Lost World Of The Great Spas:

The Lost World of the Great Spas Joseph Wechsberg, Ruth Brandon, 1979 Takes an evocative look at the great spas of Europe and America past and present exploring their histories and telling the stories of the famous people The Grand Spas of Central Europe David Clay Large, 2015-10-08 The Grand Spas of Central Europe leads readers on an irresistible tour through the grand spa towns of Central Europe famed places like Baden Baden Bad Ems Bad Gastein Karlsbad and Marienbad Noted historian David Clay Large follows the grand spa story from Greco Roman antiquity to the present focusing especially on the years between the French Revolution and World War II a period in which the major Central European Kurorte cure towns reached their peak of influence and then slipped into decline Written with verve and affection the book explores the grand spa towns which in their prime were an equivalent of today's major medical centers rehab retreats golf resorts conference complexes fashion shows music festivals and sexual hideaways all rolled into one Conventional medicine being quite primitive through most of this era people went to the spas in hopes of curing everything from cancer to gout But often as not curists also went to play to be entertained and to socialize In their heyday the grand spas were hotbeds of cultural creativity true meccas of the arts High level politics was another grand spa specialty with statesmen descending on the Kurorte to negotiate treaties craft alliances and plan wars This military scheming was just one aspect of a darker side to the grand spa story one rife with nationalistic rivalries ethnic hatred and racial prejudice The grand spas it turns out were microcosms of changing sociopolitical realities not at all the timeless oases of harmony they often claimed to be The Grand Spas of Central Europe holds up a gilt framed but clear eyed mirror to the ever changing face of European society dimples warts and all **The Mechanics of Internationalism** Martin H. Geyer, Johannes Paulmann, 2001 This collection of essays traces the origins of modern internationalism and the emergence of global society in the nineteenth century It offers a fresh approach to the study of international history by looking at the structural prerequisites of the thriving internationalism before the First World War British Spas from 1815 to the Present Phyllis May Hembry, 1997 Phyllis Hembry author of The English Spa 1560 to 1815 wrote about the origins and development of the spas and their flowering in the eighteenth century Her book deals not only with their healing and recreational aspects but also with their status as political religious social and economic gathering places Hembry had intended to produce a second volume taking the story further but died before being able to do so She had gathered a considerable amount of material and written several draft chapters for this volume Dr and Mrs Cowie have made use of this revising and supplementing Hembry's text to create a study that continues to the present time and is extended to include Welsh Scottish and Irish spas as well **On Sunset Boulevard** Ed Sikov, 2017-06-14 On Sunset Boulevard originally published in 1998 describes the life of acclaimed filmmaker Billy Wilder 1906-2002 director of such classics as Sunset Boulevard The Lost Weekend The Seven Year Itch and Sabrina This definitive biography takes the reader on a fast paced journey from Billy Wilder's birth outside of Krakow in 1906 to Vienna where he grew up to Berlin

where he moved as a young man while establishing himself as a journalist and screenwriter and triumphantly to Hollywood where he became as successful a director as there ever was Double Indemnity Sunset Boulevard Some Like It Hot and The Apartment Wilder's cinematic legacy is unparalleled Not only did he direct these classics and twenty one other films he co wrote all of his own screenplays Volatile cynical hilarious and driven Wilder arrived in Hollywood an all but penniless refugee who spoke no English Ten years later he was calling his own shots and he stayed on top of the game for the next three decades Wilder battled with Humphrey Bogart Marilyn Monroe Bing Crosby and Peter Sellers kept close friendships with William Holden Audrey Hepburn Jack Lemmon and Walter Matthau amassed a personal fortune by way of blockbuster films and shrewd investments in art including Picassos Klees and Mir's and won Oscars yet Wilder ever conscious of his thick accent always felt the sting of being an outsider On Sunset Boulevard traces the course of a turbulent but fabulous life both behind the scenes and on the scene from Viennese cafes and Berlin dance halls in the twenties to the Hollywood soundstages of the forties and the on location shoots of the fifties and sixties Crammed with Wilder's own caustic wit On Sunset Boulevard reels out the story of one of cinema's most brilliant and prolific talents *Music in 1853* Hugh Macdonald, 2012 No one composer is at the centre of this fascinating story but a larger picture emerges of a shift in musical scenery from the world of the innocent Romanticism of Berlioz and Schumann to the more potent musical politics of Wagner and of his antidote as many saw him Brahms Healing Waters Loring Bullard, 2004 Missouri's mineral springs and resorts played a vital role in the social and economic development of the state In Healing Waters Loring Bullard delves into the long history of these springs and spas concentrating particularly on the use and development of the mineral springs from 1800 to about the 1930s During this period there were at least eighty sites in the state that could be described as resorts Because so many people were drawn to the springs by their faith in the healing virtues of the springwater towns were frequently founded at the mineral springs These places fought hard to capture the attention of Missourians who were seeking better health relaxation or good times in the late 1800s and early 1900s Bullard first examines the development of mineral water resorts in Europe from ancient times early spa traditions in America and Missouri's frontier spas He then discusses the establishment of saltworks at the state's saline springs and the importance of the early salt trade the brisk business that grew around the bottling of mineral waters the use and development of mineralized groundwater resources the geologic and biologic factors that create Missouri's mineral waters and public and professional belief in the curative values of mineral waters Healing Waters also traces the demise of Missouri's mineral water resorts and towns Well into the twentieth century when modern medicine had seemingly taken hold many physicians and scientists continued to proclaim the medicinal virtues of mineral waters However by the second quarter of the twentieth century medical science and popular opinion had discounted the immediate medical usefulness of mineral waters As advances were made in microbiology and biochemistry and with the inherent promise of drug cures orthodox medicine began to turn a cold shoulder on mineral water treatments Spa treatments

