Implosion Joel C. Rosenberg, 2012-06-12 Bestselling author and international political expert Joel C. Rosenberg tackles the question Is America an empire in decline or a nation poised for an historic renaissance America teeters on a precipice In the midst of financial turmoil political uncertainty declining morality the constant threat of natural disasters and myriad other daunting challenges many wonder what the future holds Will history's greatest democracy stage a miraculous comeback returning to the forefront of the world's economic and spiritual stage Can America's religious past be repeated today with a third Great Awakening Or will the rise of China Russia and other nations coupled with the US's internal struggles send her into a decline from which there can be no return Implosion helps readers understand the economic social and spiritual challenges facing the United States in the 21st century through the lens of biblical prophecy Does God Send Natural Disasters? Troy J. Edwards, 2016-11-20 Many of our theologians have told us that God is the responsible agent for all of the natural evil that we suffer These theologians and philosophers are not without their Biblical proof texts For them Sodom and Gomorrah the flood of Noah the plagues of Egypt the trials of Job the end time events of the book of Revelation and other historical accounts recorded in Scripture provide sufficient evidence that God is behind most if not all natural disasters This book will show us that by understanding how the permissive idiom of the Ancient Eastern and Hebrew cultures was used to describe God's actions we can get a fresh perspective of God's place in many of the natural disasters in Scripture that were attributed to Him We will then see a loving God who is not destructive but actually does all that He can to save men from destruction without violating their freedom *In Too Deep* Linda Toms, 2012-03-20 In To Deep When it comes to walking in the wrong direction we all have a testimony to tell Instead of loving those that were created to provide protection over us we find ourselves hating the very ground they walk on We create a mental prison and lock them up sometimes for many years Refusing to use the key of forgiveness to release them so that we too may become free we aimlessly walk around in silent frustration And all this because of the pain and suffering one has infringed upon us in the past Because of our cancerous thoughts we build a stronghold around our heart and even if we want to release those from our mental prison it's easier to find a reason to keep them locked up You even believe wholeheartedly this is the right thing to do and that God has your back But thank God for those on time experiences that hinder you from staying on Destruction Road and places you on Destiny Highway If I was ever going to considered turning back its to late now because I am In Too Deep *Pillar of Fire* ,1924

Apocalypse Amos Nur, Dawn Burgess, 2021-09-14 What if Troy was not destroyed in the epic battle immortalized by Homer What if many legendary cities of the ancient world did not meet their ends through war and conquest as archaeologists and historians believe but in fact were laid waste by a force of nature so catastrophic that religions and legends describe it as the wrath of god Apocalypse brings the latest scientific evidence to bear on biblical accounts mythology and the archaeological record to explore how ancient and modern earthquakes have shaped history and for some civilizations seemingly heralded the end of the world Archaeologists are trained to seek human causes behind the ruins they study Because of this the subtle clues that indicate earthquake damage are often overlooked or even ignored Amos Nur bridges the gap that for too long has separated archaeology and seismology He examines tantalizing evidence of earthquakes at some of the world's most famous archaeological sites in the Mediterranean and elsewhere including Troy Jericho Knossos Mycenae Armageddon Teotihuacan and Petra He reveals what the Bible the Iliad and other writings can tell us about the seismic calamities that may have rocked the ancient world He even explores how earthquakes may have helped preserve the Dead Sea Scrolls As Nur shows recognizing earthquake damage in the shifted foundations and toppled arches of historic ruins is vital today because the scientific record of world earthquake risks is still incomplete Apocalypse explains where and why ancient earthquakes struck and could strike again **Athlete's Bible: Strong Edition** Fellowship of Christian

Brian Carrier provides a comprehensive analysis of the role that seismic language plays within the Matthean Gospel narrative After reconstructing what connotations seismic language likely carried in Matthew's cultural context the author utilizes an historically informed author oriented narrative criticism that is complemented with redaction criticism to analyze the relationships that Matthew's seismic references display with regards to each other and to the overall narrative This analysis leads to the conclusion that Matthew's seismic references collectively indicate that the life death and resurrection of Jesus together represent the partial fulfillment of the Old Testament eschatological Day of the Lord Lectures Upon Jonah John King, 1864 **'The Real Scriptures' of God** James Platter, 2012-08 Inside the covers of this book you will find the Real

Scriptures of the Christian churches Many church leaders know that other Christian churches hold to these books but they are only willing to state what they have been brain washed to believe that is about the other inferior books It isn't in the canon of scripture formed of course by the early Catholic Church at various stages and Councils from the fourth century A D therefore no one has the right to change what is in the canon of scripture and the Catholic Church changed it in their councils not in agreement of other Christians but to hide their offence at the words of God They would not even imagine that

different churches have different scriptures and assume that the correct canon of scripture must be the one first declared by the Catholic Church and its priests but other priests must be considered demented or apostate but they are not affected by the changes they made to the canon of Scripture over many centuries They will not consider the canons of Orthodox Churches or others because they vary in different regions of the world So is European Christianity based in the Vatican City right about all its holy scriptures while everyone else s church scriptures are false scriptures Ethiopia it seems got most books of scripture right even with their translation into an ancient language *Bible Exposition Commentary* Warren W.
