Traveler's Guide , The Highway Horror Film Bernice M. Murphy,2014-03-12 The Highway Horror Film argues that Highway Horror is a hitherto overlooked sub genre of the American horror movie In these films the American landscape is by its very accessibility rendered terrifyingly hostile and encounters with other travellers almost always have sinister outcomes Fate and Freedom in the Novels of David Adams Richards Sara MacDonald,Barry Craig,2017-05-04 This book

explores the understanding of freedom developed in the later novels of celebrated Canadian author David Adams Richards Many reviewers highlight two interconnected features in Richards novels a seemingly rigid determinism of setting and sociodemographics and a resulting hopelessness In contrast Richards describes the quest of human life and the purpose of his novels as a search for freedom This book explores the account of freedom that is developed through the course of four of Richards's works The Friends of Meager Fortune Mercy Among the Children The Lost Highway and Crimes Against My Brother Following the Augustinian thread that informs Richards's writing we argue that rather than presenting an understanding of human life that is bleak or hopeless Richards instead reveals an argument wherein one's happiness and freedom is found in the midst of love Film Remakes NA NA,2016-10-03 This is the first book to provide a comprehensive

and systematic account of the phenomenon of cinematic remaking Drawing upon recent theories of genre and intertextuality Film Remakes describes remaking as both an elastic concept and a complex situation one enabled and limited by the interrelated roles and practices of industry critics and audiences This approach to remaking is developed across three broad sections the first deals with issues of production including commerce and authors the second considers genre plots and structures and the third investigates issues of reception including audiences and institutions *Architecture in Cinema*

Driving Visions David Laderman, 2010-01-01 From the visionary rebellion of *Easy Rider* to the reinvention of home in *The Straight Story* the road movie has emerged as a significant film genre since the late 1960s able to cut across a wide variety of film styles and contexts Yet within the variety a certain generic core remains constant the journey as cultural critique as exploration beyond society and within oneself This book traces the generic evolution of the road movie with respect to its diverse presentations emphasizing it as an independent genre that attempts to incorporate marginality and subversion on many levels David Laderman begins by identifying the road movie's defining features and by establishing the literary classical Hollywood and 1950s highway culture antecedents that formatively influenced it He then traces the historical and aesthetic evolution of the road movie decade by decade through detailed and lively discussions of key films Laderman concludes with a look at the European road movie from the late 1950s auteurs through Godard and Wenders and at compelling feminist road movies of the 1980s and 1990s

Southern Crossings Daniel Cross Turner, 2012-08-30 Daniel Cross Turner has made a key contribution to the critical study and appreciation of the diverse field of contemporary Southern poetics *Southern Crossings* crosses a gulf in contemporary poetry criticism while using the idea or ideas many and contrary of Southernness to appraise poetries created from the profuse tangled histories of the region Turner's close readings are dynamic even lyrical He offers a new understanding of rhythm's central place in contemporary poetry while considering the work of fifteen poets Through his focus on varied yet interwoven forms of cultural memory Turner also shows that memory is not in fact pass The way we remember has as much to say about our present as our past memory is living shifting culturally formed and framed This is a valuable and important book that entwines new visions of poetic forms with forms of regional remembrance and identity Natasha Trethewey Pulitzer Prize winner and author of *Native Guard* Poems Offering new perspectives on a diversity of recent and still practicing southern poets from Robert Penn Warren and James Dickey to Betty Adcock Charles Wright Yusef Komunyakaa Natasha Trethewey and others this study brilliantly illustrates poetry's value as a genre well suited to investigating historical conditions and the ways in which they are culturally assimilated and remembered Daniel Cross Turner sets the stage for his wide ranging explorations with an introductory discussion of the famous Fugitive poets John Crowe Ransom Allen Tate and Donald Davidson and their vision of a constant southernness that included an emphasis on community and kinship remembrance of the Civil War and its glorified pathos of defeat and a distinctively southern white voice Combining poetic theory with memory studies he then shows how later poets with their own unique forms of cultural remembrance have reimagined and critiqued the idealized view of the South offered by the Fugitives This more recent work reflects not just trauma and nostalgia but makes equally trenchant uses of the past including historiophoty the recording of history through visual images and counter-memory resistant strains of cultural memory that disrupt official historical accounts As Turner demonstrates the

range of poetries produced within and about the American South from the 1950s to the present helps us to recalibrate theories of collective remembrance on regional national and even transnational levels With its array of new insights on poets of considerable reputation six of the writers discussed here have won at least one Pulitzer Prize for poetry Southern Crossings makes a signal contribution to the study of not only modern poetics and literary theory but also of the U S South and its place in the larger world Daniel Cross Turner is an assistant professor of English at Coastal Carolina University His articles which focus on regional definition in national and global contexts and on aesthetic forms potential to record historical transitions appear in edited collections as well as journals including Genre Mosaic the Southern Literary Journal the Southern Quarterly and the Mississippi Quarterly
