The Lost Kings Stephen Moser, 2024-08-07

The Lost Kings covers the period 16th-24th April 2021 It is a work of fiction based on a re-interpretation of historical facts relating to the Royal Blood of the descendants of Jesus known over the centuries as the sang real Holy Grail So in a sense it is a work of current historical fiction non-fiction spanning two millenia It opens with the immediate aftermath of the crucifixion of Jesus the direct descendant of King David and therefore the legitimate pretender to the throne of Israel as well as a Prophet of God The book finishes with the installation of his direct descendant as Pope Jesus II who after the passage of two millenia finally brings together the temporal and religious succession to both King David and Jesus Our hero is David Whitecastle He like Ian Fleming and his creation James Bond had a Scottish father and Swiss mother attended Fettes College in Edinburgh and was in a special unit of the armed forces David is an Oxbridge graduate who joined Jardine Matheson the Princely Hong immortalised both by its history as the most powerful foreign trading house in Asia and more recently through the novels of the late James Clavel whom I got to know and who initiated me into the dark art of story telling Through David the reader meets the larger than life but enigmatic Monseigneur Sobieski as well as the delightful Anna who turns out to be much more than just pleasing on the eye The cast includes the 82 year old Madame Fatin who longs to share a secret which has eluded even the most ardent seekers of the hidden truths of Rennes le Chateau Through her we meet the dyed in the wool but confused SS colonel whose uncle Adolf Hitler has entrusted him with a family lineage quest of his own She also reveals the secret identity and story of Marie who fathered twin sons whose offspring have the most legitimate claim to the throne of the Lost Kings Then our journey takes us to the corridors of power in Paris and Vienna which have consistently sought out adopted and used for their own ends the current representatives of the ancient bloodline of David The book begins with an apparently open and shut homicide in the Vatican But as the story unfolds it takes the reader on a truly secret and magical whirlwind tour of history the world and Mankind itself embracing the ancient Jewish Kingdom of Septimanie in southern France as well as the Visigoth Merovingian Carolingian and Habsburg dynasties It is also a truly inside look at the machinations from its inception of the Church of Rome and its rival factions through the eyes of some of the key people who have shaped European and world history politics and religion It transpires that there are two living descendants of the original undiluted bloodline whose existence has not been revealed even to those who considered themselves its custodians and protectors over the centuries The story culminates in a papal election where the two main contenders are unbeknownst to themselves the progeny of twin brothers and the current claimants to the most legitimate bloodline of the House of David The book finishes on an upbeat note It seems that the winds of change may finally be

beginning to blow away the ancient cobwebs which over the centuries have blighted even the most high minded of religious leaders and organisations and so in turn failed to fulfil what the average person expects and needs from them The book is intended to give readers a new refreshing but provocative interpretation of the evolution of our culture and civilisation and in the process stimulate the little grey cells and encourage each one of us to critically and conscientiously re appraise some of the supposedly self evident truths which we have taken for granted It is my hope that this will lead to greater awareness and understanding of ourselves and our place in things I also hope that this cocktail of light hearted banter unexpected love adventure mystery deceit and epicurean delights will also allow the reader to have fun in the process

The Lost King

Philippa Langley, Michael Jones, 2013-10-22 The official inside story of the discovery of the bones of Richard III now a major motion picture starring Sally Hawkins and Steve Coogan The mystery of who Richard III really was has fascinated historians readers and audiences familiar with Shakespeare's dastardly portrait of a hunchbacked monster of royalty for centuries In 2012 the remains of a man with a curving spine who possibly was killed in battle were discovered underneath the paving of a parking lot in Leicester England Philippa Langley head of The Richard III Society spurred on by the work of the historian Michael Jones led the team of who uncovered the remains certain that she had found the bones of the monarch When DNA verification later confirmed that the skeleton was indeed that of King Richard III the discovery ranks among the great stories of passionate intuition and perseverance against the odds The news of the discovery of Richard's remains has been widely reported by the British as well as worldwide and was front page news for both the New York Times and The Washington Post Many believe that now with King Richard III's skeleton in hand historians will finally begin to understand what happened to him following the Battle of Bosworth Field twenty miles or so from Leicester and ultimately to know whether he was the hateful unscrupulous monarch of Shakespeare's drama or a much more benevolent king interested in the common man Written in alternating chapters with Richard's 15th century life told by historian Michael Jones author of the critically acclaimed *Bosworth 1485* contrasting with the 21st century eyewitness account of the search and discovery of the body by Philippa Langley *The Lost King* will be both an extraordinary portrait of the last Plantagenet monarch and the inspiring story of the archaeological dig that finally brings the real King Richard III into the light of day
