Lost Chicago:

Lost Chicago David Lowe, 2010-10 The City of Big Shoulders has always been our most quintessentially American and world class architectural metropolis In the wake of the Great Fire of 1871 a great building boom still the largest in the history of the nation introduced the first modern skyscrapers to the Chicago skyline and began what would become a legacy of diverse influential and iconoclastic contributions to the city's built environment Though this trend continued well into the twentieth century sour city finances and unnecessary acts of demolishment left many previous cultural attractions abandoned and then destroyed Lost Chicago explores the architectural and cultural history of this great American city a city whose architectural heritage was recklessly squandered during the second half of the twentieth century David Garrard Lowe's crisp lively prose and over 270 rare photographs and prints illuminate the decades when Gustavus Swift and Philip D Armour ruled the greatest stockyards in the world when industrialists and entrepreneurs such as Cyrus McCormick Potter Palmer George Pullman and Marshall Field made Prairie Avenue and State Street the rivals of New York City's Fifth Avenue and when Louis Sullivan Daniel Burnham and Frank Lloyd Wright were designing buildings of incomparable excellence Here are the mansions and grand hotels the office buildings that met technical perfection including the first skyscraper and the stores trains movie palaces parks and racetracks that thrilled residents and tourists alike before falling victim to the wrecking ball of progress Lost Chicago is more than just another coffee table gift more than merely a history of the city's architecture it is a history of the whole city as a cultural creation New York Times Book Review Lost Chicago John Paulett, Judy Floodstrand, 2021-09-28 A chronicle of the city's great losses from old ballparks to lakeshore mansions Lost Chicago looks at the cherished places in the city that time progress and fashion have swept aside The series looks back in loving detail at many of the things that have helped create a city's unique identity that have since disappeared the streetcars the shops the parks the churches the amusement parks even the annual parades It looks at the architectural gems that failed to be preserved the hotels that could not be adapted and fell to the wrecking ball and the novelty buildings Famous landmarks much loved restaurants sports stadia movie palaces pleasure gardens piers and lake steamers plus the Union stockyards all feature along with the industries that once drove the Chicago economy but have since moved on **Lost Chicago**
