Paradise Lost John Milton,2003-02-27 An endless moral maze introducing literature s first Romantic Satan John Carey
In his epic poem Paradise Lost Milton conjured up a vast awe inspiring cosmos ranging across huge tracts of space and time And yet in putting a charismatic Satan and naked Adam and Eve at the centre of this story he also created an intensely human tragedy on the Fall of Man Written when Milton was in his fifties blind bitter and briefly in danger of execution Paradise Lost s apparent ambivalence has led to intense debate about whether it manages to justify the ways of God to men or exposes the cruelty of authority Edited with an introduction and notes by JOHN LEONARD *Lost in Math* Sabine Hossenfelder,2018-06-12 In this provocative book New York Times a contrarian physicist argues that her field s modern obsession with beauty has given us wonderful math but bad science Whether pondering black holes or predicting discoveries at CERN physicists believe the best theories are beautiful natural and elegant and this standard separates popular theories from disposable ones This is why Sabine Hossenfelder argues we have not seen a major breakthrough in the foundations of physics for more than four decades The belief in beauty has become so dogmatic that it now conflicts with scientific objectivity observation has been unable to confirm mindboggling theories like supersymmetry or grand unification invented by physicists based on aesthetic criteria Worse these too good to not be true theories are actually untestable and they have left the field in a cul de sac To escape physicists must rethink their methods Only by embracing reality as it is can science discover the truth
