Economy, Difference, Empire Gary J. Dorrien, 2010 Sourcing the major traditions of progressive Christian social ethics social gospel liberalism Niebuhrian realism and liberation theology Gary Dorrien argues for the social ethical necessity of social justice politics In carefully reasoned essays he focuses on three subjects the ethics and politics of economic justice racial and gender justice and antimilitarism making a constructive case for economic democracy along with a liberationist understanding of racial and gender justice and an anti imperial form of liberal internationalism In Dorrien's view the three major discourse traditions of progressive Christian social ethics share a

fundamental commitment to transform the structures of society in the direction of social justice His reflections on these topics feature innovative analyses of major figures such as Walter Rauschenbusch Reinhold Niebuhr James Burnham Norman Thomas and Michael Harrington and an extensive engagement with contemporary intellectuals such as Rosemary R Ruether Katie Cannon Gregory Baum and Cornel West Dorrien also weaves his personal experiences into his narrative especially his involvement in social justice movements He includes a special chapter on the 2008 presidential campaign and the historic candidacy of Barack Obama

George G. Higgins and the Quest for Worker Justice John J. O'Brien, 2005 George G Higgins and the Quest for Worker Justice The Evolution of Catholic Social Thought in America is a comprehensive and fascinating examination of the Catholic Church s involvement in social issues from the late 19th to the end of the 20th century through the lens of the life career writings and ministry of the legendary

Monsignor Higgins Inspiring to both the clergy and laity Msgr George G Higgins put a human face on the institutional commitments of the Church advocated the role of the laity remained loyal to the vision of the Second Vatican Council and took the side of the working poor in his movement with organized labor Much more than a limited biography author John O'Brien offers a sweeping history of the social questions facing America over the past 100 years the thought behind one of the leading figures in the worker justice movement and a moving application of the rich heritage of Catholic Social Thought

The Social Gospel Today Christopher Hodge Evans,2001-01-01 The contributors explore how the theological tradition of the Social Gospel born within the social and cultural dislocations of late 19th century America relates to the dislocations of the current American scene The contributors argue that America's only indigenous theological tradition remains powerfully relevant to mainline churches and to the scholars who work out of these institutions *Grace and Global Justice* Richard Gibb,2006-10-18 What does it mean for the twenty first century church to conceive of itself as a community defined by the covenant of grace *Grace and Global Justice* explores the ramifications of this central Christian doctrine for the holistic mission of the church in the context of a globalized world *Soul in Society* Gary J. Dorrien,1995 Gary Dorrien's major work addresses the roots of and remedy to the current crisis in American Christian social ethics Focusing on the story of American liberal Protestantism the book examines in fascinating depth the three major movements in this century the Social Gospel Christian Realism and Liberation Theology in a way that also brings African American feminist environmentalist Catholic and other voices into the increasingly multicultural quest Dorrien then carefully assesses the crisis of social Christian thought in a culture that is increasingly secular materialistic and dominated by capitalism He shows how the progressive Christian vision of social and economic democracy can be redeemed in the face of its apparent defeat He argues strongly for a social Christianity faithful to the spiritual reality and kingdom oriented ethic of the way of Christ Dorrien's engaging narrative knowledgeable and fair analysis and thoughtful proposal bring desperately needed clarity and commitment to the Christian social conscience **The Church's Public Role** Dieter T. Hessel,2002-01-24 **Welfare Policy** Elizabeth M. Bounds,Pamela Brubaker,Mary E. Hobgood,2010-02-01 Welfare Policy is for me an occasion for rejoicing Grounded in the present public controversy over so called welfare reform these chapters model a genre of feminist ethics informed normatively by radical readings of Christian or related religious traditions This book is distinctive however because its theological perspective is profoundly and unapologetically political rooted in an advocacy stance for a policy that aims at women's well being Beverly W Harrison from the Foreword Welfare Policy Feminist Critiques looks behind the political moral mask to explore the issues at stake for women and children in the welfare debate **Indwelling the Forsaken Other** J. Matthew Bonzo,2009-02-01 Indwelling the Forsaken Other is a critical reading of Jurgen Moltmann's ethics of discipleship While Moltmann's notable turn to the inner life of the Trinity as a source for his reflections on the life of the church is influential it is not without problems The call emerging from Moltmann's reflection upon Trinitarian life to copy God in our

