case studies of his controversial analyses of the Gulf War of 9 11 and the Afghan and Iraq Wars and of his own appearance in the film The Matrix Considering also Baudrillard s discussion of cinema his theory and personal practice of photography and his critique of new media the book concludes with an evaluation of his place within media and communication studies and an argument for his importance for this field Students and scholars of the media and media theory in particular will welcome this clear and comprehensive study The Hat Holly Keller,2005 Pam and her friend Dan try to catch a wayward hat in this
