*1956 and All That* Dan Rebellato, 2002-03-11 It is said that British Drama was shockingly lifted out of the doldrums by the revolutionary appearance of John Osborne's *Look Back in Anger* at the Royal Court in May 1956. But had the theatre been as ephemeral and effeminate as the Angry Young Men claimed? Was the era of Terence Rattigan and Binkie Beaumont as repressed and closeted as it seems? In this bold and fascinating challenge to the received wisdom of the last forty years of theatrical history, Dan Rebellato uncovers a different story altogether. It is one where Britain's declining Empire and increasing panic over the problem of homosexuality played a crucial role in the construction of an enduring myth of the theatre. By going back to primary sources and rigorously questioning all assumptions, Rebellato has rewritten the history of the Making of Modern British Drama.

**British Theatre Since the War** Dominic Shellard, 2008-10-01 British theatre of the past fifty years has been brilliant, varied and controversial, encompassing invigorating indigenous drama, politically didactic writing, the formation of such institutions as the National Theatre, the exporting of musicals worldwide from the West End and much more. This entertaining and authoritative book is the first comprehensive account of British theatre in this period. Dominic Shellard moves chronologically through the half century, discussing important plays, performers, directors, playwrights, critics, censors and agents, as well as the social, political and financial developments that influenced the theatre world. Drawing on previously unseen material such as the Kenneth Tynan archives, first hand testimony and detailed research, Shellard tackles several long held assumptions about drama of the period. He questions the dominance of *Look Back in Anger* in the 1950s, arguing that much of the theatre of the ten years prior to its

premiere in 1956 was vibrant and worthwhile. He suggests that theatre criticism, theatre producers and such institutions as the National Theatre and the Royal Shakespeare Company have played key roles in the evolution of recent drama. And he takes a fresh look at the work of Terence Rattigan, Harold Pinter, Joe Orton, Alan Ayckbourn, Timberlake Wertenbaker and other significant playwrights of the modern era. The book will be a valuable resource not only for students of theatre history but also for any theatre enthusiast.

*British Theatre and Performance 1900-1950* Rebecca D'Monte, 2015-02-26. British theatre from 1900 to 1950 has been subject to radical re-evaluation with plays from the period setting theatres alight and gaining critical acclaim once again. This book explains why, presenting a comprehensive survey of the theatre and how it shaped the work that followed. Rebecca D'Monte examines how the emphasis upon the working class angry drama from the 1950s has led to the neglect of much of the century's earlier drama, positioning the book as part of the current debate about the relationship between war and culture, the middlebrow and historiography. In a comprehensive survey of the period, the book considers the Edwardian theatre, the theatre of the First World War including propaganda and musicals, the interwar years, the rise of commercial theatre and influence of Modernism, the theatre of the Second World War and post-war period. Essays from leading scholars Penny Farfan, Steve Nicholson and Claire Cochrane give further critical perspectives on the period's theatre and demonstrate its relevance to the drama of today. For anyone studying 20th-century British Drama, this will prove one of the foundational texts.

*Twentieth-Century British Theatre* Claire Cochrane, 2011-10-27. In this book, Claire Cochrane maps the experience of theatre across the British Isles during the twentieth century through the social and economic factors which shaped it. Three topographies for 1900, 1950 and 2000 survey the complex plurality of theatre within the nation-state, which at the beginning of the century was at the hub of world-wide imperial interests and after one hundred years had seen unprecedented demographic, economic and industrial change. Cochrane analyses the dominance of London theatre but redresses the balance in favour of the hitherto marginalised majority experience in the English regions and the other component nations of the British political construct. Developments arising from demographic change are outlined, especially those relating to the rapid expansion of migrant communities representing multiple ethnicities. Presenting fresh historiographic perspectives on twentieth-century British theatre, the book breaks down the traditionally accepted binary oppositions between different sectors, showing a broader spectrum of theatre practice.

**Oxford Playhouse** Don Chapman, 2008. To coincide with the 70th anniversary of its present home on Beaumont Street, Oxford, this account traces the history of the Oxford Playhouse from its earliest roots: a production of *Agamemnon* in 1880 and the founding of the Oxford University Dramatic Society to the rebuilding of Oxford's New Theatre and eventually the launch of the Playhouse itself. Recalling actress Jane Ellis' early desire for a venue where she might play decent roles as well as her efforts to make it happen, the book also celebrates a galaxy of stars who have acted there, including Flora Robson, John Gielgud, Maggie Smith, Ronnie Barker, Judi Dench and Helena Bonham Carter, and records the first steps of students such as Rowan Atkinson. In
