Protecting Scientific Ideas And Inventions Worldwide:

An International Law Perspective on the Protection of Human Rights in the TRIPS Agreement Ping

Xiong,2012-03-20 This book offers an analysis of the interpretation of the WTO TRIPS Agreement and its impact on the right to health It furthers understanding of WTO jurisprudence and researches the topic in a broad framework of international law It examines the extent to which the patent protections in the TRIPS Agreement are consistent with the right to health and in particular with access to medicine It helps to underpin an understanding of the relationship between human rights law and intellectual property law specifically between the right to health and patent protection It usefully analyses the relationship between TRIPS and the right to health and develops an understanding of interpretive techniques for use within WTO dispute settlement

A Global Solution for the Protection of Inventions Esteban Donoso,2014-04 Is the current global legal system for patents really universal fair and effective Author Esteban Donoso addresses this question in *A Global Solution for the Protection of Inventions* Sharing the results of an extensive study Donoso analyzes the legal nature of intellectual property industrial property and patents and reviews the evolution and background of the current global legal scenario of the protection of inventions The study also identifies the main flaws strengths and virtues of the current system and examines the international instrument governing patents Donoso then introduces a corrective action plan and addresses the compatibility of the proposal in regard to free trade technology transfer and the least possible market distortion *A Global Solution for the Protection of Inventions* seeks to correct the deficiencies that exist in the current patent system by introducing a differentiated protection period granted by a patent according to the economic capacity of each country and demonstrates that this action is necessary to make the global agreement governing the system just and effective
