Long Run To Tobruk:

Long Run to Tobruk Gordon Landsborough, 1975-01-01 *Besieged* Paul K. Davis, 2003 From ancient times to the present great sieges have had an enormous impact on the shaping of world history Now in this spectacular fully illustrated volume one hundred of the world's most monumental and mind boggling sieges are laid out in detail *Besieged* covers the most important sieges from around the world throughout history from Joshua's assault on Jericho in the fifteenth century B C to the Russian attack on the Chechen capital of Grozny at the end of the twentieth Each entry provides the name and date of the siege its exact location in terms of today's world the number of forces engaged when known the names of the commanders on each side and the overall importance of the siege in its historical context Thoroughly examining the actions of both the attackers and the defenders the book explores the motivations of both and strategically surveys the technical and tactical innovations and conditions both inside besieged positions and in the besiegers ranks The entries detail the historical setting the particular circumstances of the event itself and the long term results of the siege These riveting accounts are enhanced by illustrations over seventy maps and references for further reading A glossary and a comprehensive index complete the book Global in scope and with stirring accounts of familiar sieges as well as many lesser known conflicts *Besieged* is essential reading for military buffs and everyone interested in how the modern world came to be Includes the sieges of Jericho 1405 B C Troy 1250 B C Acre 1189 1191 Constantinople 1453 Tenochtitlan 1521 La Rochelle 1627 1628 Leningrad 1941 1944 Malta 1940 1942 Dien Bien Phu 1954 Khe Sanh 1968 Beirut 1982 Sarajevo 1991 1995 **Death of the Wehrmacht** Robert M. Citino, 2007-10-22 For Hitler and the German military 1942 was a key turning point of World War II as an overstretched but still lethal Wehrmacht replaced brilliant victories and huge territorial gains with stalemates and strategic retreats In this major reevaluation of that crucial year Robert Citino shows that the German army's emerging woes were rooted as much in its addiction to the war of movement attempts to smash the enemy in short and lively campaigns as they were in Hitler's deeply flawed management of the war From the overwhelming operational victories at Kerch and Kharkov in May to the catastrophic defeats at El Alamein and Stalingrad *Death of the Wehrmacht* offers an eye opening new view of that decisive year Building upon his widely respected critique in *The German Way of War* Citino shows how the campaigns of 1942 fit within the centuries old patterns of Prussian German warmaking and ultimately doomed Hitler's expansionist ambitions He examines every major campaign and battle in the Russian and North African theaters throughout the year to assess how a military geared to quick and decisive victories coped when the tide turned against it Citino also reconstructs the German generals view of the war and illuminates the multiple contingencies that might have produced more favorable results In addition he cites the fatal extreme aggressiveness of German commanders like Erwin Rommel and assesses how the German system of command and its commitment to the independence of subordinate commanders suffered under the thumb of Hitler and chief of staff General Franz Halder More than the turning point of a war 1942 marked the

death of a very old and traditional pattern of warmaking with the classic German way of war unable to meet the challenges of the twentieth century Blending masterly research with a gripping narrative Citino's remarkable work provides a fresh and revealing look at how one of history's most powerful armies began to founder in its quest for world domination *Destroyer at War* David Goodey, Richard Osborne, 2017-09-30 It was headline news on 8 April 1942 One of the Navy's most famous destroyers a ship which survived bombs torpedoes and full scale battles has been wrecked That destroyer was HMS Havock described in another newspaper as Britain's No 2 Destroyer of this war second only in fame and glory to the Cossack Havock had earned her reputation guarding the convoys across the Atlantic in 1939 and at Narvik in the abortive bid to stave off the German occupation of Norway in 1940 Havock was then transferred to the Mediterranean fighting at the Battle of Cape Spada in 1940 and in 1941 at the Battle of Matapan and in the evacuations of Greece and Crete Havock's duties in the Med continued escorting the convoys to the besieged island of Malta and the equally beleaguered garrison at Tobruk Then in the Battle of Sirte in 1942 Havock was badly damaged and she limped into Malta for repairs There she was heavily bombed and when Havock made a bid to reach Gibraltar she was wrecked off Cape Bon Her crew was captured and imprisoned in the infamous Laghouat internment camp The authors have tracked down fifty of the surviving crew and from interviews have been able to compile one of the most detailed and certainly one of the most dramatic histories of a destroyer during the Second World War *Destroyer at War* tells the story of the battles and operations of a famous ship and its sad destruction through newspaper reports official documents and the words of the men who sailed and fought in HMS Havock as she earned an astonishing eleven battle honors in her brief but glorious career Jock Lewes: Co-founder of the SAS John Lewes, 2000-03-30 Jock Lewes was a dashing young Welsh Guards officer who created a new approach to modern warfare in the SAS with less than two years experience as a soldier By the age of twenty seven Jock co founded the SAS with David Stirling Jock was in reality the trainer and brains behind this now legendary fighting force and this stunning biography describes the extent of his contribution Jock was brought up in Australia during the Depression and later educated at Oxford Life was rarely dull and he packed it with action and achievement His Presidency of the Oxford University Boat Club saw Oxford breaking Cambridge University's succession of thirteen wins Preparing for a job at the Foreign Office Jock spent several seasons in Berlin The record of his passion for two women one a Nazi the other a young linguist at Somerville College Oxford are part of a teeming richness of writing which he left in letters journals and poems His death was no less dramatic than his life after successful raids on enemy aerodromes with his invention of Lewes Bombs he was hunted down by a Messerschmitt 110 fighter A highly important addition to ever popular SAS literature Jock Lewes was the brain behind the formation of the Special Air Service **Very Special Ships** Arthur C Nicholson, 2015-11-15 *Very Special Ships* is the first full length book about the Abdiel class fast minelayers which were considered the fastest and most versatile to serve in the Royal Navy during World War II This book spans the scope of the class from alpha to zulu as they operated in many roles

most famously as blockade runners to Malta transporting items as diverse as ammunition condensed milk gold and VIPs To provide a complete picture of this important class of ships *Very Special Ships* examines the origin and history of the minelayers describes the design and construction of each ship in the class details the operational history of the ships during World War II and concludes with the post war careers of the surviving ships *The War at Sea, 1939-1945: The defensive.- v.2. The period of balance.- v.3. The offensive* Stephen Wentworth Roskill,1954 **Tobruk's Easter Battle 1941** John H. G. Mackenzie-Smith,2011 The initial Australian and British victory over Rommels Afrika Korps on Easter Monday 1941 at Tobruk was Germanys first defeat in World War II Incongruously the vital actions of Queenslands 2 15 Battalion on that day have been generally ignored For the first time this investigation places that lost body of infantrymen nearly four miles from the outer perimeter near El Adem crossroads There they were dug in around two gallant Royal Horse Artillery batteries which incurred heavy losses in turning around a concerted Panzer attack In that battle the 2 15 A Company delivered the final blow to the accompanying German infantry led by the formerly invincible Lt Colonel Gustav Ponath who was killed in the field This ably researched and intriguing episode redresses the brave 2 15s subsequent sense of injustice *Flight* ,1929
