Christianity - A Weapon Of Ancient Rome Henry Davis,2018-10-06 A profound and controversial investigation of a complex theme the war that led to the fall of Jerusalem and the creation of the Christian religion The religious and political battle between the people of Judea and the Jewish and Roman aristocracies is presented in an unconventional narrative which investigates ancient evidence quotes from the work of respected authorities on the subject and states controversial opinions openly Its main conclusion is that the New Testament the new law was created by a powerful senatorial family called the Calpurnius Pisos who had the full support of their relatives the Herodian royal family the family of Herod the Great and the Flavian emperors with the Piso family hiding their name within the Koine Greek scriptures The result is a book that is both provocative and compelling Using valuable feedback from Cambridge and Oxford University professors Henry Davis explains why the supposed Jewish Historian Flavius Josephus never existed how the Book of Revelation presents the name of

the Piso family member who oversaw the creation of the Christian scripture and the reason the number 666 was changed to 616 Davis also explains the facts behind the personal and political reasons that led to the Roman and Jewish royal families creating a new religion and how the Piso family used the literary techniques of the aristocracy to insert their names into the scriptures I found his selection of evidence to be both interesting and compelling Creating Christianity A Weapon Of Ancient Rome is a thoughtful work of historical non fiction by author Henry Davis Anyone with a knowledge of the history of the Roman Empire knows that its conversion from a pagan belief system to widespread Christianity was a significant political and military move for the Empire as much as it was a religious decision and this book focuses on the specific details and clues as to how that really came about Davis searches for the real identity of the Christian Messiah and argues for a potentially Roman author of the modern New Testament one who had a view to creating a new religion for his own reasons as much as those of Rome Readers Favorite *The Commentary on the Long Lost Chapter of the Acts of the Apostles* ,

Controversies Quieted by the Sword Belinda B. Dickerson M.A.,2015-10-21 The author gives a diligent and careful investigation into the history and teachings of the Christian faith and church as they relate to poignant and timely contemporary controversies and issues facing modern day Christianity From questions about the role and place of women in the church and of the church itself to issues related to homosexuality and the nature of the spirit world the author provides a detailed and well refined study that should pique the curiosity of believers and help guide them towards God s true answers to these complex theological and doctrinal questions Inasmuch as Christ Peter Paul and the prophets taught in the simplicity in the Word some topics they taught were hard to understand or controversial to the traditional reader The purpose of this book is to shed light upon a few of those controversial subjects in hope of expounding unto the reader the way of God more perfectly *The Drama of the Lost Disciples* George Fiusdale Jowett,1963
