Lost Twin:

The Missing Twin Rita Herron, 2011-06-07 Detective Caleb Walker had taken on some tough cases for Guardian Angel Investigations but when Madelyn Andrews came to him claiming that her five year old daughter was able to communicate with her twin sister who d never made it home from the hospital Caleb was skeptical One glimpse at the beautiful single mother though and he couldn t walk away Now as he looked into what had really happened when Madelyn went into labor suspicious details were uncovered Details that prompted Madelyn to cling to him as pain consumed her And the deeper he dug the more invested Caleb became in their tiny family in their safety when danger penetrated their lives and in their salvation when he promised to bring a little girl home

The Lost Twin D.W. Harper, 2015-02-01 The saga continues as twins Kayla and Layla deal with the unexpected suicide of their mother Alice Her many years of lies and deception have torn apart their once devoted family and she has left behind the twins to deal with her trail of destruction It is a long and difficult year for the girls Their efforts to unburden their family and mend the outfall of distrust prove futile and they soon find themselves struggling with their devotion towards one another As the special twin bond between the sisters is ripped apart Layla feels compelled to do something desperate to stop that from happening

The Twin Enigma Vivienne Lewin, 2018-05-08 The book offers a unique in depth understanding of the twin relationship and the way in which twin development is affected by our attitudes to twins and our enduring fascination with them It explores our historical fascination with this subject and the origins of this excitement how our perceptions of twins reflect our own longing for a perfect soul mate and the effect this personal projection has on the development in twins It is a book written with the general reader in mind rather than experts Twins share a deep psychic bond that forms the core of their twinship but they are never identical Many factors will affect their development including the early mutual resonances and sensate experiences between them and parental and societal attitudes in raising them

Diary of a Lone Twin David Loftus, 2019-09-05 A heart rending memoir of love loss and the unique relationship twins share More than thirty years ago David Loftus s cherished identical twin John passed away Ever since a day hasn t passed without David feeling the loss In 1987 after recovering from a brain tumour John contracted meningitis and found himself back in hospital for treatment David as always was by his side They were opening their twenty fourth birthday presents when a fatally miscalculated routine injection forced John into a coma He died within two weeks Over the past year David has spent an hour every day remembering John and recording his story by hand *Diary of a Lone Twin* is the product of that daily ritual a powerful and deeply personal account that covers everything from enchanting and charmingly evoked childhood vignettes to the acute loneliness and raw pain that followed John s death In sharing this beautifully written diary award winning and internationally acclaimed photographer David Loftus provides a rare insight for anyone who wishes to understand the bond between identical twins and the unique bereavement of a lone twin that few people will ever experience

Science and Literature in Cormac McCarthy's Expanding Worlds Bryan Giemza,2023-05-04 Bryan Giemza challenges the myth of the solitary genius both in scientific and humanistic endeavors and demonstrates how Cormac McCarthy is the exceptional figure whose work allows and encourages us to interrogate the marriage of the sciences and humanities Drawing from previously unsurfaced archival connections as well as a range of primary sources and interview subjects including those close to McCarthy Giemza places McCarthy s work within contemporary scientific discourse and literary criticism Timely and innovative in both content and structure the volume includes a biographical examination of the writer s love of science and the path that led him to the Santa Fe Institute and offers a rare look behind its closed doors The book probes the STEM subjects with chapters focused on technology engineering and math within and throughout McCarthy s fictional universe and biography The final chapter explores McCarthy s friendship with Guy Davenport and their shared interest in creating a unified aesthetic theory alongside McCarthy s essays and most recent literary projects The Passenger and Stella Maris In arguing that science and art are connected by aesthetics Giemza confirms the profound truth of McCarthy s unwavering belief that There s a beauty to science and a language of human understanding that transcends words

