Losing Larry:

Mom's Losing Her Memory I'm Losing My Mind! Kathy Jean Stewart RN BSN, 2013-04-08 The subject of physical and mental deterioration and its consequences on people and their loved ones is one that most of us prefer to avoid even those of us who provide medical care to the elderly Yet this is often part of the human experience Information written on the subject is usually dry and didactic Kathy Stewart has granted the reader access to her world the assisted living community where extraordinary needs are met by extraordinary people Through interesting illustrative and poignant vignettes a realistic often intense and yet hopeful experience is accorded the reader This book crafted professionally and compassionately is a gem that should be read not only by relatives of people suffering progressive memory loss but by all of us since many of us will eventually be touched by this situation in our lifetimes Mark H Greenberg MD FACR Rheumatologist Author of Doctor Why Do I Hurt So Much Few events impact an entire family more than the onset of dementia in a parent spouse sibling or close friend Drawing upon her own personal and professional experiences Kathy Stewart has developed a practical guide for caregivers The book is easy to read yet it provides a wealth of useful information which is accessible to all It should provide knowledge and comfort for anyone caring for an individual with dementia George A Kuchel M D FRCPC Professor Citicorp Chair in Geriatrics Gerontology Director UConn Center on Aging University of Connecticut Health Center Kathy Stewart has provided an outstanding informative and useful guide This book is required reading for all adult children and caregivers who seek to provide the best possible care for Mom and Dad I wish I had this book when my own mother developed stroke related dementia and needed extensive specialized care Elly Trepman M D Professional Associate Department of Medical Microbiology University of Manitoba www.manuscriptsurgeon.com [Losing Larry](#) Elizabeth Pewsey, 2002-02-01 [How to Discipline Your Six to Twelve Year Old . . . Without Losing Your Mind](#) Barbara C. Unell, Jerry Wyckoff, 2009-09-30 Discipline Without Shouting Or Spanking became a best seller by proving practical effective advice on common behavioral problems to parents of children under six Here the authors adapt their winning formula for older youngsters **Back from the Dead** Bill Walton, 2017-03-21 In February 2008 Bill Walton after climbing to the top of every mountain he ever tried suffered a catastrophic spinal collapse the culmination of a lifetime of injuries that left him in excruciating debilitating and unrelenting pain Unable to walk he underwent pioneering surgery and slowly recovered The ordeal tested Walton to the fullest but with extraordinary determination and sacrifice he recovered Now Bill Walton shares his life story in this remarkable memoir Walton the son of parents with no interest in athletics played basketball in every spare moment An outstanding player on a great high school team he only wanted to play for John Wooden at UCLA and Wooden wanted him Walton was deeply influenced by the culture of the 1960s but he respected the thoughtful rigorous Wooden who seemed immune to the turmoil of the times Other than his parents Wooden would be the greatest influence in Walton's life the two would speak nearly every day for 43 years until Wooden's death Throughout a brilliant championship career accumulating injuries would afflict Walton

He would lose almost two thirds of his playing time to injury After his playing days ended Walton chose a career in broadcasting despite being a lifelong stutterer once again he overcame a physical limitation and eventually won multiple broadcasting accolades Wooden once said that no greatness ever came without sacrifice nothing better illustrates this notion than Walton s life Adapted from dust jacket **Knot's Revisited** Ray Howard,2022-11-03 When Ray Howard entered high school he was determined to be a priest in the Catholic Church After five years he experienced his first bipolar episode and was forced to give up his vocation After completing a master s program at Loyola University he began his teaching career With the aid of lithium he was able to complete a master s degree in psychology and became a psychologist He came out as gay after much soul searching In spite of being bipolar and gay Ray was able to be successful in two careers and retire at sixty seven Upon his retirement he began his writing career and not only wrote his autobiography but also he has written the screenplay for his novel These are his first efforts in writing but they won t be his last He is now working on a book about his education in the liberal arts He lives in Los Angeles and is working on making Knots Revisited into a full length movie

