Moi Rigoberta Mencha:

Moi, Rigoberta Menchú Rigoberta Menchú, 1999 *The Rigoberta Menchú Controversy* Arturo Arias, David Stoll, 2001

Guatemalan indigenous rights activist Rigoberta Menchu first came to international prominence following the 1983 publication of her memoir *I Rigoberta Menchu* which chronicled in compelling detail the violence and misery that she and her people suffered during her country's brutal civil war. The book focused world attention on Guatemala and led to her being awarded the Nobel Peace Prize in 1992. In 1999 a book by David Stoll challenged the veracity of key details in Menchu's account generating a storm of controversy. Journalists and scholars squared off regarding whether Menchu had lied about her past and if so what that would mean about the larger truths revealed in her book. In *The Rigoberta Menchu Controversy* Arturo Arias has assembled a casebook that offers a balanced perspective on the debate. The first section of this volume collects the primary documents, newspaper articles, interviews, and official statements in which the debate raged, many translated into English for the first time. In the second section a distinguished group of international scholars assesses the political, historical, and cultural contexts of the debate and considers its implications for such issues as the culture wars, historical truth, and the politics of memory. Also included is a new essay by David Stoll in which he responds to his critics.

Moi, Rigoberta Menchú Rigoberta Menchú, Elisabeth Burgos, 1983. Ce récit d'une Guatémaltèque de l'ethnie Quiché permet de connaître les mœurs et les croyances de cette communauté puis de suivre le cheminement intérieur de Rigoberta, sa prise de conscience et sa lutte pour sa propre émancipation.

The Camp Colman Hogan, Marta Marin-Dòmine, 2021-02-03 The camp is nothing if not diverse in kind scope and particularity in sociological and juridical configuration in texture iconography and political import Adjectives of camp specificity embrace a spectrum from extermination and concentration to detention migration deportation and refugee camps And while the geographic range covered by contributors is hardly global it is broad Chile Rwanda Canada the US Central Europe Morocco Algeria South Africa France and Spain And yet is to so characterize the camp to run the risk of diffusing what in origin is a concentration into a paratactical series of identity particularisms While The Camp does not seek to antithetically promulgate a universalist vision it does aim to explore the imbrication of the particular and the universal to analyze the structure of a camp or camps and to call attention the role of the listener in the construction of the testimony For by naming what cannot be said is not every narrative of internment and exclusion a potential site of agency articulating the inner splitting of language that Giorgio Agamben defines as the locus of testimony to bear witness is to place oneself in one's own language in the position of those who have lost it to establish oneself in a living language as if it were dead or in a dead language as if it were living