Entwined Lives Nancy Segal,2000-04-01 Twins are nature s living laboratories Through them we are able to uncover new information concerning the genetic and environmental factors affecting who we are Studies using identical and fraternal twins hold the keys to understanding our intellectual abilities personality traits social attitudes and behavior In Entwined Lives Dr Nancy Segal brings together cutting edge information with illustrative case histories of twins and their families In addition to the fascinating stories of identical twins reared apart and reunited as adults Dr Segal provides insights into the unusual language patterns of twins how twin studies affect legal decisions the role of fertility treatments in twin and twinlike conceptions and more This groundbreaking book explores the ways in which twins enhance our knowledge of human behavioral and physical development while shedding new light on the nature nurture debate and on the burgeoning field of evolutionary psychology

WOOD YOU BELIEVE FR. JIM COGLEY,2014-04-22 What we don t know can still deeply affect us This book contains groundbreaking material that expands the horizons of self awareness For many people it has implications that are enormous and far reaching It is a medical fact that more than one in eight people began their journey into life not on their own They had a wombtwin or were part of a multiple pregnancy It is a medical fact that for every set of twins born at least one in five

were triplets There is ever increasing evidence that the memory of this early loss can be carried through life as a form of psychological trauma that has previously been unrecognized and usually misdiagnosed The symptoms of having experienced loss in the womb or shortly after include A sadness and sense of loss that persists A loneliness that eats into the bones A difficulty with close relationships A burden of guilt that is irrational A black hole that nothing can fill A tendency towards isolation A creativity that is stunted A difficulty with letting go A search that is endless A depressive mentality A restlessness of spirit A poor sense of self Whether the twin loss took place during the first few months in the latter stages of the pregnancy during or after birth the symptoms seem to vary very little Could this be you or someone that you know If so this book could shed light on the mysterious world of what it s like to be a wombtwin survivor and point the way towards healing and recovery Here are the stories of so many who discovered the key to the mystery that had plagued them all their lives Written in language that is easily understood the steps towards identification and resolution are clearly outlined Here is a book that could truly change your life It could be the most important book you will ever read **Twins, Triplets, and More** Elizabeth M. Bryan,1998-12-15 Twins and higher multiple births bring parents unique joys and unique challenges Dr Elizabeth Bryan founder of the Multiple Births Foundation addresses everything the parents of multiple births need to know from conception to adulthood For example The real difference among fraternal identical and half identical siblings Naming resisting the John and Jane urge Twin languages and their effect on speech development Treating multiples equally without homogenizing them How to ask for and manage help all parents of multiples need it Separation and independence getting the right mix The increased use of fertility drugs combined with the trend toward later motherhood has made multiple births more common than ever In frank but reassuring language Dr Bryan guides parents through the inimitable journey of parenting twins triplets and more Hidden Twins Olivia Lousada,2018-03-26 This book finds itself being part of the rising tide of interest and investigation into the nature of relationship experience for siblings same sex twins and opposite sex twins It illuminates adult opposite sex twinship that has been undervalued and even hidden *Reclaiming Your Inner Child* Nina Mongendre,2025-06-10 A quest to make peace with your past release the burdens you carry for your ancestry and embrace the gifts of the present How we treat our inner child reflects on every aspect of our lives It is the foundation of our habits and of our self worth When we deny reject or criticize our own innocence and vulnerability we hinder our capacity for authenticity and connection We are desperate for a semblance of control because we felt powerless as a child and we attempt to protect ourselves by directing arrows of judgment criticism and negativity towards ourselves and others Political hatred discrimination and crime can all be traced to childhood wounding These harmful behaviors along with depression anxiety and self doubt are the inner child s desperate call for help Our younger selves are still trying to get their needs met and it is now our responsibility to meet these needs Nobody else can Until we meet our own needs we blame our parents our partners and the world We are stuck in a triangle of disempowerment in which only three roles are available victim villain and rescuer We

cycle through all three of these roles depending on the circumstance In each one of these roles we are looking for self worth outside ourselves and feel resentful and powerless This book teaches us how to step out of this triangle and the layers of story we have been telling ourselves becoming our own guide on an epic inner quest It is an invitation to write a new story to finally meet our needs and take full responsibility for our lives To do this we step outside of linear time and journey back to significant moments of our childhood bringing our adult self along with all of our acquired life experience to offer the support that was needed at the time

