Sir Peter De la Billière

Looking For Trouble An Autobiography from The Sas To The Gulf:

Looking for Trouble Sir Peter De la Billière, 1994-01-01 **Looking for Trouble** Sir Peter De la Billière, 1994 The SAS in World War II Gavin Mortimer, 2015-06-20 The SAS are among the best trained and most effective Special Forces units in existence This book is the incredible story of their origins told in their own words During the summer of 1941 a young Scots Guard officer called David Stirling persuaded MEHQ to give its backing to a small band of 60 men christened L Detachment With a wealth of stunning photographs many from the SAS Regimental Archives the book captures the danger and excitement of the initial SAS raids against Axis airfields during the Desert War the battles in Italy and those following the D Day landings as well as the dramatic final push into Germany itself and the discovery of such Nazi horrors as Belsen An exhaustive account of an elite organization s formative years The SAS in World War II is the fruit of Gavin Mortimer s expertise and his unprecedented access to the SAS Regimental Archives Incorporating interviews with the surviving veterans it is the definitive account of the regiment s glorious achievements in the years from 1941 to 1945 Defend the Realm Christopher Andrew, 2009-11-03 For over 100 years the agents of MI5 have defended Britain against enemy subversion Their work has remained shrouded in secrecy until now This first ever authorized account reveals the British Security Service as never before its inner workings its clandestine operations its failures and its triumphs *Oman's Insurgencies* John Peterson, 2014-05-22 Oman today is a rapidly modernizing and peaceful country on the fringes of a region in turmoil It does however have a long history of internal strife In the twentieth century this strife took the form of two internal conflicts The Northern Oman or al Jabal al Akhdar War of the 1950s was a struggle between the forces of the old tribally based Imamate and the newer Sultanate in the northern part of the country In the Dhufar War of the 1960s 70s an anti Sultanate and later Marxist front sought secession in the south J E Peterson takes a detailed look at these two wars in the context of insurgency and counter insurgency warfare He surveys Oman s transition from a strictly traditional regime controlling only parts of the country to a modern inclusive state particularly in terms of security concerns Peterson analyses the development of the Sultanate s successful responses to security challenges especially in the creation and evolution of modern armed forces

SAS Heroes Pete Scholey, 2011-12-20 SAS Heroes contains former SAS member Pete Scholey s memories of 20 soldiers who were genuine heroes although many were never recognised as such during their lives or even in death It is a book of stories about soldiers who fought for their country with no desire to be famous feted or rewarded many of whom died in action A few received medals and all earned the respect and admiration of their fellow soldiers their names and faces etched into the true history of the SAS Some of the stories of Pete s heroes have never been told before and certainly none of the tales of combat and life in the regiment have been told in such a touching real and compelling manner *The SBS in World War II* Gavin Mortimer, 2013-09-20 The Special Boat Squadron was Britain s most exclusive Special Forces unit during World War II Highly trained totally secretive and utterly ruthless the SBS was established as an entity in its own right in early 1943

having previously operated under the auspices of the SAS during the war in North Africa Unlike its sister unit which numbered more than 1 000 men the SBS never comprised more than 100 Led by men such as the famed Victoria Cross recipient Anders Lassen the SBS went from island to island in the Mediterranean landing in the dead of night in small fishing boats and launching savage hit and run raids on the Germans By the end of the war they had served in Italy the Balkans and mainland Greece and following the cessation of hostilities their deeds were airbrushed out of history by an establishment that had never warmed to their piratical exploits Through unrivalled access to the SBS archives and interviews with the surviving members of the unit Gavin Mortimer has pieced together the dramatic exploits of this elite fighting force fully illustrated with images of their daring actions finally granting the unit the recognition they so richly deserved **The Regiment** Rusty Firmin,2016-10-20 From its early beginnings in World War II the Special Air Service SAS has won renown in some of the most dramatic dangerous and controversial military special operations of the 20th century It is a secretive and mysterious unit whose operations and internal structures are hidden from the public eye Now one of its longest serving veterans offers a glimpse into the shadowy world of the SAS Rusty Firmin spent an incredible 15 years with The Regiment and was a key figure in the assault of the Iranian Embassy in London in May 1980 Newly revised and available in paperback this is the unforgettable chronicle of Rusty s combat experiences a fascinating and intimate portrayal of what it was like to be part of the world s most respected Special Operations Force **2SAS** Gavin Mortimer,2023-10-12 Drawing on recently declassified files and interviews with veterans this is a fascinating history of Bill Stirling and 2SAS pioneering founders of modern special forces David Stirling is the name synonymous with the wartime SAS but the real brains behind the operation was in fact Bill Stirling David s eldest brother Bill was described in the SAS War Diary as a man from the shadows it was an apt description for unlike his attention seeking brother Bill shunned the spotlight Now for the first time the truth and the triumph of 2SAS is revealed Having originally joined the SOE in March 1940 Bill Stirling sailed for Cairo in 1941 and there had the idea for a small special forces unit to be led by his mercurial brother But despite some success David allowed the legendary 1SAS to drift under his leadership Following his capture Bill re directed 2SAS under his personal command to the strategy he had originally envisaged parachuting behind enemy lines to gather intelligence Fully illustrated with rare and previously unpublished photographs this compelling history details how 2SAS fought with ingenuity and aggression from Italy and then into France before heading through Holland into Germany The unit was capable of attacking by parachute jeep or landing craft establishing a template for future special forces operations Their feats have been overshadowed by the many books that have focused on David and 1SAS 2SAS corrects this oversight revealing that the real innovator was Bill Stirling the true pioneer of Who Dares Wins **Propaganda, the Press and Conflict** David R. Willcox,2005-09-19 An incisive analysis of the use of the press for propaganda purposes during conflicts using the first Gulf War and the intervention in Kosovo as case studies As the contemporary analysis of propaganda during conflict has tended to focus considerably upon visual and instant

media coverage this book redresses the imbalance and contributes to the growing discourse on the role of the press in modern warfare Through an innovative comparative analysis of press treatment of the two conflicts it reveals the existence of five consistent propaganda themes portrayal of the leader figure portrayal of the enemy military threat threat to international stability and technological warfare As these themes construct a fluid model for the analysis and understanding of propaganda content in the press during conflicts involving British forces they also provide the background against which the author can discuss general issues regarding propaganda Amongst the issues which have become increasingly relevant to both recent academic debate and popular culture the author tackles the role of the journalist in war coverage the place of the press in a news market dominated by instant visual media and the effectiveness of propaganda in specific cultural and political context This book will appeal to advanced students and researchers in war studies media studies propaganda and psychology