with their long regimens also did not fit well with the increasingly fast paced lifestyles of the public By visiting the sites gathering local historical accounts interviewing local citizens and photographing remaining artifacts Bullard has done a masterful job in providing the answers to why these vibrant social centers came to be and why they faded **Notable Americans of Czechoslovak Ancestry in Arts and Letters and in Education** Miloslav Rechcigl Jr.,2021-11-02 As pointed out in my last two publications no comprehensive study has been undertaken about the American Learned Men and Women with Czechoslovak roots The aim of this work is to correct this glaring deficiency with the focus on immigration from the period of mass migration and beyond irrespective whether they were born in their European ancestral homes or whether they have descended from them Whereas in the two mentioned monographs the emphasis has been on scholars and social and natural scientists and men and women in medicine applied sciences and engineering respectively the present compendium deals with notable Americans of Czechoslovak ancestry in arts and letters and in education With respect to women although most professional fields were closed to them through much of the nineteenth century the area of arts and letters was opened to them as noted earlier and as this compendium authenticates **British Images of Germany** R. Miloslav Rechcigl Jr.,2017-11-09 This is a comprehensive history of immigrants from the historic lands of the Bohemian Crown and its successor states including Czechoslovakia and the Czech Republic based on the painstaking lifetime research

of the author The reader will find lots of new information in this book that is not available elsewhere The title of the book comes from a popular song of the famous Czech artistic duo Voskovec and Werich who described America in those words when they lived here reflecting on their love for this country It covers the period starting soon after the discovery of the New World to date The emphasis is on the US although Canada and Latin America are also covered It covers the arrival and the settlement of the immigrants in various states and regions of America their harsh beginnings the establishment of their communities and their organization A separate section is devoted to the contributions of notable individuals in different areas of human endeavor including Bohemians Moravians Bohemian Jews and the Slovaks These people excelled in just about every facet of human undertaking Even though a total number of these immigrants were fewer than other ethnic groups their accomplishments were phenomenal Nothing like this has ever been published since the time Thomas Capek wrote his classic *The Cechs Bohemians in America* some one hundred years ago *Water Music* Ian C. Bradley, 2010 Many of the most famous composers in classical music spent considerable periods in spa towns whether taking in the waters or searching for patrons among the rich and influential clientele who frequented these pioneer resorts or soaking up the relaxing and decadent ambience of these enchanted and magical places At Baden bei Wein Mozart wrote his Ave Verum Corpus and Beethoven sketched out his Ninth Symphony Johannes Brahms spent 17 summers in Baden Baden where he stayed in his own specially built composing cavern and consorted with Clara Schumann Berlioz came to conduct in Baden Baden for nine seasons writing his last major work *Beatrice and Benedict* for the town's casino manager Chopin Liszt and Dvorak were each regular visitors to Carlsbad and Marienbad And it was in Carlsbad that Beethoven met Goethe Concerts recitals and resident orchestras have themselves played a major role in the therapeutic regimes and the social and cultural life of European and North American watering places since the late eighteenth century To this day these spa towns continue to host major music festivals of the highest caliber drawing musicians and loyal audiences on both local and international levels This book explores the music making that went on in the spas and watering places in Europe and the United States during their heyday between the early eighteenth and the mid twentieth centuries Music was a hugely important part of the experience of taking a spa cure Bands played during the early morning and late afternoon while people took the waters and bathed Spa orchestras and ensembles entertained those gathering socially or resting in assembly rooms pump rooms and in gardens and parks In the evenings spa guests enjoyed concerts visits to the theatre balls dances and gambling sessions at the casino at all of which music played a major role Expert author Ian Bradley draws on original archival material and the diaries and letters of composers His book ranges chronologically and geographically beginning with Bath and Baden near Vienna which both flourished in the eighteenth century continuing through Baden Baden the Bohemian spas and Bad Ischl in the nineteenth century and on to Buxton and Saratoga Springs which saw their glory days in the early twentieth century A concluding chapter brings the subject up to date with a review of the musical activities taking place in spa towns today and of the music

that accompanies treatments in modern spas now so ubiquitous and so important and growing a feature in the booming world of leisure tourism health and well being

New Directions in Urban History Peter Borsay, Ruth-Elisabeth Mohrmann, Gunther Hirschfelder, **Selling Places** Stephen Ward, 2005-10-09 Selling Places explores the fascinating development of the place marketing and promotion over the last 150 years drawing on examples from Northern America Britain and continental Europe The processes involved and the promotional imagery employed are meticulously presented and richly illustrated

English Modernism, National Identity and the Germans, 1890-1950 Petra Rau, 2016-05-13 This is the first systematic study to trace the way representations of Germanness in modernist British literature from 1890 to 1950 contributed to the development of English identity Petra Rau examines the shift in attitudes towards Germany and Germans from suspicious competitiveness in the late Victorian period to the aggressive hostility of the First World War and the curious inconsistencies of the 1930s and 1940s These shifts were no simple response to political change but the result of an anxious negotiation of modernity in which specific aspects of Englishness were projected onto representations of Germans and Germany in English literature and culture While this incisive argument clarifies and deepens our understanding of cultural and national politics in the first half of the twentieth century it also complicates current debates surrounding race and otherness in cultural studies Authors discussed include major figures such as Conrad Woolf Lawrence Ford Forster and Bowen as well as popular or less familiar writers such as Saki Graham Greene and Stevie Smith Accessibly written and convincingly argued Rau s study will not only be an important book for scholars but will serve as a valuable guide to undergraduates working in modernism literary history and European cultural relations