MacDonald, 2012-12-06 Examines the importance of evolutionary biology for key issues in human development Illustrates the power of socio biological approaches in understanding developmental phenomena and their importance in generating new empirically verifiable predictions Laws of Inheritance Elizabeth Brodersen, 2015-08-14 Instilled in interdisciplinary cross cultural perspectives of mythical socio economic literary pedagogic and psychoanalytic representations two archetypal creative inheritance laws interact as twins Eros fusion containment safety and Thanatos division separation risk Hypothesising these twin laws as matrilineal Eros and patrilineal Thanatos this book explores why cross cultural forms including gender traits are not fixed but are instead influenced by earlier flexible matrilineal forms Through a study of twins on macro and micro levels Elizabeth Brodersen argues that a psychological twin dilemma is implicit in inheritance laws and offers a unique forum to show how each law competes for primacy as the first and other Chapters begin by looking at twins in creation myths and the historical background to the laws of inheritance as well as literary representations The book then moves on to the developmental structures imbued in twin research and educational systems to explore how past cultural forms have been re defined to fit a modern landscape and the subsequent movement away from the importance of patrilineal primogeniture Laws of Inheritance will be of key value to academics researchers and postgraduate students in the fields of psychoanalysis psychotherapy archetypal theory cross cultural depth psychology cultural anthropology sociology gender studies and twin research The book will also be of interest to practicing psychoanalysts and psychotherapists **The living twin** Peter Bourquin, Carmen Cortés, 2024-06-11 Did you know that many people who are born as a single child began life accompanied by a brother or sister that died during pregnancy and vanished leaving no trace whatsoever And did you know that the frequency which this occurs is amazingly high It is a well known fact verified by science for some decades now that a

10% of babies who are born started their life as a part of a twin pregnancy and then lost their sibling during the first months of gestation This phenomenon had remained purely statistical until quite recently Only in the last few years has psychology started to become interested in the effects that this experience may have on the surviving twin What might the consequences be of spending the first weeks or months of one's life with a twin in utero but then to suffer their loss and be born alone How can person process and assimilate this primary experience when frequently it is ignored and relegated to the unconscious levels of our self The answers to these and other questions constitute the core of this book which also includes around fifty testimonies that enable us to listen firsthand to the multiple manifestations that result from the experience of being a lone twin

Alone in the Mirror Barbara Klein, 2012-05-04 Alone in the Mirror Twins in Therapy chronicles the triumphs and struggles of twins as they separate from one another and find their individuality in a world of non twins The text is grounded in issues of attachment and intimacy and is highlighted by Dr Barbara Klein's scholarly research clinical experiences with twins in therapy and her own identity struggles as a twin all of which allow her to present insights into the rare complicated and misunderstood twin identity She presents psychologically focused real life histories which demonstrate how childhood experiences shape the twin attachment and individual development and she describes implications for twins in therapy their therapists and parents of twins Unique to this book are effective therapeutic practices developed specifically for twins and designed to raise the consciousness of parents as well Readers will find these practices and the insights within invaluable whether they use them to communicate with twin patients family members or if they are part of a twinship themselves

Lost Twin: Bestsellers in 2023 The year 2023 has witnessed a noteworthy surge in literary brilliance, with numerous compelling novels captivating the hearts of readers worldwide. Lets delve into the realm of bestselling books, exploring the captivating narratives that have captivated audiences this year. Lost Twin : Colleen Hoovers "It Ends with Us" This touching tale of love, loss, and resilience has captivated readers with its raw and emotional exploration of domestic abuse. Hoover skillfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can triumph. Lost Twin : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This spellbinding historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids absorbing storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Discover the Magic : Delia Owens "Where the Crawdads Sing" This evocative coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens crafts a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These bestselling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of captivating stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a masterful and gripping novel that will keep you guessing until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.
