriad impacts of Spanish literature across the globe. All countries that produce literature in Spanish in Europe, Africa, the Americas, and Asia are represented, covering both canonical authors and emerging contemporary writers and trends. Underrepresented writings, such as texts by women writers, queer and Afro-Hispanic texts, children's literature, and works on relevant but less studied topics such as sports and nationalism, also appear. While writings throughout the centuries are covered, those of the 20th and 21st centuries receive special consideration.

Los mil y un sueños J. F. Walker, 1996-03 Fue Sigmund Freud quien descubrió la importancia que tienen los sueños para conocer la personalidad de los seres humanos. Una novedad que originó un escándalo en la Viena del siglo pasado, aunque ya se habían escuchado teorías muy audaces. Freud llegó más lejos al ordenar los sueños en una especie de Catálogo de Símbolos para demostrar que todas las emociones y pasiones reprimidas aparecen inevitablemente en la mente de los seres humanos cuando se meten en la cama y cierran los ojos. A partir de este momento crucial se origina un universo onírico que da vida al inconsciente, que fue la base del psicoanálisis. Este interesante título es un compendio de interpretaciones de los sueños ordenadas en forma alfabética que tienen su origen en antiguos manuscritos franceses e ingleses, pero que está enriquecido con otras interpretaciones de especialistas de principios del presente siglo.
