Trauma and Forgiveness C. Fred Alford, 2014-01-09 Contrary to the view of trauma popularized by literary theorists Trauma and Forgiveness argues that the traumatized are capable of representing their experience and that we should therefore listen more and theorize less Using stories and case studies including testimonies from Holocaust survivors as well as the victims of ordinary trauma C Fred Alford shows that while the traumatized are generally capable of representing their experience this does little to heal them He draws on the British Object Relations tradition in psychoanalysis to argue that forgiveness which might be expected to help heal the traumatized is generally an attempt to avoid the hard work of mourning losses that can never be made whole Forgiveness is better seen as a virtue in the classical sense a recognition of human vulnerability The book concludes with an extended case study of the essayist Jean Am ry and his refusal to forgive

**The Spirit of God as Fire; the Globe Within the Sun Our Heaven** D. Mortimore,2022-11-21 The Spirit of God as Fire the Globe Within the Sun Our Heaven is a philosophical book by D Mortimore that ties together the concepts of spirituality religion and astronomy with a view to forming a greater view about existence Excerpt Now you will remember that the heathen in ancient times and even so with them at the present day were always dismayed and frightened at the recurrence of an eclipse of the Sun and imagined the time of the world had come to an end But the science of astronomy has comprehended the laws of nature and has revealed the true causes of these seeming phenomena to the enlightenment of the world and many years previous to their occurrence Astronomers can foretell the day the hour and even the very moment when they will appear or be visible in any part of the world as also when they will disappear But we see however that God himself has spoken of such eclipses as signs in the heaven and yet they are eclipses of the Sun

*The Four Last Things* Reverend Martin Von Cochem O.S.F.C., Aeterna Press, IT appears to me unnecessary to say much about the terrors of death The subject has been sufficiently enlarged upon by various writers besides every one knows and feels for himself that life is sweet and death is bitter However old a man may be however broken in health however miserable his circumstances the thought of death is an unwelcome one Aeterna Press

[The Sabbath Recorder](#) ,1923 [Illuminating the Narrow Gate](#) Karl R. Luther,2022-01-17 The apocalyptic end times have finally arrived What is coming to an end though is not what you have been led to believe Do you desire the truth about God our foremost religions the purpose of life and the future of our planet Are

you ready to challenge the religious powers that be to learn what most would rather not know If so this revolutionary book will help you transcend the darkness on your eternal journey home to a God of pure unconditional love a God who has no cause or need to ever judge or condemn anybody Illuminating the Narrow Gate reveals the flaws of the mainstream Western religions as it guides and empowers its readers to embrace an enlightened spirituality Brimming with astonishing insights and revelations it will shock the world by debunking the fire and brimstone theology of mainstream Christianity It primarily accomplishes this by unraveling the apocalyptic prophecies of Daniel the gospels and Revelation in their entirety In fact they contain hidden spiritual messages that contradict what has been confidently preached for all these centuries Like a challenging riddle that cannot be solved the answer is obvious in hindsight Only the blinding power of a paradigm can explain how we missed it for so long The revelations will strike with devastating force because the book first arrives at the same conclusion through more traditional means It convincingly describes how Jesus had come to uproot Judaism but the version of Christianity that developed in his wake failed to make the paradigm shift Erroneous tenets that should have been discarded were instead institutionalized in both theology and authority The book also blazes a third independent trail to the same destination by showing how this ancient religious tree bore its poisonous fruit in both the Holocaust and the abomination of slavery that fathered the Civil War Furthermore the book illuminates the nature of evil and its well cloaked ways which is essential for unraveling the prophecies This wisdom yields a new and astonishing interpretation of the Book of Job that delivers a quantum leap in insight over the prevailing understanding As the first devout Christian to read this interpretation commented It rocked my apple cart to the core In addition it presents an array of scientific evidence for the spiritual realm s existence that complements its amazing demonstration that long range prophecy is truly possible It thus shows the atheistic religion of scientism is also doomed Meanwhile the book proves Jesus was the Anointed One Messiah with a telescoping trio of prophecies from Daniel that foretold the onset of his ministry to the reign of the Roman Empire to its first ten emperors in the 1st century CE and to 27 34 CE Most Christians will thus either fearfully denounce the book as a satanic assault upon their religion or courageously embrace it as the inevitable completion of the Reformation The great spiritual awakening will soon be kicking into high gear which is exactly what the apocalyptic prophecies long ago foretold and the spiritual realm has long been awaiting As Jesus and a group of angels informed an atheist during his near death experience in 1985 The world is at the beginning of a major transformation It will be a spiritual revolution that will affect every person in the world Can you handle the truth Are you ready to awaken If so this world changing book is at your service You only have to purchase Vol I to get the book s core insights and revelations A PDF document of the Endnotes Bibliography Index et al published in Vol II can be downloaded for free from the book s website to make Vol I a self standing book

**Twentieth-Century Janissary** C. Dionysios Dionou, 2011-03-18 Although not entirely a happy memoir this book looks back on the author s life with a dash of humor It reminds the author of his mostly painful yet rewarding challenges while

growing up and being a Greek orphan In this book he states that his life had an enormous toll on him leaving deep scars that are difficult to heal However this story is not merely about the author s life It also contains several universal themes about childhood adoption how to raise children and more Touching and enlightening at the same time Twentieth Century Janissary An Orphan s Search For Freedom Family and Heritage also invites the younger generation of Greeks to cherish their heritage and legacy This book is available in trade paperback trade hardback and eBook formats For more information interested parties may log on to [www Xlibris com](http://www.Xlibris.com)
