Unger, 2010-08-04 Renaissance map makers produced ever more accurate descriptions of geography which were also beautiful works of art They filled the oceans Europeans were exploring with ships and to describe the real ships which were the newest and best products of technology Above all the ships were there to show the European conquest of the seas of the world **Historic Maritime Maps 120 illustrations** Donald Wigal, 2022-12-06 In the Middle Ages navigation relied upon a delicate balance between art and science Whilst respecting the customs and the precautions of their forbearers sailors had to count on their knowledge of the stars the winds the currents and even of migratory flights They also used hand painted maps which although certainly summary were marvellously well drawn In following the saga of old sailors from Eric Le Rouge to Robert Peary Donald Wigal leads us in discovering the New World This magnificent overview of maps dating from the 10th to the 18th centuries often primitive and sometimes difficult to understand retraces the progress of cartography and shows the incredible courage of men who endeavoured to conquer the seas with tools whose geographical accuracy often left much to be desired **Maps of the Mediterranean Regions Published in British Parliamentary Papers, 1801-1921** Susan Gole, 1996 **Chios dicta est... et in Aegæo sita mari: Historical Archaeology and Heraldry on Chios** Ioanna Koukouni, 2021-06-03 This book discusses the archaeology and history of the Greek island of Chios during the Byzantine and Genoese periods focusing on Mount Amani Harsh remote and poor Mount Amani is nevertheless surprisingly rich in material

for the landscape archaeologist and the student of historical topography yet until now unknown in scholarly literature

point in time is a manifestation of the prevailing viewpoints and methodological approaches in vogue The development of geography has a history of evolution of over 2000 years The discipline has been crafted over time to incorporate ideas from various schools of thought and several other disciplines from ancient to modern times The existing methodology and the

subject matter of Geography is a reflection of this assemblage and evolution The nature of development remained more philosophical up to modern period The First edition of this book published in 2008 was an attempt towards compilation of relevant study material on evolution of Geographic thought in a systematic way up to the modern period The book has been revised with the addition of two elaborated sections i e one each on the Classical and the Contemporary tradition in geography However the major thrust of present book is on the nature of geographic developments in its contemporary phase More recently the anthropocentrism and a concern about methodology are more evident in the development of discipline *Historical Outlook* ,1928 **Athena Magazine** ,1986
