The Heroines of Welsh History Thomas Jeffery Llewelyn Prichard, 1854 J. E. Lloyd and the Creation of Welsh History Huw Pryce, 2011-05-15 This is the first intellectual biography of John Edward Lloyd 1861-1947 widely regarded as the founder of the modern academic study of Welsh history Indeed the compliment that pleased him most was that he had created Welsh history Published to mark the centenary of Lloyd's most important book A History of Wales from the Earliest Times to the Edwardian Conquest 1911 the study reassesses Lloyd's significance by setting his work in its multiple contexts Part One gives an account of his life with particular emphasis on his upbringing education and subsequent career as a historian viewed against the background both of efforts to give expression to Welsh nationhood through educational institutions and of wider developments in the professionalization of historical scholarship In Part Two the focus shifts from the biographical to the thematic and examines why Lloyd privileged the early and medieval Welsh past and how he depicted this in his 1911 History These chapters investigate key themes in Lloyd's interpretation with reference not only to previous accounts of Welsh history but also to the broader intellectual and scholarly context of his own time Through its reappraisal of Lloyd the book provides a case study of how the past of a small stateless nation was reconfigured at a time of self-conscious national revival through deploying modern canons of scholarship that served to legitimize a new narrative of national origins

It thus offers a fresh and distinctive perspective on issues of broad significance in modern European historiography and intellectual history **Language, Ethnicity, and Education in Wales** Bud B.