relationships may offer some general direction for our actions however it also raises several questions Two important questions for this work are In what way are we to copy God and What conditions make it possible to copy God Moltmann's answers to these questions are insufficient and consequently he fails to protect the difference between Creator and creation in his analogia relationis As a result the ethical direction of Moltmann's work seems to be increasingly muddled and at best paradoxical

Beyond the Cold War Francis J. Gavin, Mark Atwood Lawrence, 2014-03 In writing about international affairs in the 1960s historians have naturally focused on the Cold War The decade featured perilous confrontations between the United States and the Soviet Union over Berlin and Cuba the massive buildup of nuclear stockpiles the escalation of war in Vietnam and bitter East West rivalry throughout the developing world As the world historical force of globalization has quickened and deepened however historians have begun to see that many of the global challenges that we face today Beyond the Cold War examines how the administration of President Lyndon B Johnson responded to this changing international landscape To what extent did U S leaders understand these changes How did they prioritize these issues alongside the geostrategic concerns that dominated their daily agendas and the headlines of the day How successfully did Americans grapple with these long range problems with what implications for the future What lessons lie in the efforts of Johnson and his aides to cope with a new and inchoate agenda of problems By reconsidering the 1960s this work suggests a new research agenda predicated on the idea that the Cold War was not the only or perhaps even the most important feature of international life in the postwar period

The Making of a Battle Royal Jeffrey Paul Straub, 2018-04-17 American Baptists emerged from the Civil War as a divided group Slavery landmarkism and other issues sundered Baptists into regional clusters who held more or less to the same larger doctrinal sentiments As the century progressed influences from Europe further altered the landscape A new way to view the Bible more human less divine began to shape Baptist thought Moreover Darwinian evolutionism altered the way religion was studied Religion like humanity itself was progressing Conservative Baptists proto fundamentalists objected to these alterations Baptist bodies had a new enemy

theological liberalism The schools were at the center of the story in the earliest days as professors many of whom studied abroad returned to the United States with progressive ideas that were passed on to their students Soon these ideas were being presented at denominational gatherings or published in denomination papers and books Baptists agitated over the new views with some professors losing their jobs when they strayed too far from historic Baptists commitments By 1920 the Northern Baptists in particular broke out into an all out war over theology that came to be called The Fundamentalist Modernist controversy This is the fifty year history behind that controversy Theology of Jürgen Moltmann Richard Bauckham,1995-01-06 The most comprehensive study available of one of the most influential of German Protestant theologians The Annihilation of Hell Nik Ansell,2013-10-01 For Jürgen Moltmann Hell is the nemesis of Hope The annihilation of Hell thus refers both to Hell's annihilative power in history and to the overcoming of that power as envisioned by Moltmann's distinctive theology of the cross in which God becomes all in all through Christ's descent into Godforsakenness The negation of Hell and the fulfillment of history are inseparable Attentive to the overall contours and dynamics of Moltmann's thinking especially his *zimzum* doctrine of creation his eschatologically oriented philosophy of time and his expanded understanding of the nature grace relationship this study asks whether the universal salvation that he proposes can honor human freedom promise vindication for those who suffer and do justice to biblical revelation As well as providing an in depth exposition of Moltmann's ideas The Annihilation of Hell also explores how a covenantal universalism might revitalize our web of beliefs in a way that is attuned to the authorizing of Scripture and the spirituality of existence If divine and human freedom are to be reconciled as Moltmann believes the confrontation between Hell and Hope will entail rethinking issues that are not only at the center of theology but at the heart of life itself
