Many-Splendored HAN SUYIN,1952 *Partners in God's Love* John Davey,2007-04 Written by a retired missionary in the form of a daily devotional this book combines a lifetime of personal experiences with biblical principles It covers topics such as patriotic love brotherly love love calling children home love among the ruins and self love Practical Life *My Hong Kong* Malcolm Jack,2022-07-29 How was Hong Kong perceived and described by writers from the 1950s during the last colonial period Was it a British city or was it Chinese The writers show how different life was for ex pats ensconced on the Peak and leading a glitzy lifestyle compared to refugees who came pouring into the colony from mainland China and lived in dire poverty in squatter camps Find out if that East and West ever mingled in *My Hong Kong* **Life Mapping as Cultural Legacy** I-Chun Wang,Mary Theis,2021-01-15 This volume celebrates a fascinating variety of nonfiction known as life writing This genre resonates quintessentially with the core of the humanities in its profoundly individual ways of fusing narrators with their narrative subjects The book brings together scholars from around the world to explore the personal mapping of such narrators in the context of their cultural legacies The hybrid fusions themselves form several subgenres that complement each other as they affirm human dignity and values and our need for human connection felt at all times but

especially during times of globally met threats The ever expanding forms of hybridography here along with testimonies diaries letters and journals bear witness to how individuals have contrived to overcome their own traumatic sources of pain and suffering to discover joy and how to further map their pathways forward The narratives not only communicate important information and aesthetic beauty needed to prolong troubled lives due to social anxiety or mental illness but also challenge sociocultural issues involving stigma migration racial discrimination and persecution human trafficking and ecological concerns Global in scope personal in focus and historically and culturally contextualized the analyses provided here once again illustrate how much we have to learn from each other

Carroll, 2016-08-01 The Cold War was a distinct and crucial period in Hong Kong's evolution and in its relations with China and the rest of the world Hong Kong was a window through which the West could monitor what was happening in China and an outlet that China could use to keep in touch with the outside world Exploring the many complexities of Cold War politics

from a global and interdisciplinary perspective Hong Kong in the Cold War shows how Hong Kong attained and honed a pragmatic tradition that bridged the abyss between such opposite ideas as capitalism and communism thus maintaining a compromise between China and the rest of the world The chapters are written by nine leading international scholars and address issues of diplomacy and politics finance and economics intelligence and propaganda refugees and humanitarianism tourism and popular culture and their lasting impact on Hong Kong Far from simply describing a historical period these essays show that Hong Kong's unique Cold War experience may provide a viable blueprint for modern day China to develop a similar model of good governance and may in fact hold the key to the successful implementation of the One Country Two Systems idea This is a timely collection of essays on the role of Hong Kong in a global context and its multifaceted relationship with mainland China It is emerging at a particularly appropriate moment when the local community has been provoked to reflect on its common fate under the notion of one country two systems Ray Yep City University of Hong Kong Hong Kong the Berlin of the East was transformed by the Cold War an existential conflict between capitalism and communism Consequently this fine volume is a must read for political cultural and economic historians of Hong Kong International historians should also add this collection of essays and cutting edge empirical studies to their reading lists it will enrich their understandings of the Global Cold War David Clayton University of York *EATING BITTER* Maria Tippet, 2010-08-16 *Eating Bitter* a Chinese American Saga is a richly textured biography charting the long lives of Paul and Sonia Ho It is about survival of the Sino Japanese War the Japanese occupation of Taiwan the Communist Revolution and the prejudices the family encountered as immigrants to the United States It is about memory and conflicting memories *Eating Bitter* is above all an American success story It was Paul and Sonia's eldest son David whose groundbreaking work on AIDS made him Time Magazine's Person of the Year in 1996 and a few years later won him the Presidential Citizens Medal

Western Perspectives On The People's Republic Of China: Politics, Economy And Society Colin Mackerras, 2015-03-05 How have Westerners seen the People's Republic of China over the years The question raises many important issues which this book aims to present analyze and explain The basic conclusion is that Western perspectives are somewhat more complex than simply viewing China's realities Involved also are politics and power relations trends in journalism and scholarship as well as individual and group personalities and psychologies Based on extensive personal experiences in China dating back to 1964 and wide ranging travel in Tibet and ethnic regions since the 1980s the author attempts to distinguish trends in different Western countries However most of the material will concern the United States which has been the dominant contributor to Western perspectives during the whole period of concern to this book The perspectives are taken up by topic including politics economy society and ethnic minorities Inherent in each topic is the way cultures see and react towards each other Images and perspectives can affect policy and have done so many times in the past which adds to the importance of this book It also takes up questions of the sources of Western perspectives both in terms of direct sources such as

newspapers television or the internet and deeper ones such as social values and temperament **Wuhan** John Fletcher, 2021-07-22 A multi stranded historical epic set in China in 1937 when Wuhan stood alone against a whirlwind of war and violence Fletcher impresses in this searing debut Fletcher makes all his characters realistic even if they only appear briefly and excels at portraying the horrors of war and the moral challenges it poses Fans of J G Ballard s Empire of the Sun will be riveted Publishers Weekly Starred Review 1937 CHINA IS AT WAR Soldiers of the Empire of Japan sweep through the country killing and displacing the millions who stand in their way As vast swathes of the country fall to the invaders Wuhan an industrial city in the centre of China is appointed wartime capital While the rest of the world looks the other way the citizens of Wuhan stand alone against a whirlwind of violence transforming militarily educationally medically and culturally Their heroic efforts halted the Japanese Weaving together a multitude of narratives Wuhan is a historical fiction epic that pulls no punches the heart in mouth tale of a peasant family forced onto a thousand mile refugee death march the story of Lao She China s greatest writer leaving his family in a war zone to assist with the propaganda effort in Wuhan the hellish battlefields of the Sino Japanese war the approaching global conflict seen through a host of colourful characters from Chiang Kai Shek China s nationalist leader to Peter Fleming a British journalist based in Wuhan and the prototype for his younger brother Ian Fleming s James Bond