Closing The Circle Richard Haddock,2008-06-19 Tommy Marshall was eighteen when the Japanese attacked Pearl Harbor and he enlisted anxious to seek revenge but the Army assigned him to a finance job in London where he languished as others fought the enemy A chance encounter with Eisenhower landed Tommy in a combat unit and he found himself amongst those storming Omaha Beach on D Day What Tommy witnessed would change him forever the loss of comrades creating a killing frenzy and heroics that won him the Congressional Medal of Honor After the war Tommy tried to fit back into an America that was distancing itself from the scars of war He married started a family and a career and pursued his newly won American dream But that dream ultimately became a nightmare as his wife and son died and his career ended in bitterness Years later when Tommy entered the old soldier s home in Washington D C he was resolved to spend his final years as a recluse But when he returned to France for the 50th anniversary of D Day his perspective changed when he found the graves of his wartime buddies in Normandy and challenged himself to enjoy a life they had been denied This is a story of the hope and promise wrought from war of how its lessons changed those who fought it and how a younger generation has much to learn from those who sacrificed for our prosperity and freedom *Where The Water Meets The Sand* Tyra Manning,2016-05-10 IBPA Benjamin Franklin Award GOLD Winner in Autobiography Memoir A remarkable story of love loss and hope Author Tyra Manning learned that her husband had been killed in the Vietnam War from her psychiatrist at the Menninger Clinic where she had been hospitalized for clinical depression After years of battling addiction and depression and coping with the tragic loss of her father at a very early age Tyra s worst fear had come true Larry had been shot down over the Laotian jungle while flying a top secret mission just two weeks before their daughter s second birthday In this beautifully written poignant memoir Tyra Manning recounts how she was able to persevere in the face of devastating loss With courage love and determination she overcame her grief and fulfilled promises she made to Larry before he left for

Vietnam She ultimately earned a doctorate of education from the University of Kansas and became one of the nation's top school superintendents When Tyra received a call from the air force in 2006 she was able to keep one last promise to Larry His remains had finally been excavated after thirty five years and she was able to honor his wish to be buried at Arlington National Cemetery Where the Water Meets the Sand explores themes of loss depression addiction courage and love and offers hope to individuals and families who have also dealt with the loss of someone close to them *Staying Alive: A Love Story* Laura B. Hayden, 2011-06-20 *Staying Alive A Love Story* is a story of hope and renewal that centers on a woman's search for meaning after the untimely death of her 49 year old husband Coupled with other experiences of loss in her life she is determined to with her children persevere Like Annie Dillard Hayden draws on the rhythms and rituals of the natural world to explore her Brooklyn roots and New England adulthood Wild creatures and domesticated critters seashores and hillsides proffer comfort and understanding as she comes to realize that no more than a hairline and no less than an eternity separate her from the man she loved Even with the wear and tear her faith endures it rarely diminishes Her purpose to usher her two grieving children through a difficult adolescence to a well adjusted adulthood resonates through her own struggles With the precise objectivity reminiscent of Joan Didion's *The Year of Magical Thinking* and Joyce Carol Oates' *A Widow's Story* Hayden recounts the day her husband died and the rituals and obsessions of the bereaved Forced to look at death straight in the eye the author stares back wide eyed without blinking through her tears Hayden also manages to be seriously droll in an Anne Lamott way Never is her humor more honed than in the portrayal of her deceased spouse whose devotion antics and wisdom remain ever present to those who are staying alive without him His death becomes not only the family's heartbreak but the loss of a well executed life for all who knew him or will get to know him through these essays Whether Laura Hayden's writing deals with herself her children or her cadre of loved ones it is clear that she her daughter and her son emerge from their tragic loss survivors not victims of Larry's death an outcome of which he would be very pleased In a culture of intentionally exposed and celebrated self victimization the story of this family may be considered a quiet triumph

and tourists weekends spent climbing Navajo Mountain and floating what remains of Glen Canyon and late night arguments concerning the meaning and purpose of nature with the eccentric polygamist who ran the town in which the surveyors parked their bunk trailers Although this work is autobiographical Shooting Polaris is so much more It is a reflection on man s relationship to nature and work American history and the movement into the West the desire to impose order and the contrary impulse for unmediated experience the idealistic legacy of the sixties the influence of the Mormon Church and the often antagonistic relationship of American capitalism to sound ecological management Along the way Hales introduces engaging characters and reveals the art science and history of surveying an endeavor that turns out to be surprisingly profound
