Marceline Desbordes Valmore Devant La Critique:

Marceline Desbordes-Valmore devant la critique Éliane Jasenas, 1962 *Falconet: His Writings and His Friend Diderot* Anne Betty Weinshenker, 1966 **Encyclopedia of the Romantic Era 1760-1850** Christopher John Murray, 2013-05-13 In 850 analytical articles this two volume set explores the developments that influenced the profound changes in thought and sensibility during the second half of the eighteenth century and the first half of the nineteenth century The Encyclopedia provides readers with a clear detailed and accurate reference source on the literature thought music and art of the period demonstrating the rich interplay of international influences and cross currents at work and to explore the many issues raised by the very concepts of Romantic and Romanticism **Charles of Orleans, a Study of Themes in His French and English Poetry** Norma Lorre Goodrich, 1967 *Uncanonical Women* Wendy Greenberg, 2023-12-14 In English here is presented for the first time an examination of the text and context of five nineteenth century French women poets Elisa Mercoeur 1808 1835 Marceline Desbordes Valmore 1786 1859 Louisa Siefert 1845 1877 Louise Ackermann 1813 1890 and Louise Michel 1830 1905 will demonstrate that in spite of mentoring by various literary historic or even family figures these writers found their own voices A striking example is Louisa Siefert who in spite of bold intertextuality displays an unmistakably feminine persona whose originality poignantly draws the reader's attention These poets had many obstacles of overcome as woman identified poets For example Louise Ackermann's own husband did not want her to write and for this reason she remained silent during her who years of marriage Louise Michel is a different case as an analysis of the short poem *Bouche close* *Le Livre du Baigne* 1873 1880 will demonstrate In short *Uncanonical Women* explores a crescendo of poetic voice from the initial timid solicitations of Elisa Mercoeur to the bold self sufficient defiance of Louise Michel The implication of my original findings that uncanonical poets can surpass cultural marginalization is that the book will target both a traditional and modern readership Major these and clear language and tools that delineate identifiably personal style of true writers and the poetic persona of each is unique Mercoeur in ambition Desbordes Valmore in domesticity Siefert in anguish Ackermann in pessimism and Michel in leadership *The Portrait in Twelfth-century French Literature* Alice M. Colby, 1965 *Jean de Lannel and the Pre-classical French Novel* A. Maynor Hardee, 1967 **Maternal Echoes** Aimee Boutin, 2001-09 *Maternal Echoes* examines maternal imagery in the poetry of two French Romantic poets the increasingly popular Desbordes Valmore and the critically marginalized Lamartine Drawing on psychoanalytic theories on the maternal voice as well as feminist criticism the book argues that both poets find a voice of their own by echoing their mother's voice *The Romantic Poetess* Patrick H. Vincent, 2004 An elegant and provocative study of the literary and political effects of the work of romantic poetesses in England France and Russia *Stage of Dreams : the Dramatic Art of Alfred de Musset (1828-1834)* Herbert S. Gochberg, 1907 **Marceline Desbordes - Valmore devant la critique** Eliane Jasenas, 1952 **French Women Writers** Eva Martin Sartori, Dorothy Wynne Zimmerman, 1994-01-01 Marie de France Mme De S vign

and Mme De Lafayette achieved international reputations during periods when women in other European countries were able to write only letters translations religious tracts and miscellaneous fragments There were obstacles but French women writers were more or less sustained and empowered by the French culture Often unconventional in their personal lives and occupied with careers besides writing as educators painters actresses preachers salon hostesses labor organizers these women did not wait for Simone de Beauvoir to tell them to make existential choices and have projects in the world French Women Writers describes the lives and careers of fifty two literary figures from the twelfth century to the late twentieth All the contributors are recognized authorities Some of their subjects like Colette and George Sand are celebrated and others are just now gaining critical notice From Christine de Pizan and Marguerite de Navarre to Rachilde and H_l_ene Cixous from Louise Labe to Marguerite Duras these women speak through the centuries to issues of gender sexuality and language French Women Writers now becomes widely available in this Bison Book edition

JACKET *The Impact of Art on French Literature* Helen Osterman Borowitz,1985 This book traces a direct line of tradition that unites the French précieux novel Romantic and Symbolist literature and Proust s novel cycle

The Pataphysician's Library Ben Fisher,2000-12-01 The Pataphysician s Library is a study of aspects of 1890s French literature with specific reference to the traditions of Symbolism and Decadence Its main focus is Alfred Jarry who has proved perhaps surprisingly to

be one of the more durable fin de siècle authors The originality of this study lies in its use of the enigmatic list of books termed the *livres pairs* which appears in Jarry's 1898 novel *Gestes et Opinions du docteur Faustroll pataphysicien* his best known prose work The greatest interest of the *livres pairs* lies in a group of works by Jarry's friends and contemporaries primarily Leon Bloy Georges Darien Gustave Kahn Catulle Mendès Josephin Madan Rachilde and Henri de Regnier Several of these authors feature as the lords of islands visited by the pataphysician Dr Faustroll in his curious voyage around Paris In conjunction with Jarry's own works the contemporary *livres pairs* serve to illustrate the vibrant and experimental atmosphere in which these authors worked

more Nor are the discursive dimensions of imaginative literature neglected in the closing volume Romantic Prose Fiction where the basic Romantic themes and story types the romance novel novella short story and other narrative forms are considered throughout Europe and the New World This enormous realm is seen not just in terms of Romantic theorizing but in the light of the impact of Romantic ideas and narration on later generations As an aid to readers the introduction to Romantic Prose Fiction explains the relationships among the volumes in the series and carries a listing of their tables of contents in an appendix No other series exists comparable to these volumes which treat the entirety of Romanticism as a cultural happening across the whole breadth of the Old and New Worlds and thus render a complex picture of European spiritual strivings in the late eighteenth and the nineteenth centuries a heritage still very close to our age Diderot and Montaigne Jerome Schwartz, 1966
