

What I know of the sea

Rains wander your face, the gentleness
of dew is in your voice.

Let each and every spring be yours!
May all mountains tire and arrive here!

Here at the place where stars have spilled you
where waters flow; the place where you say
Curl up on my lap and let birds take flight
In the place where we collected questions
such as *'what was before words?'*

What I know of love is so little!
Yet I'm constantly thinking of you!

McDougall, Kam Louie, 1997 A historical survey of 20th century Chinese literature this book chronicles the writers who continuing in the Chinese tradition of using literature to exert moral social and political leadership debated the nature development and future of Chinese society R. S. Thomas Daniel Westover, 2011-09-15 R S Thomas 1913 2000 is the most recognizable literary figure in twentieth century Wales His controversial politics and public personality made him a cultural icon during his life and the merits of his poetry have continued to be debated in the years after his death Yet these debates have too often circled familiar ground returning to the assumed personality of the poet or to the received narrative of his experience Even the best studies have focused almost exclusively on ideas and themes As a result the poetry itself has frequently been marginalized This book argues that Thomas's reputation must be grounded in poetry not personality Unlike traditional literary biography which combines historical facts with the conventions of narrative in an attempt to understand the life of a literary figure this stylistic biography focuses on the essential relationship between the maker and the made object giving priority to the latter R S Thomas began his career by writing sugary derivative lyrics inspired by Palgrave's Golden Treasury yet he ended it as a form seeking experimentalist This study guides the reader through that journey tracing Thomas's stylistic evolution over six decades In so doing it asserts a priority not to look at poetry as many have as a way of affirming existing notions about an iconic R S Thomas but to come to terms with the tensions within him as they reveal themselves in the tensions rhythmic linguistic structural of the poetry itself **All Poets Welcome** Daniel Kane, 2003-03-26 Together with its accompanying CD this text captures the excitement of the vibrant irreverent poetry scene of New York's Lower East Side in the 1960s The text draws from personal interviews with many of the participants from unpublished letters and from rare sound recordings **Africana** Anthony Appiah, Henry Louis Gates (Jr.), 2005 Ninety years after W E B Du Bois
