Structure of Typical American Oil Fields American Association of Petroleum Geologists,1929   **ePro** Brian Tiplady,2016-05-13 Patient self reported data has become increasingly important in today s clinical trials Trials in some disease indications rely upon patient recorded diary data as the primary endpoint to demonstrate drug efficacy including for example indications such as insomnia migraine and pain In addition improvements in quality of life measured using patient questionnaires can now be included as claims on drug labelling Traditionally these data have been collected using paper questionnaires and diaries issued to subjects Regulators and the industry have become increasingly aware of the limitations of recording patient reported outcomes data on paper including data quality and integrity issues As a result there is a growing interest in collection of patient reported outcomes data using electronic means ePRO Solutions include handheld PDAs Interactive Voice Response IVR systems and other site based hardware such as touchscreen PCs Recently there has been much open debate with the regulators around the use of ePRO in clinical drug submissions US and European agencies have approved new drugs that have included ePRO data in the submission dossier but there are many questions around the adoption of the technology that concern the community These include How should instruments developed on paper be adapted for electronic use and what degree of validation should be done between paper and electronic forms How can researchers ensure they are complying with regulatory requirements including the PRO guidance published by FDA in 2009 when using ePRO solutions Can fewer patients be exposed in a clinical trial as a result of improved data quality obtained using electronic diaries What type of solution should be used for certain patient populations and protocols and how can ePRO solutions be designed optimally to increase patient acceptability and compliance Bill Byrom and Brian Tiplady s ePro addresses all these issues reviews the new FDA guidance and provides a very contemporary view on this important subject

Geology and Technology of the California Oil Fields Ralph Arnold,Valentín R. Garfias,1914   Alcohol in the Movies, 1898-1962 Judy Cornes,2006-10-03 A 1906 film called The Dream of a Rarebit Fiend shows a man drinking and eating voraciously at a restaurant then going home to bed In the surreal scenes that follow furniture disappears tiny devils poke the man s head with pitchforks and his bed hurls itself out the window and across the city But it wasn t commentary on drinking rather it was a showcase of early special effects double exposure photography panning shots and montage Turn of the century films typically treated drinking as a subject for comedy and ridicule and the comic possibilities translated well into silent movies As talkies developed and the film industry matured alcohol s portrayal was reflected in the times prohibition the Great Depression the war years and as social commentary Here is a study of 64 years of alcohol as portrayed in film The author begins with the appearance in 1898 of what is probably the first commercial a 30 second film of men in kilts dancing and the words Scotch Whiskey appearing in the background The final film is 1962 s Days of Wine and Roses which addresses alcoholism The author includes a film from each decade those with artistic or historical value those that represent the

comedy drama and musical genres and well known pictures such as The Lost Weekend and A Star Is Born The first three chapters cover 1903 to 1939 The remaining chapters follow not a timeline but the growing complexity of the movies A recurring motif is the use of the term white logic a phrase used by writer Jack London in his 1913 memoir John Barleycorn It refers to disillusionment with everyday life brought on by and exacerbated by alcohol An annotated filmography lists the date source and other relevant information about movies in this study **Open-file Report** ,1994 **Congressional Record** United States.
