Los Angeles Architecture:

Los Angeles Reyner Banham, 2009-03-05 Originally published London Allen Lane 1971 **Los Angeles Architecture** James Steele, 1998-01-22 A penetrating study of the city's fascinating and seductive architectural scene **Looking for Los Angeles** Charles G. Salas, Michael S. Roth, 2001 In *Looking for Los Angeles* 12 contributors present their responses to the world's newest major city. A variety of perspectives and approaches are covered. The text balances the importance of place with the importance of culture. Los Angeles in the Thirties, 1931-1941 David Gebhard, Harriette Von Breton, 1989 Speed, mobility, freedom: these governed the aesthetics of the city of the future as it spread its arterials across the Southern California landscape. If ever a city and a decade seemed meant for each other, it was Los Angeles and the streamlined 30s. The gloom of the Depression did little to curb the dynamism of this optimistic, greedy, sprawling metropolis. The Hollywood dream machine mirrored the aspirations of millions of Americans: a single family home and yard, the independence of a private car on uncluttered streets and the latest household conveniences. And L.A.'s built environment reflected the dreams, realizing in fact what the film sets offered in fantasy, with imagery ranging from up-to-date recreations of popular period styles to the stripped classic monumentality of public buildings and on toward the future in the sleek Moderne of curved corners, fluidly bent neon and metal tubing and sculpted surfaces of stucco and glass brick. Attention is focused on the types of architectural imagery used in commercial, public and residential buildings. Page 4 of cover **Los Angeles Residential Architecture: Modernism Meets Eclecticism** Ruth Wallach, 2015 During the first half of the twentieth century, Los Angeles grew into a sprawling metropolis. As suburbs developed, demonstration homes and housing exhibitions brought innovative architectural and interior design styles. Displays like the California Home and Garden Exhibition showcased the latest in time-saving appliances, modern furniture and cutting edge building techniques meant to represent the future and ideals of Southern California living. Model and tract home exhibitions like those at Leimert Park inspired a new generation of homebuyers. Designed to house the masses, multi-family developments like the Zigzag Moderne style *Val d'Amour* were benchmarks for their time. Join author Ruth Wallach on a tour of the varied Modernist styles that give Los Angeles its distinct residential landscape. **Architecture in Los Angeles**, 1985 Los Angeles Reyner Banham, 1971-06 A pioneering architectural study of the seventy mile square city and the historical process which has made it unique as a human settlement. *Architecture in Los Angeles* David Gebhard, Robert Winter, 1985 The most comprehensive guide ever published to the man-made environment of Southern California. Contains hundreds of entries plus notes on city history, freeways, murals and historic preservation. Also a comprehensive bibliography, a photographic history of Los Angeles architecture and an unequalled style glossary. David Gebhard and Robert Winter deftly pilot the enthusiast through one of the richest architectural regions in the world. With perception, understanding and wit, the authors point out the classical monuments, the tacky copies, the sublime and the bizarre. They lead us to the famous buildings and through the backstreets and alleys to find
