Long To Reign The Survival Of Monarchies In The Modern World

Robert Aldrich, Cindy McCreery

Long To Reign The Survival Of Monarchies In The Modern World:

Unsteady Crowns A.W. Purdue, 2011-10-24 War and austerity unrest and revolution the institution of monarchy has remained stalwart through every challenge levelled at it but just what is its role and how secure is its future in our modern society At the beginning of the twentieth century monarchy was by far the most common form of government emperors sat on the thrones of Germany Austria Hungary Persia Japan China Russia and the Ottoman Empire while there were kings of Bulgaria Serbia Italy Romania Greece Korea and Cambodia After he lost his throne in 1952 King Farouk of Egypt predicted that by the end of the century there would be only five kings the kings of hearts aces clubs and spades and the King of England That prediction has not come true for there remain monarchs across the globe The number of monarchies has appreciably diminished yet the idea continues to have allure In *Unsteady Crowns* historian A W Purdue explores the important role played by monarchies as agents of continuity guarding and representing the national ethos and brings the story up to date in a fully revised second edition exploring the roles of celebrity rivalry and much more in monarchies worldwide

Crowns and colonies Robert Aldrich, Cindy McCreery, 2016-08-25 Queen Victoria who also bore the title of Empress of India had a real and abiding interest in the British Empire but other European monarchs also ruled over possessions beyond the seas This collection of original essays explores the connections between monarchy and colonialism from the old regime empires down to the Commonwealth of today With case studies drawn from Britain France the Netherlands Germany and Italy the chapters analyse constitutional questions about the role of the crown in overseas empires the pomp and pageantry of the monarchy as it transferred to the colonies and the fate of indigenous sovereigns under European colonial control The volume with chapters on North America Asia Africa and Australasia provides new perspectives on colonial history the governance of empire and the transnational history of monarchies in modern Europe

On Royalty Jeremy Paxman, 2008-07-31 The notable characteristic of the royal families of Europe is that they have so very little of anything remotely resembling true power Increasingly they tend towards the condition of pipsqueak principalities like Liechtenstein and Monaco fancy dress fodder for magazines that survive by telling us things we did not need to know about people we have hardly heard of How then have kings and queens come to exercise the mesmeric hold they have upon our imaginations In *On Royalty* renowned BBC journalist Jeremy Paxman examines the role of the British monarchy in an age when divine right no longer prevails and governing powers fall to the country's elected leaders With intelligence and humor he scrutinizes every aspect of the monarchy and how it has related to politics religion the military and the law He takes us inside Buckingham Palace and illuminates the lives of the monarchs at once mundane absurd and magical What Desmond Morris did for apes Paxman has done for these primus inter primates the royal families Gilded history weird anthropology and surreal reportage of the royals up close combine in *On Royalty* a brilliant investigation into how an ancient institution struggles for meaning in a modern country

The Second World War A. W. Purdue, 2011-08-25 The Second World War

ended the Nazi attempt to establish Germany as the dominant power in Europe and the world and Japan's aim of controlling South East Asia and the Pacific. It also resulted in the creation of two super powers and led to the Cold War. A. W. Purdie provides one of the most concise yet comprehensive accounts of the entire course of World War Two covering both the European and the Asian Pacific conflicts. Thoroughly revised and updated in the light of the latest scholarship, this second edition of an established text challenges accepted views and reassesses the war, rejecting the simplistic concept of a war against fascism. Discusses the historiography and critically analyses key themes and issues as well as examining current debates. Considers changes in popular attitudes to the Second World War. Ideal for students and general readers alike, this is an essential introduction to the causes, nature and significance of World War Two from the perspective of the twenty-first century.

Banished potentates Robert Aldrich, 2017-12-27 Though the overthrow and exile of Napoleon in 1815 is a familiar episode in modern history, it is not well known that just a few months later British colonisers toppled and banished the last king in Ceylon. Beginning with that case, this volume examines the deposition and exile of indigenous monarchs by the British and French, with examples in India, Burma, Malaysia, Vietnam, Madagascar, Tunisia and Morocco from the early nineteenth century down to the eve of decolonisation. It argues that removal of native sovereigns and sometimes abolition of dynasties provided a powerful strategy used by colonisers, though European overlords were seldom capable of quelling resistance in the conquered countries or of effacing the memory of local monarchies and the legacies they left behind.

