Antarctica and The Lost Civilization M.G. Hawking, Jenna Wolfe, Ph.D., 2025-08-23

Explore Evidence of a Lost Civilization on the Antarctic Continent. For decades, the archaeological community labored under the theory that human civilization began only following the last Ice Age. Contemporary discoveries have dramatically undermined that conjecture. Archaeology now reconstructs an unsuspected antiquity of man and paints a canvas of stunningly mysterious dimensions. Previous academic accounts of the origins of civilization have fallen forfeit to evidence from archaeological sites worldwide, including Thebes c. 37,900 BC, Edfu c. 18,000 BC, Turkey c. 12,000 BC, Bolivia c. 15,000 BC, Indonesia c. 22,000 BC, and most intriguingly in Antarctica. To explore these remarkable finds and their implications, the explorations in this book are organized as follows:

- Part I: The Ancient Civilizations. Provides archaeological background and information regarding the pre-Younger Dryas Boundary event, civilizations 10,770 BC or earlier, and examines the ancient traditions and extant evidence of the accomplishments of the currently known ancient cultures.
- Part II: A Very Ancient City in Antarctica. Provides a detailed account of the satellite imaging evidence for the remains of an extensive Paleocene civilization existing under the ice of Antarctica, including intelligently made structures resembling some sort of pyramidal and rectangular buildings. Also examines the ice core-derived isotopic record from the Paleogene and Neogene geologic periods, indicating that the infrastructure of an advanced civilization existed on the Antarctic continent approximately 55.5 million years ago and may have been inhabited for 300,000 or more years.
- Part III: Our Cosmos. An overview of our incredible universe, including recent astronomical discoveries, e.g., that the number of galaxies in the observable universe is more than ten trillion and that our galaxy as a whole may contain over 40 billion earth-like terrestrial planets.
- Parts IV-V: Bonus Anthology Section. Secrets of the Ancient Civilizations Anthology of related material revealing the profound knowledge and esoteric powers possessed by the cultures of ancient civilizations, including prehistoric Egypt and the 4000-year-old kingdom of Zhang Zhung on the Qinghai-Tibet Plateau. We invite you to explore amazing discoveries and knowledge that for long millennia has remained concealed under layers of legend, myth, and secrecy. An incomparable book for anyone interested in the realities behind the ubiquitous legends of antediluvian civilizations and the possibility of ancient extraterrestrial influences.
