Margery Perham and British Rule in Africa Alison Smith, Mary Bull, 1991 **Africans and British Rule** Dame Margery Freda Perham, Margery Perham, 1941 *Into Africa* C. Brad Faught, 2011-11-30 In the long history of the British Empire there are few stories as singular as that of Margery Perham From the moment she first set foot on African soil in 1921 to her death over sixty years later Perham was focused on the ways and means of Britain's administration of its African empire She acquired an unrivalled expertise in all aspects of this branch of empire its systems of governance and those who administered them its economic impact its geo strategic implications and its effect on Africans including their sense of nationalism and attitudes towards the end of empire From the 1930s until the 1960s it is unlikely that anyone in the administrative apparatus of the British Empire and almost assuredly anyone in the world of academia had as nuanced an understanding of how Britain's African empire actually worked as did Margery Perham Her road into Africa led from British Somaliland in 1921 where she went to visit her sister the wife of a local British district commissioner From such beginnings was spawned a career at the centre of British governance of empire In 1928 as a Fellow of St Hugh's College Oxford she was awarded a travelling fellowship which she used to study colonial administration So long and thorough was her tour that she had to sacrifice her teaching post but so expert did she become in the subject that in 1935 Oxford appointed her research lecturer in the field and a few years later she was appointed the first official and only female Fellow of Nuffield College For the next 30 years Perham delved deeply into every aspect of British Africa She was an adviser to the Colonial Office and became director of Oxford's Institute of Commonwealth Studies She wrote extensively and prolifically and publicly debated the future of Africa in the press As the era of African independence and decolonization began she advised newly independent governments about post colonial governance and corresponded with leading African nationalists Appointed DCMG in 1965 Dame Margery Perham died in 1982 Her life provides a unique window into the workings of the British Empire in Africa for most of the time it was fully operational In this new biography the first of its kind and based primarily on Perham's extensive private papers C Brad Faught tells her life story in all its richness while throwing fresh light on Britain's twentieth century imperial experience **Africans and British Rule** Margery Perham, 1949 *Colonial Sequence 1930 to 1949* Margery Perham, 2023-05-03 *Colonial Sequence 1930 1949 1967* presents a valuable body of evidence for the enquiry into Britain's colonial actions written at a time when Britain was retreating from empire In these collected articles we see Britain's colonial service in action snapshots from the time and place revealing colonialism with all its limitations and mistakes achievements and ideals **The Government and Administration of Africa, 1880-1939 Vol 1** Casper Anderson, 2017-07-05 This collection makes available rare sources on the aims functions and effects of British administration in Africa Topics examined include land and urban administration law and jurisprudence taxation and administration of natural resources [The Government and Administration of Africa, 1880-1939](#) Andrew Cohen, 2017-11-01 This collection makes available rare sources

The End of the British Empire in the Middle East, 1952–1971 Wm. Roger Louis, 2025-02-20 The quarter century after the end of the Second World War and the transfer of power in India in 1947 marked the slow and turbulent dissolution of the British Empire in the Middle East Seeking to capture the period in its full complexity and contradictions acclaimed historian Wm Roger Louis here provides a through going account of the British Empire's gradual decline Unpicking the overlapping motivations of those across Britain the US and the Middle East the book demonstrates how and why enthusiasm for the British involvement in the region waned the chaotic ways in which the withdrawal unfolded and the importance of these events for understanding the region today The book explores the period in full detail from the overthrow of the Musaddiq government in Iran the Egyptian Revolution Sudan's independence and the events of the pivotal year of 1955 that set the stage for the Suez crisis the following year through the pivotal Suez crisis of 1956 itself to the crises of 1957 the Iraqi Revolution of 1958 and the 1967 Arab Israeli war and concluding with the collapse of the British position in Aden and the decision to withdraw from the Gulf a process completed by the end of 1971 This panoramic and comprehensive history draws on six decades work in archives across Europe the Middle East and the US including those from governmental archives and private papers and in multiple languages complemented by a considerable body of oral history testimony much of it acquired by the author through conversations with contemporary British politicians and officials In so doing the book sheds new light onto the nature and complexity of the British Empire in its final days and the importance of understanding this history today

Ending British rule in Africa Carol Polsgrove, 2017-03-01 On the eve of World War II a small impoverished group of Africans and West Indians in London dared to imagine the unimaginable the end of British rule in Africa In books pamphlets and periodicals they launched an anti colonial campaign that used publishing as a pathway to liberation West Indians George Padmore C L R James and Ras Makonnen Kenya's Jomo Kenyatta and Sierra Leone's I T A Wallace Johnson made their point that colonial rule was oppressive and inconsistent with the democratic ideals Britain claimed at home Ending British Rule in Africa draws on previously unexplored manuscript and archival collections to trace the development of this publishing community from its origins in George Padmore's American and Comintern years through the independence of Ghana in the 1950s This original study will be of interest to scholars and general readers interested in social movements diaspora studies empire and African history publishing history literary history and cultural studies