Hanoverian to Windsor Consorts Aidan Norrie, Carolyn Harris, J. L. Laynesmith, Danna R. Messer, Elena Woodacre, 2023-02-24 This book examines the lives and tenures of the consorts of the Hanoverian, Saxe-Coburg and Gotha and Windsor monarchs from 1727 to the present. Some of the consorts examined in this volume, such as Queen Elizabeth the Queen Mother, consort to George VI, are well known, while others, including Adelaide of Saxe-Meiningen, consort to William IV, are more obscure. These innovative and authoritative biographies bring a fresh approach to the consorts of this period, revealing their lasting influence on the monarchy. In addition to covering a period that has seen the development of constitutional monarchy and increased media scrutiny of the whole royal family, this volume also looks to the future of the British monarchy, suggesting ways that future consorts can learn from the example of their predecessors. This volume and its companions reveal the changing nature of British consortship from the Norman Conquest to today.

Tribal Fantasies J. Mackay, D. Stirrup, 2012-12-28 This transnational collection discusses the use of Native American imagery in twentieth and twenty-first century European culture. With examples ranging from Irish oral myth through the pop image of Indians promulgated in pornography to the philosophical appropriations of Ernst Bloch, or the European far-right contributors, illustrate the legend of the Indian. Drawing on American Indian literary nationalism, postcolonialism and transnational theories, essays demonstrate a complex nexus of power relations that seemingly allows European culture to build its own Native images and ask what effect this has on the current treatment of indigenous peoples.

Monarch Power Clive Whitmore, 2025-03-21 *Monarch Power* explores the far

reaching impact of monarchs on global history examining royal decisions political strategies and their enduring consequences The book argues that individual monarchs driven by ambition and societal expectations have significantly shaped historical trajectories Royal actions concerning war diplomacy and economic policy have had lasting effects influencing both their realms and international affairs Did you know that understanding monarchical power can offer insights for contemporary leaders in business and politics By studying past rulers modern leaders can better understand present challenges The book delves into themes such as the acquisition and maintenance of power the impact of monarchical decisions on state formation and international relations and the patterns of rise and fall across royal dynasties Beginning with the emergence of monarchies the book progresses through case studies of specific monarchs and dynasties such as Louis XIV and Queen Victoria analyzing their key decisions and their lasting impact It concludes by investigating the factors contributing to the decline of royal dynasties including internal conflicts and economic crises The approach is comparative analyzing diverse monarchies across time periods and regions to reveal common patterns and unique variations

Survival: Global Politics and Strategy (April-May 2020) 0 The International Institute for Strategic Studies (IISS), 2023-04-14 Survival the IISS's bimonthly journal challenges conventional wisdom and brings fresh often controversial perspectives on strategic issues of the moment In this issue Anatol Lieven argues that strong and legitimate states remain central to any efforts to limit climate change and mitigate diseases such as coronavirus and to maintain Western democracy Oriana Skylar Mastro warns that hereditary autocratic regimes such as North Korea's are prone to sudden collapse something for which policymakers should be prepared Shelby Butt and Daniel Byman contend that Russia's attempts to undermine the West include supporting white supremacist and other far right groups And eight more thought provoking pieces as well as our regular book reviews and noteworthy column

Comparative Politics Eric Langenbacher, 2025-01-14 This book takes a new and interesting approach to introduce students to the foundations of comparative politics Marni Berg Colorado State University Comparative Politics Mapping Institutions Power and Legitimacy introduces students to the foundations of comparative politics while using mapping and data analysis to encourage them to think critically about ever changing global relationships Author Eric Langenbacher examines the key concepts of power and legitimacy through a variety of viewpoints emphasizing the choices institutions make and why they make them As students explore themes through world geography and data based cases they learn to reevaluate traditional ideas about national and other political borders and better assess the performance of political institutions

Long To Reign The Survival Of Monarchies In The Modern World Introduction

In the digital age, access to information has become easier than ever before. The ability to download Long To Reign The Survival Of Monarchies In The Modern World has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Long To Reign The Survival Of Monarchies In The Modern World has opened up a world of possibilities. Downloading Long To Reign The Survival Of Monarchies In The Modern World provides numerous advantages

over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Long To Reign The Survival Of Monarchies In The Modern World has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Long To Reign The Survival Of Monarchies In The Modern World. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Long To Reign The Survival Of Monarchies In The Modern World. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Long To Reign The Survival Of Monarchies In The Modern World, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Long To Reign The Survival Of Monarchies In The Modern World has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Long To Reign The Survival Of Monarchies In The Modern World Books
