Lost Childhood:

Lost Childhood Kapil Dev, Dipendra Nath Das, Sangeetha Esther, 2020-11-26 Lost Childhood explores the everyday lives of street children in India. It presents insights on their life on the streets to provide a comprehensive understanding of why they are driven to extreme means of livelihoods. This volume inquires into the histories of street children and discusses their socio-economic and socio-demographic characteristics to provide a sense of their living conditions. It sheds light on the social injustice experienced by these children, their health and hygiene, and also looks at the insecurities faced by the children in their interactions with the society. Uses detailed field research data to highlight issues that affect the lives of street children such as education, gender discrimination, and their social networks. Suggests a way forward that would not only benefit street children but will also be of use to the community in understanding their lives, problems, and help explore this issue in further detail. The book will be useful to scholars and researchers of human geography, development studies, child development, urban poverty, and social justice. It will also be of interest to policymakers, social workers, and field workers who work with street children.

The Lost Childhood Yehuda Nir, 2007-04 The story of six years in the life of a Polish Jewish boy who, along with his mother and sister, survived World War II through cunning and guile.

The Lost Childhood: The Complete Memoir Yehuda Nir, 2007-04-01 This compelling memoir takes readers through the eyes of a child surviving World War II in Nazi-occupied Poland. As a nine-year-old, the author witnessed his father being herded into a truck never to be seen again. He, his mother, and sister fled to Warsaw to live in disguise as Catholics under the noses of the Nazi SS, constantly fearful of discovery and persecution. A sobering reminder of the personal toll of the Holocaust on Jews during World War II, this book is a harrowing portrait of one child's loss of innocence. This edition contains previously unpublished content from the original text.

My Lost Childhood Abraham Deng Ater, 2013 My Lost Childhood is a memoir describing immeasurable suffering the author went through in his early childhood. In the late 1980s, the Islamic government began to systematically torture and kill Southern Sudanese families, burn their villages, and enslave young boys and girls. As a result, an approximately as numbers are largely unknown, and only an estimate 27,000 plus boys from Southern tribes were forced to flee from their homes. Traveling naked and barefoot, they sought refuge in neighboring Fugnido, Ethiopia, where a few years later they were forced to flee yet another civil war. Returning to Sudan, the Islamic government forced them to travel for another five months, ultimately arriving in Kakuma, Kenya, after four years of unthinkable hardship and walking over thousands of miles, naked, barefoot, and ailing from starvation, dehydration, and diseases. Many boys perished along the way, and their numbers shrank into few thousands. Abraham Deng Ater, separated from his family in 1987, is one of approximately 3,800 boys now known as the Lost Boys of Sudan. He left Kakuma Refugee Camp in Kenya after several years of massive suffering and was granted refuge in the U.S. in 2001. Many Lost Boys, including Abraham, have since become U.S. citizens and have continued to pursue their education. Thousands more have also been granted refuge elsewhere and are scattered around the globe.

Lost—Childhood's End Henry Rex Greene, 2024-09-24 In 1961 when President John F Kennedy launched the U S effort to put rockets into space high school senior Max King became interested in the space race honoring JFK's presidency and lofty goals Max enters junior college but struggles at the beginning He meets Jan Rosing in his zoology class and it's love at first sight She dumps her fiancé for Max and they become study buddies One thing leads to another and the two transfer to UCLA in 1963 Max decides to join Jan as a pre med zoology major On November 22 1963 they hear of JFK's assassination on the radio at school and are heartbroken Like all of America they spend the weekend watching TV and witness Lee Harvey Oswald's murder in real time They connected their youthful idealism to Kennedy's promising Camelot presidency but move on with their studies The next year they are both accepted to medical school at UC CCM in downtown L A At the start of med school they move into a cottage in El Sereno which is where the author's previous book *The Bookmen* begins The 1960s was an idealistic time for America It also ushered in a profound loss of innocence for that generation *The Lost Children* Tara Zahra, 2015-03-23 During the Second World War an unprecedented number of families were torn apart As the Nazi empire crumbled millions roamed the continent in search of their loved ones *The Lost Children* tells the story of these families and of the struggle to determine their fate We see how the reconstruction of families quickly became synonymous with the survival of European civilization itself Even as Allied officials and humanitarian organizations proclaimed a new era of individualist and internationalist values Tara Zahra demonstrates that they defined the best interests of children in nationalist terms Sovereign nations and families were seen as the key to the psychological rehabilitation of traumatized individuals and the peace and stability of Europe Based on original research in German French Czech Polish and American archives *The Lost Children* is a heartbreaking and mesmerizing story It brings together the histories of eastern and western Europe and traces the efforts of everyone from Jewish Holocaust survivors to German refugees from Communist officials to American social workers to rebuild the lives of displaced children It reveals that many seemingly timeless ideals of the family were actually conceived in the concentration camps orphanages and refugee camps of the Second World War and shows how the process of reconstruction shaped Cold War ideologies and ideas about childhood and national identity This riveting tale of families destroyed by war reverberates in the lost children of today's wars and in the compelling issues of international adoption human rights and humanitarianism and refugee policies **Cinema's Missing Children** Emma Wilson, 2003 Photographs of missing children are some of the most haunting images of contemporary Western society Wilson contends that the loss of a child is perceived as a limit experience in contemporary cinema where filmmakers attempt to transform their means of representation as a response to acute pain and horror She explores the representation of missing and endangered children in a number of the key films of the last decade including Kieslowski's *Three Colours* Blue Atom Egoyan's *Exotica* Todd Solondz's *Happiness* Jane Campion's *The Portrait of a Lady* Lars von Trier's *The Kingdom* and Almodovar's *All About My Mother* *Conflicts in Childhood* Miriam Damrow, Helen Hearn, 2019-07-22 This volume was first published by Inter Disciplinary

Press in 2014 Childhood is not merely a simple developmental stage prior to adulthood but rather a complex changeable concept that is of interest and debated by international scholars from diverse disciplinary fields One emerging debate is the perceived conflicts in childhood Some of these are from adults representations of children for example in literature law and education to the practical and relational conflicts children experience at school and at home between peers siblings and others This volume presents a collection of these conflicts in childhood from interdisciplinary perspectives Consideration is given to children s rights and freedom childhood relationships gender children s representation in media and policies and politics about children

Schubert's Goethe Settings LorraineByrne Bodley,2017-07-05 The traditional approach to the study of Goethe and Schubert is to place them in opposition to one another both in terms of their life experiences and in relation to the nineteenth century Lied In her introduction to this book Lorraine Byrne examines the myths that have evolved around these artists and challenges the view that Goethe was unmusical and conservative in his musical tastes She also considers Schubert s life in relation to his obvious affinity with the poet and links the composer s Goethe settings with the poet s perception of the Lied Goethe judged the success of a setting by whether the meaning of the text had been realised in musical form In his Goethe settings Schubert translates the poet s meaning into musical terms and his rendition attains the classical unity of words and music that Goethe sought The core of this volume is the series of individual analyses of all of Schubert s solo dramatic and multi voice settings of Goethe texts These explore in detail both the literary and the musical dimensions of each work and Schubert s reading and interpretation of Goethe s writings This is the first study in English to treat both artists with equal attention and insight This together with its encyclopaedic coverage of this important corpus of works makes this volume an essential reference tool for all those who study Schubert and Goethe
