The stronger the magnet the stronger the magnetism Magnetism is not only a property of certain metals however Applied to people magnetism is an inner force which attracts people things and opportunities that are on the same wavelength A basic principle of magnetism is that like attracts like We become like the people with whom we mingle not through their conversation but through the magnetic vibrations emanating from their bodies. The person whose magnetism is stronger gives his vibrations to the other. There are as many different types of magnetism as there are people Musicians have one kind of magnetism financiers another and scientists still another We must first decide what kind of magnetism we want and then associate with those people who possess it If we want to become artists we should associate with talented artists If we want to become good at business we should associate with successful business people or leaders If we want to become strong spiritually we should associate with devotees of God Paramhansa Yogananda the great spiritual teacher and author of the classic Autobiography of a Yogi described spiritual magnetism as the power of all powers and often counseled people even those seeking material success to concentrate first on developing spiritual magnetism He said Develop power to attract the highest thing then you can easily attract all lesser things When we have strong spiritual magnetism we are able to attract whatever else we need inspiration money the right job a good living situation or a compatible life partner Naidhruva Rush graduated from Harvard Law School in 1964 and then worked in the Civil Rights Movement as a staff attorney for the NAACP Legal Defense Fund She later served as Director of Community Law Offices in New York City While working as a law professor in the mid 1970s Naidhruva read Paramansa
