Losing My Mind An Intimate Look At Life With Alzheimers:

Losing My Mind Thomas DeBaggio, 2002-04-05 When Tom DeBaggio turned fifty seven in 1999 he thought he was about to embark on the relaxing golden years of retirement time to spend with his family his friends the herb garden he had spent decades cultivating and from which he made a living Then one winter day he mentioned to his doctor during a routine exam that he had been stumbling into forgetfulness making his work difficult After that fateful visit and a subsequent battery of tests over several months DeBaggio joined the legion of twelve million others afflicted with Alzheimer s disease But under such a curse DeBaggio was also given one of the greatest gifts the ability to chart the ups and downs of his own failing mind **Losing My Mind** is an extraordinary first person account of early onset Alzheimer s the form of the disease that ravages younger more alert minds DeBaggio started writing on the first day of his diagnosis and has continued despite his slipping grasp on one of life s greatest treasures memory In an inspiring and detailed account DeBaggio paints a vivid picture of the splendor of memory and the pain that comes from its loss Whether describing the happy days of a youth spent in a much more innocent time or evaluating how his disease has affected those around him DeBaggio poignantly depicts one of the most important parts of our lives remembrance and how we often take it for granted But to DeBaggio memory is more than just an account of a time long past it is one s ability to function to think and ultimately to survive As his life becomes reduced to moments of clarity the true power of thought and his ability to connect to the world shine through and in DeBaggio s case it is as much in the lack of functioning as it is in the ability to function that one finds love hope and the relaxing golden years of peace At once an autobiography a medical history and a testament to the beauty of memory **Losing My Mind** is more than just a story of Alzheimer s it is the captivating tale of one man s battle to stay connected with the world and his own life **A**

The Oxford Handbook of Philosophy and Disability Adam Cureton, David Wasserman, 2020 This Handbook introduces philosophers as well as other scholars in the humanities and social sciences to one of the most dynamic new areas of philosophical inquiry. Disability raises some of the deepest conceptual and normative issues about human embodiment and well being, dignity, respect, justice and equality and personal and social identity. But it also raises pressing practical questions for educational, health, reproductive and technology policy and confronts controversial questions about the scope and direction of the human and civil rights movements. The Handbook addresses these issues and more with contributions from some of the most prominent philosophers in the field. The clarity it brings to these discussions demonstrates fully the continued centrality and importance of philosophical inquiry.

Facilitating Spiritual Reminiscence for People with Dementia Elizabeth MacKinlay, Corinne Trevitt, 2015-06-21 Putting research into practice this book presents a practical guide to spiritual reminiscence with older people living with dementia. Clear step by step instructions for planning and hosting sessions are accompanied by important information on what spiritual care actually is and its importance in caring for older people with dementia.

Alzheimer's Disease Memoirs Pramod K Nayar, 2021-12-06 This book examines writings by people living with Alzheimer's Disease and their caregivers. Its focus areas include the construction of the self in the face of diminishing linguistic and cognitive abilities, the stigmatization of ageing, the various narrative strategies that these texts often collaboratively employ, the health activism and advocacy generated via a biosociality and the ethics of care. It examines the disease writing genre about a condition that ravages the ability to use language. It serves as a literary examination of the work done in this area through a critical reading of the memoirs of those with AD and caregivers and a healthy dose of literary theory. The book is a valuable resource for those interested in literary and critical theory and researchers in the field of ageing dementia studies.

Contemporary Narratives of Dementia Sarah Falcus, Katsura Sako, 2019-01-15 This book examines narratives of dementia in contemporary literary texts, studying what is now a pressing issue with deep political, economic and social implications for many ageing societies. As part of the increasing visibility of dementia in social and cultural life, these narratives pose ethical, aesthetic and political questions about subjectivity, agency and care that help us to interrogate the cultural discourse of dementia. *Contemporary Narratives of Dementia* is a seminal book that offers a sustained

examination of a wide range of literary narratives from auto biographies and detective fiction to children s books and comic books With its wide reaching theoretical and critical scope its comparative dimension and its inclusion of multiple genres this book is important for scholars engaging with studies of dementia and ageing in diverse disciplines Sarah Falcus is a Reader in Contemporary Literature at the University of Huddersfield UK She has research interests in contemporary women s writing feminism and literary gerontology She is the co director of the Dementia and Cultural Narrative DCN network Katsura Sako is an Associate Professor of English at Keio University Japan Her main field of research is in post war contemporary British literature and she has particular interests in gender ageing and illness She is a member of the steering committee of the DCN network

The Family Experience of Dementia Gary Morris, Jack Morris, 2020-12-21 Dementia not only affects the person presented with the diagnosis but their family and friends too This book provides practitioners with strategies to support the whole family and understand their dementia journey both pre and post diagnosis This is facilitated through a series of activities and reflective prompts There is also a dedicated chapter offering structured exercises for health and social care practitioners and students The book introduces the Lawrence family where Peter has been diagnosed with dementia and provides perspectives from each family member allowing practitioners to become acquainted with the lived experience of everyone involved The reflective questions allow readers to become actively engaged to maximise their knowledge and understanding and to better contextualize what the dementia experience feels like for family and friends With its focus on the all important lived experience of the whole family during the diagnostic process and beyond this is essential reading for any practitioner working with people with dementia

When It Gets Dark Thomas DeBaggio, 2007-11-01 Adeptly navigating between elegy and celebration fear and determination confusion and clarity DeBaggio delivers an exquisitely moving and inspiring book that will resonate with all those who have grappled with their own or their loved ones memory loss and with death With his first memoir *Losing My Mind* Thomas DeBaggio stunned readers by laying bare his faltering mind in a haunting and beautiful meditation on the centrality of memory to human life and on his loss of it to early onset Alzheimer s disease In this second extraordinary narrative he confronts the ultimate loss that of life And as only DeBaggio could he treats death as something to honor to marvel at to learn from Charting the progression of his disease with breathtaking honesty DeBaggio deftly describes the frustration grief and terror of grappling with his deteriorating intellectual faculties Even more affecting the prose itself masterfully represents the mental vicissitudes of his disease DeBaggio s fragments of memory observation and rumination surface and subside in the reader s experience much as they might in his own mind His frank lilting voice and abundant sense of wonder bind these fragments into a fluid and poetic portrait of life and loss Over the course of the book DeBaggio

revisits many of the people places and events of his life both in his memory and in fact In a sense he is saying goodbye paying his respects to the world as it recedes from him and it is a poignant irony that even as this happens he is at the height of his remarkable descriptive powers In his moments of clarity his love for life s details only grows deeper and richer the limestone creek where he has fished for years his satisfying and lonely herb farming days the goldfish pond his son designed and built in his backyard in honor of DeBaggio s passion for any hole in the ground with some liquid in it the thirty years in his beloved home in Arlington Virginia his early career as a muckraker the innumerable precious moments spent with his wife and son his belated grief over his parents deaths