Insurgent Empire Priyamvada Gopal, 2019 Much has been written on the how colonial subjects took up British and European ideas and turned them against empire when making claims to freedom and self determination The possibility

of reverse influence has been largely overlooked Insurgent Empire shows how Britain's enslaved and colonial subjects were not merely victims of empire and subsequent beneficiaries of its crises of conscience but also agents whose resistance both contributed to their own liberation and shaped British ideas about freedom and who could be free This book examines dissent over the question of empire in Britain and shows how it was influenced by rebellions and resistance in the colonies from the West Indies and East Africa to Egypt and India It also shows how a pivotal role in fomenting dissent was played by anti colonial campaigners based in London at the heart of the empire

The Truth About Empire Alan Lester, 2024-06-27

The Truth About Empire comes from expert historians who believe that the truth as far as we can ascertain it matters that our decades of painstaking research make us worth listening to and that our authority as leading professionals should count for something in today's polarised debates over Britain's imperial past Colonial history is now a battlefield in the culture war The public's understanding of past events is continually distorted by wilful caricatures Communities that long struggled to get their voices heard have in their fight to highlight the hidden horrors of colonialism alienated many who prefer a celebratory national history The backlash orchestrated by elements of the media has generated a new concerted denial of imperial racism and violence in Britain's past a disinformation campaign sharing both tactics and motivations with those around Covid Brexit and climate change From Australia and China to South Africa and Egypt this essay collection is an accessible guide to the British Empire and a weapon of defence against the assault on historical truth The disturbing stories told in these pages of Empire's culture politics and economics show why professional research matters when deciding what can and cannot be known about Britain's colonial history

Britain's Imperial Administrators, 1858-1966 A. Kirk-Greene, 2000-02-24

Britain's famous overseas civil services the Colonial Administrative Service the Indian Civil Service and the Sudan Political Service no longer exist as a major and sought after career for Britain's graduates In this detailed study the history of each service is presented within the framework of the need to administer an expanding empire Close attention is paid to the methods of recruitment and training and to the socio educational background of the overseas administrators as well as to the nature of their work The prestigious incumbents of Government House are revealingly examined The impact of decolonisation on overseas officials and the kinds of second careers which they took up are documented This authoritative narrative history is enlivened by recourse to Service lore and anecdotes

Enoch Powell and the Making of Postcolonial

Britain Camilla Schofield, 2013-10-03 Enoch Powell's explosive rhetoric against black immigration and anti discrimination law transformed the terrain of British race politics and cast a long shadow over British society Using extensive archival research Camilla Schofield offers a radical reappraisal of Powell's political career and insists that his historical significance is inseparable from the political generation he sought to represent Enoch Powell and the Making of Postcolonial Britain follows Powell's trajectory from an officer in the British Raj to the centre of British politics and finally to his turn to Ulster Unionism She argues that Powell and the mass movement against New Commonwealth immigration that he inspired shed light on

Britain's war generation popular understandings of the welfare state and the significance of memories of war and empire in the making of postcolonial Britain Through Powell Schofield illuminates the complex relationship between British social democracy racism and the politics of imperial decline in Britain

Britain's War: A New World, 1942-1947 Daniel Todman, 2020-03-17 The second volume of Daniel Todman's account of Great Britain and World War II The second of Daniel Todman's two sweeping volumes on Great Britain and World War II Britain's War A New World 1942 1947 begins with the event Winston Churchill called the worst disaster in British military history the Fall of Singapore in February 1942 to the Japanese As in the first volume of Todman's epic account of British involvement in World War II Total history at its best according to Jay Winter he highlights the inter connectedness of the British experience in this moment and others focusing on its inhabitants its defenders and its wartime leadership Todman explores the plight of families doomed to spend the war struggling with bombing rationing exhausting work and above all the absence of their loved ones and the uncertainty of their return It also documents the full impact of the entrance into the war by the United States and its ascendant stewardship of the war Britain's War A New World 1942 1947 is a triumph of narrative and research Todman explains complex issues of strategy and economics clearly while never losing sight of the human consequences at home and abroad of the way that Britain fought its war It is the definitive account of a drama which reshaped Great Britain and the world

Modes of British Imperial Control of Africa Onek C. Adyanga, 2011-05-25 This book examines how Great Britain as a colonial power in Africa organized and exercised control at the international and domestic level to advance British interests in Uganda and beyond. While this book is by no means an exhaustive study of the various modes of control that took hold in Uganda since its inception as a territorial state up to the period of juridical independence, it is hoped that its historiographical contributions to the post colonial dispensation of Uganda will be threefold. First, it systematically sheds light on the combined influence of racist ideology, class, and politics in perpetuating informal imperial control in Uganda. Second, it demonstrates that consolidating informal imperial control has required externalizing the legitimacy of the Ugandan state. This suggests that African leaders not supported by external powers may be externally delegitimized and their position made untenable. Third, it demonstrates that the informal control imposed upon Africans by external powers, by removing incentives for internal legitimacy, encouraged violations of human rights as African leaders did not need to obtain the consent of their own people in order to remain in power. Furthermore, it advances the argument that democracy, the rule of law, and the protection of human rights can be achieved in Africa if leaders enjoy internal legitimacy derived from the people. The various modes of control imposed by former masters over colonial and post colonial states were not meant to protect African but imperial interests.
