Factor** Leonard G. Cramp, 2001 British aerospace engineer Cramp began much of his scientific anti gravity and UFO propulsion analysis back in 1955 with his landmark book *Space Gravity and the Flying Saucer* out of print and rare His next books *UFOs and Anti Gravity Piece for a Jig Saw* and *The Cosmic Matrix Piece for a Jig Saw Part 2* began Cramp's in depth look into gravity control free energy and the interlocking web of energy that pervades the universe In this final book Cramp brings to a close his detailed and controversial study of UFOs and Anti Gravity with what he calls the Advanced Time Factor or the AT Factor This fascinating collection of some of the UFO related works is presented here in an autobiographical format in response to popular enquiry In this work the author points out that any preview of future events can logically be regarded as a form of time travel and this may occur in a vast cosmic matrix system in which all things have their shared existence Drawing on his own experience the author discovered that the elapsed time between preview of an event to its manifestation can also be variable and for co ordination and tabulating purposes he has designated this as an advanced time factor **The Shadow of Atlantis** Alexander Braghine, A. Braghine, 1997 First published in 1940 this is one of the great classics of Atlantis research It amasses a great deal of archaeological anthropological historical and scientific evidence in support of a lost continent in the Atlantic Ocean Braghine covers such diverse topics as Egyptians in Central America the myth of Quetzalcoatl the Basque language and its connection with Atlantis the connections with the ancient pyramids of Mexico Egypt and Atlantis the sudden demise of mammoths legends of giants and much more Indians in the Americas William Marder, 2005 Many books over the years have promised to tell the true story of the Native American Indians Many however have been filled with misinformation or derogatory views Finally here is a book that the Native American can believe in This well researched book tells the true story of Native American

accomplishments challenges and struggles and is a gold mine for the serious researcher It includes extensive notes to the text and over 500 photographs and illustrations many that have never before been published The author after 20 years of research has attempted to provide the world with the most truthful and accurate portrayal of the Native American Indians Every serious researcher and Native American family should have this ground breaking book *The Lost World of Cham* David Hatcher Childress,2017-01-25 David Childress popular author and star of the History Channel s show Ancient Aliens brings us the incredible story of the Cham Egyptian Hindu Buddhist seafarers who ruled a realm that was as big as the Pacific Ocean The mysterious Cham or Champa peoples of Southeast Asia formed a megalith building seagoing empire that extended into Indonesia Fiji Tonga Micronesia and beyond a transoceanic power that reached Mexico the American Southwest and South America The Champa maintained many ports in what is today Vietnam Cambodia and Indonesia particularly on the islands of Sulawesi Sumatra and Java and their ships plied the Indian Ocean and the Pacific bringing Chinese African and Indian traders to far off lands including Olmec ports on the Pacific Coast of Central America Statues in Vietnam of the Champa show men and women distinctly African in appearance and the Champa royalty were known to consist of nearly every racial group They had iron tools and built megalithic cities of finely cut basalt and granite such as the city of My Son in central Vietnam Its construction is identical to that at Tiwanaku in South America Topics include Who Were the Champa Cham and Khmer The Egyptian Influence on Cham The Search for Metals Trans Pacific Voyaging The Basalt City of Nan Madol Elephants and Buddhists in North America The Cham and the Olmecs The Cham in Colombia The Cham and Lake Titicaca Easter Island and the Cham tons more *Technology of the Gods* David Hatcher Childress,2000 Technology of the Gods lays out the mind bending evidence that long lost civilizations had attained and even exceeded our modern level of advancement Westerners have been taught that humankind has progressed along a straight line path from the primitive past to the proficient present but the hard fast evidence literally written in stone proves that the ancients had technologies we cannot even replicate today **The Return of the Serpents of Wisdom** Mark Amaru Pinkham,2011-03-10 According to ancient records the patriarchs and founders of the early civilizations in Egypt India China Peru Mesopotamia Britain and the Americas were colonized by the Serpents of Wisdom spiritual masters associated with the serpent who arrived in these lands after abandoning their beloved homelands and crossing great seas While bearing names denoting snake or dragon such as Naga Lung Djedhi Amaru Quetzalcoatl Adder etc these Serpents of Wisdom oversaw the construction of magnificent civilizations within which they and their descendants served as the priest kings and as the enlightened heads of mystery school traditions The Return of the Serpents of Wisdom recounts the history of these Serpents where they came from why they came the secret wisdom they disseminated and why they are returning now **The Shadow Government** Len Bracken,2002 This book presents the alarming evidence that nation states actively engage in terror and also passively allow terror to be visited upon their citizens It is not just liberation movements and radical groups that deploy terrorist tactics for

offensive ends States use terror defensively to directly intimidate their citizens and to indirectly attack themselves or harm their citizens under a false flag Their motivation To provide pretexts for otherwise unwanted wars or to gain increased police powers Statesmen have executed indirect terrorism in various ways but most plots tend to involve the pretence of blind eyes misdirection and cover ups that give the statesmen plausible deniability The shrinking of the Lusitania the bombing of Pearl Harbour the October Surprise the first World Trade Center bombing the Oklahoma City bombing and other well known incidents suggest that terrorism is often successfully used by states to take the offensive against enemies at home and abroad Was 9 11 such an indirect defensive attack Len Bracken traces the clues circumstantially connecting a multi armed hydra of oil interests the CIA FBI diplomats and statesmen to the September 11 attacks and examines whether they were engineered or allowed as a pretext for the war in Afghanistan The subsequent anthrax attack targeting Democratic senators is considered in light of the controversial USA Patriot Acts rights encroaching measures and the act s easy passage under conditions of terror A shadow government appears to have covered the land like black ice
